## **Martin Van Buren And The American Political System:**

Martin Van Buren and the American Political System Donald B. Cole, 1997 Donald B Cole s objective study shows how Martin Van Buren may have aroused mistrust but was hard to dislike Consumed by politics he fought to win but was wise enough to appreciate that victory could never be total Whether the little Magician or the sly fox offers a better description of Martin Van Buren remains a matter of opinion Certainly his shortcomings as President pointed the way to the Civil War The political system he had done so much to develop proved unequal to the task of national unity Professor Cole s account adds to an understanding of the origins and failing of national politics in the United States Excerpt from Collector s Notes

**Martin van Buren and the American Political System** Donald B. Cole, 2014-07-14 Donald Cole analyzes the political skills that brought Van Buren the nickname Little Magician describing how he built the Albany Regency which became a model for political party machines and how he created the Democratic party of Andrew Jackson Originally published in 1984 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

**Old Tip vs. the Sly Fox** Richard J. Ellis, 2020-06-18 Usually remembered for its slogan Tippecanoe and Tyler too the election of 1840 is also the first presidential election of which it might be truly said It s the economy stupid Tackling a contest best known for log cabins cider barrels and catchy songs this timely volume reveals that the election of 1840 might be better understood as a case study of how profoundly the economy shapes the presidential vote Richard J Ellis a veteran scholar of presidential politics suggests that the election pitting the Democratic incumbent Martin Van Buren against Whig William Henry Harrison should also be remembered as the first presidential election in which a major political party selected rather than merely anointed its nominee at a national nominating convention In this analysis the convention s selection as well as Henry Clay s post convention words and deeds emerge as crucial factors in the shaping of the nineteenth century partisan nation Exploring the puzzle of why the Whig Party s political titan Henry Clay lost out to a relative political also ran Ellis teases out the role the fluctuating economy and growing antislavery sentiment played in the party s fateful decision to nominate the Harrison Tyler ticket His work dismantles the caricature of the 1840 campaign as all froth and no substance instead giving due seriousness to the deeply held moral commitments as well as anxieties about the political system that informed the campaign In Old Tip vs the Sly Fox the campaign of 1840 can finally be seen clearly for what it was a contest of two profoundly different visions of policy and governance including fundamental still pressing questions about the place of the presidency and Congress in the US political system

**A Companion to the Antebellum Presidents, 1837 - 1861** Joel H. Silbey, 2014-02-24 A Companion to the Antebellum

Presidents presents a series of original essays exploring our historical understanding of the role and legacy of the eight U S presidents who served in the significant period between 1837 and the start of the Civil War in 1861 Explores and evaluates the evolving scholarly reception of Presidents Van Buren Harrison Tyler Polk Taylor Fillmore Pierce and Buchanan including their roles behaviors triumphs and failures Represents the first single volume reference to gather together the historiographic literature on the Antebellum Presidents Brings together original contributions from a team of eminent historians and experts on the American presidency Reveals insights into presidential leadership in the quarter century leading up to the American Civil War Offers fresh perspectives into the largely forgotten men who served during one of the most decisive quarter centuries of United States history *Martin Van Buren* James M. Bradley, 2024 In early June 1824 Martin Van Buren New York s junior United States senator went to Virginia to meet Thomas Jefferson a man whose character conduct and principles formed my beau ideal of thorough patriotism and accomplished statesmanship Van Buren would one day write Eighty one ailing and chased by creditors the former president never refused guests even though the frequent entertaining added to his money woes An air of mystery surrounded the visit In Washington word spread that Van Buren was heading South but only a handful of people knew what lay behind his trip It was a presidential election year and several high profile politicians were seeking the office One of them was the US Treasury secretary William H Crawford Van Buren was backing Crawford whose campaign was in serious trouble An official benediction from Jefferson patriarch of the Republican Party could turn Crawford s fortunes around But people did not ask ex presidents for endorsements then and ex presidents were not supposed to give them Van Buren had little use for such niceties though he recognized that a trip to Monticello might be viewed unfavorably and wanted it kept quiet Mention this to no one except Mr Crawford he wrote in a letter to Asbury Dickins a Treasury clerk and Crawford aide Provided by publisher *America's Three Regimes* Morton Keller, 2009-03-11 Hailed in The New York Times Book Review as the single best book written in recent years on the sweep of American political history this groundbreaking work divides our nation s history into three regimes each of which lasts many many decades allowing us to appreciate as never before the slow steady evolution of American politics government and law The three regimes which mark longer periods of continuity than traditional eras reflect are Deferential and Republican from the colonial period to the 1820s Party and Democratic from the 1830s to the 1930s and Populist and Bureaucratic from the 1930s to the present Praised by The Economist as a feast to enjoy and by Foreign Affairs as a masterful and fresh account of U S politics here is a major contribution to the history of the United States an entirely new way to look at our past our present and our future packed with provocative and original observations about American public life *Republicanism and Liberalism in America and the German States, 1750-1850* Jürgen Heideking, James A. Henretta, 2002-04-08 Republicanism and Liberalism in America and the German States represents the cooperative effort of a group of American and German scholars to move the historical debate on Republicanism and Liberalism to a new stage Previously the relationship between

