entertaining that characterized the beloved home of the nation's principal founding father. Compelling accounts, historic artwork and images of gardens, table settings, prepared food and objects from the Mount Vernon collection blend to shed fresh light on the daily lives of George and Martha Washington on their ceaseless stream of household guests and those who served them, and on the ways food and drink reflected the culture of eighteenth-century America. Featuring a foreword by former White House executive chef Walter Scheib and more than 90 historic recipes adapted for today's kitchens by renowned culinary historian Nancy Carter Crump, this book is ideal for veteran and novice cooks alike, as well as for those wishing to learn about both formal and everyday dining at Mount Vernon. Drawing from a wide range of sources, including memoirs, diaries, plantation documents, archaeological research, and the personal correspondence of the Washington family and their visitors, this charming volume brings the household of America's first president and his wife vividly to life for modern-day readers. The contributors are Steven T. Bashore, Manager of Historic Trades, Mount Vernon; Carol Borchert Cadou, Robert H. Smith, Senior Curator and Vice President for Collections, Mount Vernon; Nancy Carter Crump, author and founder, Culinary Historians of Virginia; J. Dean Norton, Director of Horticulture, Mount Vernon; Dennis J. Pogue, Vice President of Preservation, Mount Vernon; Walter Scheib, former executive chef, The White House; Mary V. Thompson, Research Historian, Mount Vernon; Esther White, Director of Archaeology, Mount Vernon.

Martha Washington Cook Book, 1897 **America's Founding Food** Keith Staveland, Kathleen Fitzgerald, 2006-03-08 From baked beans to apple cider, from clam chowder to pumpkin pie, Keith Staveland and Kathleen Fitzgerald's culinary history reveals the complex and colorful origins of New England foods and cookery. Featuring hosts of stories and recipes derived from generations of New Englanders of diverse backgrounds, *America's Founding Food* chronicles the region's cuisine from the English settlers' first encounter with Indian corn in the early seventeenth century to the nostalgic marketing of New England dishes in the first half of the twentieth century. Focusing on the traditional foods of the region, including beans, pumpkins, seafood, meats, baked goods, and beverages such as cider and rum, the authors show how New Englanders procured, preserved, and prepared their sustaining dishes. Placing the New England culinary experience in the broader context of British and American history and culture, Staveland and Fitzgerald demonstrate the importance of New England's foods to the formation of American identity while dispelling some of the myths arising from patriotic sentiment. At once a sharp assessment and a savory recollection, *America's Founding Food* sets out the rich story of the American dinner table and provides a new way to appreciate American history.

Martha Washington Cook Book, 1892 *Preserving Family Recipes* Valerie J. Frey, 2015-11-01 Heirloom dishes and family food traditions are rich sources of nostalgia and provide vivid ways to learn about our families' past, yet they can be problematic. Many family recipes and food traditions are never documented in written or photographic form, existing only as unwritten know-how and lore that vanishes when a cook dies. Even when recipes are written down, they often fail to give the tricks and tips that would allow another cook to accurately replicate the dish. Unfortunately, recipes are also often damaged as we plunk

Grandma's handwritten cards on the countertop next to a steaming pot or a spattering mixer shortening their lives This book is a guide for gathering adjusting supplementing and safely preserving family recipes and for interviewing relatives collecting oral histories and conducting kitchen visits to document family food traditions from the everyday to special occasions It blends commonsense tips with sound archival principles helping you achieve effective results while avoiding unnecessary pitfalls Chapters are also dedicated to unfamiliar regional or ethnic cooking challenges as well as to working with recipes that are orphans surrogates or terribly outdated Whether you simply want to save a few accurate recipes help yesterday's foodways evolve so they are relevant for today's table or create an extensive family cookbook this guidebook will help you to savor your memories Mrs. Hill's Southern Practical Cookery and Receipt Book A. Burkhalter, 2012-10-26

Sixteen generations later the same old winding roads and blazed trails throughout the three novels lead us all back home to nostalgic dishes and the worlds from which they came Upon arrival at the old home place we quickly find our favorite room Mamas kitchen The familiar sounds of pots and pans and aromas of old time country cooking float in and out of our senses Suddenly visions of chocolate pies swirled high with meringues cooling on the kitchen window sill are as clear as yesterday The sizzling sounds of Mama frying chicken on the old wood stove remind us that her kitchen offered southern hospitality at its best The trip down memory lane of days gone by rekindles the true meaning of Home Sweet Home As we stop and reminisce hot tears blur our vision and we ask ourselves where did all the years go What was Cooking in Martha

Eat My Words Janet Theophano, 2016-01-26 Some people think that a cookbook is just a collection of recipes for dishes that feed the body In *Eat My Words* Reading Women's Lives through the Cookbooks They Wrote Janet Theophano shows that cookbooks provide food for the mind and the soul as well Looking beyond the ingredients and instructions she shows how women have used cookbooks to assert their individuality develop their minds and structure their lives Beginning in the seventeenth century and moving up through the present day Theophano reads between the lines of recipes for dandelion wine Queen of Puddings and half pound cake to capture the stories and voices of these remarkable women The selection of books looked at is enticing and wide ranging Theophano begins with seventeenth century English estate housekeeping books that served as both cookbooks and reading primers so that women could educate themselves during long hours in the kitchen She looks at *A Date with a Dish* a classic African American cookbook that reveals the roots of many traditional American dishes and she brings to life a 1950s cookbook written specifically for Americans by a Chinese migrant and transcribed into English by her daughter Finally Theophano looks at the contemporary cookbooks of Lynne Rosetto Kaspar Madeleine Kamman and Alice Waters to illustrate the sophistication and political activism present in modern cookbook writing Janet Theophano harvests the rich history of cookbook writing to show how much more can be learned from a recipe than how to make a casserole roast a chicken or bake a cake We discover that women's writings about food reveal and revel in the details of their lives families and the cultures they help to shape
