Marangoly George, 2019-04-09 This book views domesticity through multiple frames and surveys the rhetoric and practices of domestication in contemporary cultures It also examines the consequences and costs of homemaking in various geographic and textual locations **The New Gilded Age** David Remnick, 2001-03-01 In keeping with its tradition of sending writers

out into America to take the pulse of our citizens and civilization The New Yorker over the past decade has reported on the

unprecedented economy and how it has changed the ways in which we live This new anthology collects the best of these profiles essays and articles which depict in the magazine's inimitable style the mega meta monster wealth created in this our new Gilded Age Who are the barons of the new economy Profiles of Martha Stewart by Joan Didion Bill Gates by Ken Auletta and Alan Greenspan by John Cassidy reveal the personal histories of our most influential citizens people who affect our daily lives even more than we know Who really understands the Web Malcolm Gladwell analyzes the economics of e commerce in Clicks and Mortar Profiles of two of the Internet's most respected analysts George Gilder and Mary Meeker expose the human factor in hot stocks declining issues and the instant fortunes created by an IPO And in The Kids in the Conference Room Nicholas Lemann meets McKinsey Company's business analysts the twenty two year olds hired to advise America's CEOs on the future of their business and the economy And what defines this new age one that was unimaginable even five years ago Susan Orlean hangs out with one of New York City's busiest real estate brokers I Want This Apartment A clicking stampede of Manolo Blahniks can be heard in Michael Specter's High Heel Heaven Tony Horwitz visits the little inn in the little town where moguls graze The Inn Crowd Meghan Daum flees her maxed out credit cards Brendan Gill lunches with Brooke Astor at the Metropolitan Club And Calvin Trillin in his masterly Marisa and Jeff portrays the young and fresh faces of greed Eras often begin gradually and end abruptly and the people who live through extraordinary periods of history do so unaware of the unique qualities of their time The flappers and tycoons of the 1920s thought the bootleg and the speculation would flow perpetually until October 1929 The shoulder pads and the junk bonds of the 1980s came to feel normal until October 1987 Read as a whole The New Gilded Age portrays America here today now an epoch so exuberant and flush and in thrall of risk that forecasts of its conclusion are dismissed as Luddite brays Yet under The New Yorker's examination our current day is exposed as a special time in history affluent and aggressive prosperous and peaceful wired and wild and ultimately finite

The Way Back F. H. Buckley, 2017-11-07 The promise of America is that with ambition and hard work anyone can rise to the top But now the promise has been broken and we've become an aristocracy where rich parents raise rich kids and poor parents raise poor kids We've been told that the changes are structural that there's nothing we can do about this But that doesn't explain why other First World countries are beating us hands down on the issue of mobility What's different about America is our politics An ostensibly progressive New Class of comfortably rich professionals media leaders and academics has shaped the contours of American politics and given us a country of fixed economic classes It is supported by the poorest of Americans who have little chance to rise an alliance of both ends against the middle that recalls the Red Tories of parliamentary countries Because they support an aristocracy the members of the New Class are Tories and because of their feigned concern for the poor they are Red Tories The Way Back explains the revolution in American politics where political insurgents have challenged the complacent establishment of both parties and shows how we can restore the promise of economic mobility and equality by pursuing socialist ends through capitalist means

Extreme Domesticity Susan Fraiman, 2017-01-10 Domesticity gets a bad rap We associate it with stasis bourgeois accumulation banality and conservative family values Yet in Extreme Domesticity Susan Fraiman reminds us that keeping house is just as likely to involve dislocation economic insecurity creative improvisation and queered notions of family Her book links terms often seen as antithetical domestic knowledge coinciding with female masculinity feminism and divorce domestic routines elaborated in the context of Victorian poverty twentieth century immigration and new millennial homelessness Far from being exclusively middle class domestic concerns are shown to be all the more urgent and ongoing when shelter is precarious Fraiman s reformulation frees domesticity from associations with conformity and sentimentality Ranging across periods and genres and diversifying the archive of domestic depictions Fraiman s readings include novels by Elizabeth Gaskell Sandra Cisneros Jamaica Kincaid Leslie Feinberg and Lois Ann Yamanaka Edith Wharton s classic decorating guide popular women s magazines and ethnographic studies of homeless subcultures Recognizing the labor and know how needed to produce the space we call home Extreme Domesticity vindicates domestic practices and appreciates their centrality to everyday life At the same time it remains well aware of domesticity s dark side Neither a romance of artisanal housewifery nor an apology for conservative notions of home Extreme Domesticity stresses the heterogeneity of households and probes the multiplicity of domestic meanings