Republican and Liberal ideas concepts and world views has been discussed in the context of American revolutionary and late eighteenth century history While the German states did not experience successful revolutions like those in North America and France Republican and Liberal ideas and language deeply affected German political thinking and culture especially in the southern states The essays published in this book expand the time frame of the debate into the first half of the nineteenth century applying an innovative and comparative German American perspective By systematically studying the similarities and differences in the understanding of Republicanism and Liberalism in the United States and German states the collection stimulates efforts toward a comprehensive interpretation of political intellectual and social developments in the modernizing Atlantic world of the eighteenth and nineteenth centuries

### **Encyclopedia of the American Presidency, Fourth Edition**

Michael Genovese, 2021-04-01 Praise for the first edition An altogether excellent introduction to the study of the presidency of the United States Library Journal entries are well written an excellent addition American Reference Books Annual an excellent resource recommended Booklist Highly recommended Choice The most up to date reference of its kind Encyclopedia of the American Presidency Fourth Edition is the definitive guide to the role of the president from the American Revolution through the present day Offering a complete account of the presidency in U S history this A to Z encyclopedia will make a great first stop for students and general readers looking for information on the executive branch of the American government Its comprehensive scope spans the relationship between the executive and the other branches of government court cases elections political opponents scandals and more A valuable resource that provides concise information Encyclopedia of the American Presidency Fourth Edition contains more than 750 entries Entries include Bully pulpit Commander in chief Economic policy Executive privilege Kamala Harris Impeachment Iraq War Thomas Jefferson Middle East Military tribunals New Deal Oval Office Franklin D Roosevelt Situation room Donald Trump Veto power War powers Watergate White House and more

*Encyclopedia of U.S. Political History* Andrew Whitmore Robertson, 2010 Annotation st1 behavior url ieooui Unparalleled coverage of U S political development through a unique chronological framework Encyclopedia of U S Political History explores the events policies activities institutions groups people and movements that have created and shaped political life in the United States With contributions from scholars in the fields of history and political science this seven volume set provides students researchers and scholars the opportunity to examine the political evolution of the United States from the 1500s to the present day With greater coverage than any other resource the Encyclopedia of U S Political History identifies and illuminates patterns and interrelations that will expand the reader s understanding of American political institutions culture behavior and change Focusing on both government and history the Encyclopedia brings exceptional breadth and depth to the topic with more than 100 essays for each of the critical time periods covered With each volume covering one of seven time periods that correspond to key eras in American history the essays and articles in this authoritative encyclopedia focus on the following themes of political history The three branches of

government Elections and political parties Legal and constitutional histories Political movements and philosophies and key political figures Economics Military politics International relations treaties and alliances Regional histories Key Features Organized chronologically by political eras Reader's guide for easy topic searching across volumes Maps photographs and tables enhance the text Signed entries by a stellar group of contributors

