## **Martin Travers An Appreciation:**

*Martin Travers, 1886-1948* Rodney Warrenner, Michael Yelton, 2003 The first biographical study of Travers and his life's works Complete listing of all Travers actual and projected work      *Outposts of the Faith* Michael Yelton, 2009 Outposts of the Faith offers ten compelling portraits of country churches where the Anglo Catholic movement flourished during the twentieth century Rightly famed for its dedicated and heroic work in poor inner city areas little is recorded about the impact of Anglo Catholicism in rural parishes nor have the stories of some of its more colourful rural priests and people been told nor of those forces at work in out of the way places which affected the wider church and subsequent direction of the movement From Cornwall to the Fens Michael Yelton has conducted visits interviews and archival research and has created vividly detailed and inspiring accounts Here we encounter some well known names about whom very little has been written We also meet some individuals who made outstanding contributions to Anglo Catholicism in their day but whose names and accomplishments have become almost forgotten Outposts of the Faith records devotion and eccentricity in generous measure we meet one priest who removed parts of his clerical clothing whenever any part of the 1662 Prayer Book was recited another who was shot by a parishioner another who faithfully served the same Devon parish for seventy years      Winifred Holtby's Social Vision Lisa Regan, 2015-10-06 Winifred Holtby 1898 1935 is best known today for her friendship with fellow feminist and pacifist Vera Brittain and for her last novel South Riding This is the first monograph to provide a literary criticism of Holtby's social philosophy and presents in depth readings of all her major works as well as some of her less well known writing      **The Oxford Handbook of the Oxford Movement** Stewart J. Brown, Peter Nockles, James Pereiro, 2018-01-25 The Oxford Handbook of the Oxford Movement reflects the rich and diverse nature of scholarship on the Oxford Movement and provides pointers to further study and new lines of enquiry Part I considers the origins and historical context of the Oxford Movement These chapters include studies of the legacy of the seventeenth century Caroline Divines and of the nature and influence of the eighteenth and early nineteenth century High Church movement within the Church of England Part II focuses on the beginnings and early years of the Oxford Movement paying particular attention to the people the distinctive Oxford context and the ecclesiastical controversies that inspired the birth of the Movement and its early intellectual and religious expressions In Part III the theme shifts from early history of the Oxford Movement to its distinctive theological developments This section analyses Tractarian views of religious knowledge and the notion of ethos the distinctive Tractarian views of tradition and development and Tractarian ecclesiology including ideas of the via media and the branch theory of the Church The years of crisis for the Oxford Movement between 1841 and 1845 including John Henry Newman's departure from the Church of England are covered in Part IV Part V then proceeds to a consideration of the broader cultural expressions and influences of the Oxford Movement Part VI focuses on the world outside England and examines the profound impact of the Oxford Movement on Churches beyond the English heartland as well as on the

formation of a world wide Anglicanism In Part VII the contributors show how the Oxford Movement remained a vital force in the twentieth century finding expression in the Anglo Catholic Congresses and in the Prayer Book Controversy of the 1920s within the Church of England The Handbook draws to a close in Part VIII with a set of more generalised reflections on the impact of the Oxford Movement including chapters on the judgement of the converts to Roman Catholicism over the Movement's loss of its original character on the spiritual life and efforts of those who remained within the Anglican Church to keep Tractarian ideas alive on the engagement of the Movement with Liberal Protestantism and Liberal Catholicism and on the often contentious historiography of the Oxford Movement which continued to be a source of church party division as late as the centennial commemorations of the Movement in 1933 An Afterword chapter assesses the continuing influence of the Oxford Movement in the world Anglican Communion today with special references to some of the conflicts and controversies that have shaken Anglicanism since the 1960s The Cowley Fathers Serenheidd James,2019-07-30 A definitive history of one of the most significant religious orders to emerge in the Anglican church the Cowley Fathers the first men's religious order to be founded in the Church of England since the Reformation *A Manual of Anglo-Catholic Devotion* ,2000-10-31 A devotional and liturgical resource of great beauty and depth for daily use in public worship and private prayer **Niagara Falls Power Development ... Hearings ... on H.R. 4351, S. 689, 1971 2599, and 2966 ... July 23, 1953; March 10-11, 16, 29, 31, April 14, 29, May 3, 1954** United States. Congress. Senate. Committee on Public Works,1954

*Unlocking the Church* William Whyte,2017-10-06 The Victorians built tens of thousands of churches in the hundred years between 1800 and 1900 Wherever you might be in the English speaking world you will be close to a Victorian built or remodelled ecclesiastical building Contemporary experience of church buildings is almost entirely down to the zeal of Victorians such as John Henry Newman Henry Wilberforce and Augustus Pugin and their ideas about the role of architecture in our spiritual life and well being In *Unlocking the Church* William Whyte explores a forgotten revolution in social and architectural history and in the history of the Church He details the architectural and theological debates of the day explaining how the Tractarians of Oxford and the Ecclesiologists of Cambridge were embroiled in the aesthetics of architecture and how the Victorians profoundly changed the ways in which buildings were understood and experienced No longer mere receptacles for worship churches became active agents in their own rights capable of conveying theological ideas and designed to shape people's emotions These church buildings are now a challenge their maintenance repair or repurposing are pressing problems for parishes in age of declining attendance and dwindling funds By understanding their past unlocking the secrets of their space there might be answers in how to deal with the legacy of the Victorians now and into the future *Anglican Papalism* Michael Yelton,2005 Anglo Catholic readers will value this portrait of a small but powerful and characterful movement within its ranks **Hearings** United States.
