*A Scandalous Freedom* Steve Brown,2009-11-24 A reader s delight A Scandalous Freedom sometimes shocks with challenges to prevailing wisdom but it follows up with compelling validations of our need to celebrate real unstinted freedom in Christ Christians do not trust freedom As author Steve Brown explains in this brave new book they prefer the security of rules and self imposed boundaries which they tend to inflict on other Christians Brown asserts that real freedom means the freedom to be wrong as well as right Christianity often calls us to live beyond the boundaries bolstered by the assurance that we cannot fall beyond God s love Freedom is dangerous but the alternative is worse boxing ourselves up where we cannot celebrate our unique gifts and express our joy in Christ Each of the book s eleven chapters explores a common pharisaic freedom stifling tendency then opens the door to the fresh air of a remedial liberty

*Companion to the Old Testament* Hywel Clifford,2016-10-31 This book provides intelligent enrichment for encounters with the Old Testament the first part of the Christian Bible There are chapters on its five main sections the Pentateuch the Historical Books Poetry and Wisdom the Prophetic Books and the Apocrypha Deutero Canon Each of the core chapters covers three areas an introduction to the general significance of each section in its ancient context a survey of major ways these sacred texts have been interpreted in the global history of Christianity and suggestions for how its texts apply to Christian ministry and mission today These areas are often treated separately by scholars but this book usefully offers an integrated overview of these areas that will inform and inspire and serve the interests and needs of students and general readers alike

**Martin Luther** Martin Tangely,2003 Martin Luther only meant for his 95 Theses to spark debate and hopefully a few changes in the Catholic Church Instead they changed the face of world history sparking decades of violent religious conflict and war amongst the nations and peoples of Europe Luther was a Catholic cleric whose chief problem with the Church was the practice of selling indulgences Church leaders though would not sanction debate with him and excommunicated Luther His cause was then championed by varied European royals who saw the chance to break from the Catholic Church and take control of valuable land As the Protestants separated from the Catholic Church they also split from each other into denominations like Lutheran Anglican and Calvinist All of this was more than Luther sought or likely even wanted But the Reformation remains a seminal moment in Western indeed world history and Martin Luther is its father This book presents an overview of Martin Luther s life and his impact on Christianity and the face of the world Following that is a list of carefully selected citations of literature about Luther and the religious change he spawned Easy access is finally provided via author title and subject indexes

**Thriving in Babylon** David B. Capes, J. Daryl Charles, 2011-01-01 This delightfully multifaceted volume comprised of thoughtful essays by an esteemed array of cultural critics probes the intersection of Christian faith and culture to honor the memory of A J Chip Conyers a remarkably ecumenical Christian scholar and cultural warrior whose premature death in 2004 cut short a remarkable career in teaching and writing As those who knew him can attest Conyers lived his life at the intersection of Christian theology and cultural concern with a singular blend of astuteness gracefulness and Christian conviction This festschrift as esteemed theologian and Conyers s mentor Jurgen Moltmann indicates in the foreword is intended to mirror Conyers s own commitment to incisive cultural criticism and theological faithfulness in the mold of the great tradition This is no small achievement even for so venerable a cast of scholars as the contributors to this volume as Conyers crossed interdisciplinary boundaries in a day of escalating hyper specialization with the greatest of ease He was comfortable discussing contemporary church life or the christological controversy of the patristic era Heideggerian hermeneutics or human dignity and the imago Dei faith and the Enlightenment or the fatherhood of God Catholic substance or Protestant reform Yet Conyers always did this through the lens of historic Christian orthodoxy Though he was a most incisive student of culture in a most refreshing way he steered clear of being co opted by the currents of culture Neither retreating into pious devotionism nor opting for the theologically unreflective activism that has become so chic in our post consensus climate he embodied a theological perspective that blends responsible cultural engagement with eschatological hope The reader is sure to encounter the same blend in this festschrift and to come away both challenged and edified toward fulfilling the message and hope of Conyers life and work to faithfully thrive in Babylon

**The Promise of Martin Luther's Political Theology** Michael Richard Laffin, 2016-10-20 Michael Laffin demonstrates the promise of Martin Luther s thought for contemporary political theology by showing how Luther has been over determined in standard genealogies of modernity which frequently deafen us to his unique contribution Laffin argues that contemporary theologians have typically followed a narrative derived from the work of a previous generation of political historians and philosophers which tend to screen out or distort the Reformers contribution to political theory Common to these narratives are charges

against Luther for his perceived univocal and nominal ontology resulting in a privatized and spiritualized Christianity thus falsely dividing the world into autonomous spheres. Additionally the narratives claim that Luther follows in the wake of voluntarism leading to an insistence on human passivity that leaves no room for pagan virtue. Thus politics is reduced to an authoritarian imposition of order. In contrast to the dominant narratives of political modernity Laffin re-examines these narratives by focusing on the political significance of areas in Luther's corpus often neglected in contemporary accounts of his political thought especially his commentaries on Scripture and writings on the sacraments. Attention to these writings brings forth the crucial themes of the two ecclesiae and the three institutions. Constructively these themes are deployed in critical engagement with contemporary political theology particularly as represented in Radical Orthodoxy and the new Augustinianism.