**VOLUME 1 Colonial Beginnings through Revolution 1500-1783** Volume Editor Andrew Robertson Herbert H Lehman College The colonial period witnessed the transformation of thirteen distinct colonies into an independent federated republic This volume discusses the diversity of the colonial political experience a diversity that modern scholars have found defies easy synthesis as well as the long term conflicts policies and events that led to revolution and the ideas underlying independence

**VOLUME 2 The Early Republic 1784-1840** Volume Editor Michael A Morrison Purdue University No period in the history of the United States was more critical to the foundation and shaping of American politics than the early American republic This volume discusses the era of Confederation the shaping of the U.S. Constitution and the development of the party system

**Reasoned Administration and Democratic Legitimacy** Jerry L. Mashaw, 2018-09-27 Reasoned Administration and Democratic Legitimacy How Administrative Law Supports Democratic Government explores the fundamental bases for the legitimacy of the modern administrative state While some have argued that modern administrative states are a threat to liberty and at war with democratic governance Jerry L. Mashaw demonstrates that in fact reasoned administration is more respectful of rights and equal citizenship and truer to democratic values than lawmaking by either courts or legislatures His account features the law's demand for reason giving and reasonableness as the crucial criterion for the legality of administrative action In an argument combining history sociology political theory and law this book demonstrates how administrative law's demand for reasoned administration structures administrative decision making empowers actors within and outside the government and supports a complex vision of democratic self rule

**Liberty and Coercion** Gary Gerstle, 2017-10-24 How the conflict between federal and state power has shaped American history American governance is burdened by a paradox On the one hand Americans don't want big government meddling in their lives on the other hand they have repeatedly enlisted governmental help to impose their views regarding marriage abortion religion and schooling on their neighbors These contradictory stances on the role of public power have paralyzed policymaking and generated rancorous disputes about government's legitimate scope How did we reach this political impasse Historian Gary Gerstle looking at two hundred years of U.S. history argues that the roots of the current crisis lie in two contrasting theories of power that the Framers inscribed in the Constitution One theory shaped the federal government setting limits on its power in order to protect personal liberty Another theory molded the states authorizing them to go to extraordinary lengths even to the point of violating individual rights to advance the good and welfare of the commonwealth The Framers believed these theories could coexist comfortably but conflict between the two has largely defined American history Gerstle shows how national political leaders improvised

brilliantly to stretch the power of the federal government beyond where it was meant to go but at the cost of giving private interests and state governments too much sway over public policy The states could be innovative too More impressive was their staying power Only in the 1960s did the federal government impelled by the Cold War and civil rights movement definitively assert its primacy But as the power of the central state expanded its constitutional authority did not keep pace Conservatives rebelled making the battle over government s proper dominion the defining issue of our time From the Revolution to the Tea Party and the Bill of Rights to the national security state Liberty and Coercion is a revelatory account of the making and unmaking of government in America Historical Dictionary of the U.S. Presidency Richard S.

