"Defender of the Most Holy Matriarchs": Martin Luther's Interpretation of the Women of Genesis in the Enarrationes in Genesis, 1535-1545 Mickey Leland Mattox, 2021-10-01 This work examines Martin Luther's interpretation of the female characters in the stories of Genesis drawing attention to his appropriation of premodern catholic interpretations of the biblical saints In Luther's hands many of these women became heroic examples of the godly life newly adapted to the worldly asceticism of emerging Protestantism Their everyday sanctity exercised for the most part within the limits Luther believed God had imposed on their sex displayed the kind of piety he thought should animate Christian women in their own households Two chapters evaluate Luther's interpretation of Eve noting his understanding of the ideal relations between men and women Five further chapters examine Sarah Hagar Rachel the daughters and wife of Lot and Potiphar's wife

The Pastoral Luther Timothy J. Wengert, 2017-03-17 Sixteen church historians here examine Martin Luther in an uncommon way not as Reformer or theologian but as pastor Luther's work as parish pastor commanded much of his time and energy in Wittenberg After first introducing the pastoral Luther including his theology of the cross these chapters discuss Luther's preaching and use of language including humor investigate his teaching ministry in depth especially in light of the catechism and explore his views on such things as the role of women the Virgin Mary and music The book finally probes Luther's sentiments on monasticism and secular authority Contributors Charles P. Martin Luther's Two Ways of Viewing Life and the Educational Foundation of a Lutheran Ethos Leonard S. Smith, 2011-01-01 Like Leonard Smith's larger study *Religion and the Rise of History* this essay *Martin Luther's Two Ways of Viewing Life* asserts that Luther's well-known at the same time simultaneous or paradoxical way of viewing life does not capture Luther's thought as a whole because it does not represent his deeply incarnational and dynamic mystical and holistic particularizing and historical way of viewing life based on the power of the Word and the Spirit of God either in his own life or in human history Smith contends 1 that the best way to capture Luther's

second basic way of thinking and of viewing life is through the connected prepositions connected especially for Lutherans in with and under 2 that this second basic way was based primarily on the Gospel of John and its great Prologue which shows how God is acting creating and redeeming and how Jesus is the Word become flesh and 3 that understanding both of Luther's ways of viewing life is helpful for understanding Lutheran education and a Lutheran ethos since the sixteenth century Since this brief essay is written primarily for a general audience it can easily be used as a text or supplementary reading for a class seminary or group discussion

A History of Lutheranism Eric W. Gritsch, In a clear nontechnical way this noted Reformation historian tells the story of how the nascent reforming and confessional movement sparked and led by Martin Luther survived its first battles with religious and political authorities to become institutionalized in its religious practices and teachings Gritsch then traces the emergence of genuine consensus at the end of the sixteenth century followed by the age of Lutheran Orthodoxy the great Pietist reaction Lutheranism's growing diversification during the Industrial Revolution its North American expansion and its increasingly global and ecumenical ventures in the last century

God and Government Jarrett A. Carty, 2017-11-08 Martin Luther 1483-1546 famously began the Reformation a movement that shook Europe with religious schism and social upheaval While his Ninety Five Theses and other theological works have received centuries of scrutiny and recognition his political writings have traditionally been dismissed as inconsistent or incoherent *God and Government* focuses on Luther's interpretations of theology and the Bible the historical context of the Reformation and a wide range of writings that have been misread or misappropriated Re contextualizing and clarifying Luther's political ideas Jarrett Carty contends that the political writings are best understood through Luther's two kingdoms teaching in which human beings are at once subjects of a spiritual inner kingdom and another temporal outer kingdom Focusing on Luther's interpretations of theology and the Bible the historical context of the Reformation and a wide range of writings that have been misread or ignored Carty traces how Luther applied political theories to the most difficult challenges of the Reformation such as the Peasants War of 1525 and the Protestant resistance against the Holy Roman Empire as well as social changes and educational reforms The book further compares Luther's political thought to that of Protestant and Catholic political reformers of the sixteenth century Intersecting scholarship from political theory religious studies history and theology God
