The Memoirs of Marshal Foch Ferdinand Foch,1931      *Marshal Ferdinand Foch, His Life and His Theory of Modern War* Andrew Hilliard Atteridge,1919      Marshal Ferdinand Foch A. Hilliard Atteridge,2015-06-26 Excerpt from Marshal Ferdinand Foch His Life and His Theory of Modern War Ferdinand Foch Marshal of France and Commander in Chief of the Allied Armies is one of the soldiers who have won a lasting place in the annals of war in the world wide conflict of our time Few among the war leaders have achieved such eminent distinction In this clash of armed nations with armies of millions in the field it has been exceptionally difficult for any man to win for himself world wide recognition as a master of war a recognition accepted not only by his own people but by their Allies not only by those he has led to victory but by those against whom he fought During the long war hundreds of good soldiers have found themselves in high command as leaders of army groups armies and army corps in the various theatres of war In the stern test of war under new and peculiarly exacting conditions some have lost the reputation acquired in earlier days A large number of generals on both sides have shown themselves thoroughly competent and resourceful leaders of men About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      **Foch** Raymond Recouly,1929      **Marshal Ferdinand Foch** Andrew Hilliard Atteridge,1918      **The Biography of the Late Marshal Foch** Sir George Aston,1929      *Foch, the Winner of the War* Raymond Recouly,2023-07-18 This biography of Marshal Ferdinand Foch the French military commander who led the Allied armies to victory in World War I is a fascinating account of one of the most important figures of the 20th century Recouly draws on a wide range of sources to provide a detailed and engaging portrait of Foch and his leadership style With vivid descriptions of battles and behind the scenes negotiations this book offers a compelling look at a key period in modern history This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant      **Marshal Ferdinand Foch, His Life and His Theory of Modern War** A Hilliard Atteridge,2018-03-03 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was

*International Cross Roads and Marshal Foch in America* Francis Ernest Drake,1926 **Marshal Foch Day, November 4, 1921** Indiana Historical Commission,1922 **Foch in Command** Elizabeth Greenhalgh,2011-08-04 Ferdinand Foch ended the First World War as Marshal of France and supreme commander of the Allied armies on the Western Front Foch in Command is a pioneering study of his contribution to the Allied victory Elizabeth Greenhalgh uses contemporary notebooks letters and documents from previously under studied archives to chart how the artillery officer who had never commanded troops in battle when the war began learned to fight the enemy to cope with difficult colleagues and allies and to manoeuvre through the political minefield of civil military relations She offers valuable insights into neglected questions the contribution of unified command to the Allied victory the role of a commander s general staff and the mechanisms of command at corps and army level She demonstrates how an energetic Foch developed war winning strategies for a modern industrial war and how political realities contributed to his losing the peace **Foch** Michael S. Neiberg,2003 Ferdinand Foch is the prototype of the twentieth century general Better than any other general of the First World War Foch came to understand how technology and modern alliance systems had changed the nature of warfare He is most famous for his role as Allied commander in chief in 1918 In this position unparalleled in the history of warfare Foch welded together the disparate war efforts of France Great Britain the United States Italy and Belgium Now fighting as a more coherent whole the Allies repulsed the German spring offensives of 1918 and returned to the attack themselves in the summer In this role Foch foreshadowed the similar roles played by other commanders of large coalitions such as Dwight Eisenhower in World War II and Norman Schwarzkopf in Desert Storm Foch s other important legacy is his public dispute with French prime minister Georges Clemenceau during the armistice and peace negotiations Foch argued strongly for the creation of Allied bridgeheads across the Rhine River to ensure that a less populous and less industrialized France could defeat a vengeful Germany in the future if necessary His public quarrels with Clemenceau who did not share Foch s opinion and did not care for his interference left the French Third Republic with a civil military crisis as menacing as the one with which it began World War I Foch s legacies are both positive and negative but he left a profound impact on the twentieth century Michael S Neiberg

masterfully analyzes this complex man and provides a solid overview of French political history against the fabric of the twentieth century's first industrialized war      Foch the Man Clara Elizabeth Laughlin, 1918      **FOCH THE MAN** CLARA E. LAUGHLIN,      **Marshal Foch** René Puaux, 1918      **Foch the Man** Clara E Laughlin, 2023-07-18 A comprehensive biography of Ferdinand Foch the French general who led the Allied forces to victory in World War I This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant      General Foch Robert Matteson Johnston, 1918      **General Foch, the Man of the Hour** Robert Matteson Johnston, 1918      *Marshal Foch Day ...