*Martin Luther's Theology of Two Kingdoms in Buddhist and Christian Communities* Pa Yaw, 2024-05-29

Socially engaged religion teaches that people of faith have a responsibility to address and reduce suffering in all its forms both physical and spiritual including suffering resulting from social injustice exploitation oppression false faith and so forth. True religion engages with society to alleviate suffering and bring transformation. In other words religious violence is an obscenity a deviation from the true character of religion. Martin Luther's Theology of Two Kingdoms in Buddhist and Christian Communities examines the principle of separation between religion and politics in the context of both Buddhist and Christian communities. In predominantly Buddhist contexts such as Myanmar where a reciprocal relationship between religion and politics is expected separation is not effective. Attempts by Christians to separate religion and politics cause the church to run away from tyranny and follow the state with blind obedience. Martin Luther's model of two distinct but interconnected systems for religion and politics creates space for each institution to give constructive advice and criticism to the other for the health of all human beings.

*Martin Luther on Reading the Bible as Christian Scripture* William M. Marsh, 2017-07-17

Above all else that the sixteenth century German Reformer was known for Martin Luther was a Doctor of the Holy Scriptures. One of the most characteristic features of Luther's approach to Scripture was his resolved christological interpretation of the Bible. Many of the Reformer's interpreters have looked back upon Luther's Christ-centered exposition of the Scriptures with sentimentality but have often labeled it as Christianization particularly in regards to Luther's approach of the Old Testament dismissing his relevance for today's faithful readers of God's Word. This study revisits this assessment of Luther's christological interpretation of Scripture by way of critical analysis of the Reformer's prefaces to the Bible that he wrote for

his translation of the Scriptures into the German vernacular This work contends that Luther foremost believes Jesus Christ to be the *sensus literalis* of Scripture on the basis of the Bible's messianic promise not enforcing a dogmatic principle onto the scriptural text and its biblical authors that would be otherwise foreign to them This study asserts that Luther's exegesis of the Bible's letter i e his engagement with the biblical text is primarily responsible for his conviction that Christ is Holy Scripture's literal sense

Mission Shaped by Promise Jukka A. Kääriäinen,2012-10-03 Utilizing resources from Martin Luther and the Lutheran tradition this study offers an understanding of the gospel as promise as key to addressing the challenge of relating the *missio Dei* to a generous constructive approach toward the religious other In its construction of a Lutheran missiology it retrieves and reappropriates four resources from the Lutheran tradition the gospel as promise the law gospel distinction a theology of grace as promise of mercy fulfilled and a theology of the cross utilizing the hiddenness of God The law of God as accusing yet webbing humanity to its Creator the gospel as the comforting promise of mercy and the hiddenness of God as mystifying form the overarching framework within which the Lutheran missiology presented here seeks to engage the religious other by dialectically relating gospel proclamation and dialogue Such a view of mission shaped by promise offers the paradox of God being both revealed and hidden in the cross as a distinctive

contribution to an interreligious dialogue centered on the ambiguity and hiddenness of God

**Lutheran Tradition as Heritage and Tool** Niclas Blåder, 2015-09-23 All of the member churches of the Lutheran World Federation LWF are related to Lutheran theology in one way or another However that does not mean they act similarly or draw the same conclusions about any particular issue Rather Lutheran churches around the globe display great diversity This book has its background in a study of five Lutheran churches the ILCO in Costa Rica the IECLB in Brazil the ELCI in Iceland the FLM in Madagascar and the HKBP in Indonesia It addresses the questions of how the Lutheran heritage today is expressed in different churches and what is the role of Lutheran theology in how they handle their respective situations The churches in this study share with other churches the need to handle dilemmas such as the relations between community and pluralism openness and particularity power and servanthood and closeness to culture and being an alternative to culture In doing this they use their culture and history as well as their Lutheran heritage as tools

Christian Understandings of Creation Denis Edwards, 2017-11-01 Throughout the two thousand year span of Christian history believers in Jesus have sought to articulate their faith and their understanding of how God works in the world How do we as we examine the vast and varied output of those who came before us understand the unity and the diversity of their thinking How do we make sense of our own thought in light of theirs
