In fact they may feel that they are an antithesis of their zodiac sign. You may also have observed it. Your Leo friend may not seek attention, may be because he or she has a Capricorn ascendant. Your Sagittarius friend is very possessive, may be because he or she has a Scorpio Ascendant. It is easy to understand why some people do not correspond to their Sun or Moon signs once you know about what is the rising sign or Ascendant in a horoscope. Ascendant is the degree of the zodiac sign that was highest on the Eastern horizon at the time and place of birth. When seen from Earth, the sky seems to move so the entire zodiac can be observed in a span of 24 hours, day which means the rising sign changes on the Eastern horizon every 2 hours because there are 12 zodiac signs. People tend to associate their physical, emotional, and spiritual attributes more with rising sign at times **Southern and Western Literary Messenger and Review**, 1856 **Bulletin**, 1908 **The Large Catechism of Dr. Martin Luther, 1529** Kirsi I. Stjerna, 2016-11-14 With great detail Kirsi I. Stjerna introduces and annotates Luther's Large Catechism which the reformer offered as a radical reorientation in the matters of theology and spirituality. After diagnosing what appeared to him as his church's failures to provide proper spiritual care, Luther set out to offer a new compass for religious life. The sweeping reforms he proposed took root primarily through preaching and education as people embraced the new vision and transmitted it to their children. He believed all Christian people, laity and clergy, needed a guide to comprehend the basic biblical, creedal, and sacramental teachings. The order with which Luther proceeds in the Large Catechism is deliberate with a distinct theological rationale: the Commandments express God's expectations, the Creed proclaims God's promise, the Lord's Prayer translates law and gospel into a personal discourse with God, and the sacraments offer tangible expressions of God's grace and signs to lean on in faith. This volume is excerpted from The Annotated Luther series, Volume 2. Each volume in the series contains extensive annotations, illustrations, and notes to help shed light on Luther's context and to interpret his writings for today **The Collected Works of Witness Lee, Letters and Gleanings, Volume 1** Witness Lee, 2022-02-08 The Collected Works of Witness Lee, Letters and Gleanings, volume 1, contains letters written by Brother Witness Lee from October 23, 1937, through October 15, 1994, and miscellaneous messages given from 1948 through 1964. Women's Voices, Women's Rights Alison Jeffries, 2021-11-28 Six key scholars present a feminist critique of the theory of human rights The title of this volume Womens Voices Womens Rights might be taken innocently to indicate its contents a set of lectures given by women on the rights of women on the failure to achieve those rights and on the reasons and remedies for those failures However it also implies that womens rights are not simply the extension to all members of the community of the agreed upon rights of men Is to speak in a woman s voice to speak in a different voice Each lecture explores the values of Western societies and the sources of the oppression of women within them while many also provide a political contribution to the argument over the international context in which womens status seems to be under constant threat The lectures rest on a shared commitment to the dignity humanity and unique individuality of each human persona tenet that underpins the human rights movement provides the moral impetus for feminism and indeed is the motivating force behind Amnesty International s campaigning on behalf of political prisoners world wide Ultimately the contributors show us that to speak from the perspective of women to adopt a woman s voice is to enrich our understanding of the rights of all