Conley,2015-12-14 This book covers the development of the presidential office within the context of constitutional interpretations of presidential power and socio political and economic developments as well as foreign affairs events from 1789 2015 It provides details on the men who have held the office and biographies of vice presidents unsuccessful candidates for the office and noteworthy Supreme Court and other appointees The Historical Dictionary of the U S Presidency contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 300 cross referenced entries on the development of the institution of the presidency and details the personalities domestic and foreign policy governing contexts elections party dynamics and significant events that have shaped the office from the Founding to the present day This book is an excellent resource for students researchers and anyone wanting to know more about the U S Presidency **Encyclopedia of U.S. Political History** Andrew Robertson,Michael A. Morrison,William G. Shade,Robert Johnston,Robert Zieger,Thomas Langston,Richard Valelly,2010-04-01 Unparalleled coverage of U S political development through a unique chronological framework Encyclopedia of U S Political History explores the events policies activities institutions groups people and movements that have created and shaped political life in the United States With contributions from scholars in the fields of history and political science this seven volume set provides students researchers and scholars the opportunity to examine the political evolution of the United States from the 1500s to the present day With greater coverage than any other resource the Encyclopedia of U S Political History identifies and illuminates patterns and interrelations that will expand the reader s understanding of American political institutions culture behavior and change Focusing on both government and history the Encyclopedia brings exceptional breadth and depth to the topic with more than 100 essays for each of the critical time periods covered With each volume covering one of seven time periods that correspond to key eras in American history the essays and articles in this authoritative encyclopedia focus on the following themes of political history The three branches of government Elections and political parties Legal and constitutional histories Political movements and philosophies and key political figures Economics Military politics International relations treaties and alliances Regional histories Key Features Organized chronologically by political eras Reader s guide for easy topic searching across volumes Maps photographs and tables enhance the text Signed entries by a stellar group of contributors VOLUME 1

Colonial Beginnings through Revolution 1500 1783 Volume Editor Andrew Robertson Herbert H Lehman College The colonial period witnessed the transformation of thirteen distinct colonies into an independent federated republic This volume discusses the diversity of the colonial political experience a diversity that modern scholars have found defies easy synthesis as well as the long term conflicts policies and events that led to revolution and the ideas underlying independence VOLUME 2 The Early Republic 1784 1840 Volume Editor Michael A Morrison Purdue University No period in the history of the United States was more critical to the foundation and shaping of American politics than the early American republic This volume discusses the era of Confederation the shaping of the U S Constitution and the development of the party system VOLUME 3 Expansion Division and Reconstruction 1841 1877 Volume Editor William Shade Lehigh University emeritus This volume examines three decades in the middle of the nineteenth century which witnessed the emergence of the debate over slavery in the territories which eventually led to the Civil War the military conflict itself from 1861 until 1865 and the process of Reconstruction which ended with the readmission of all of the former Confederate States to the Union and the withdrawal of the last occupying federal troops from those states in 1877 VOLUME 4 From the Gilded Age through the Age of Reform 1878 1920 Volume Editor Robert Johnston University of Illinois at Chicago With the withdrawal of federal soldiers from Southern states the previous year 1878 marked a new focus in American politics and it became recognizably modern within the next 40 years This volume focuses on race and politics economics labor and capitalism agrarian politics and populism national politics progressivism foreign affairs World War I and the end of the progressive era VOLUME 5 Prosperity Depression and War 1921 1945 Volume Editor Robert Zieger University of Florida Between 1921 and 1945 the U S political system exhibited significant patterns of both continuity and change in a turbulent time marked by racist conflicts the Great Depression and World War II The main topics covered in this volume are declining party identification the Roosevelt Coalition evolving party organization congressional inertia in the 1920s the New Deal Congress during World War II the growth of the federal government Franklin D Roosevelt s presidency the Supreme Court s conservative traditions and a new judicial outlook VOLUME 6 Postwar Consensus to Social Unrest 1946 1975 Volume Editor Thomas Langston Tulane University This volume examines the postwar era with the consolidation of the New Deal the onset of the Cold War and the Korean War It then moves into the 1950s and early 1960s and discusses the Vietnam war the era of John F Kennedy the Cuban Missile Crisis the Civil Rights Act Martin Luther King and the Voting Rights Act antiwar movements The War Powers Act environmental policy the Equal Rights Amendment Roe v Wade Watergate and the end of the Vietnam War VOLUME 7 The Clash of Conservatism and Liberalism 1976 to present Volume Editor Richard Valelly Swarthmore College The troubled Carter Administration 1977 1980 proved to be the political gateway for the resurgence of a more ideologically conservative Republican party led by a popular president Ronald Reagan The last volume of the Encyclopedia covers politics and national institutions in a polarized era of nationally competitive party politics and programmatic debates about taxes social policy and the size of national

government It also considers the mixed blessing of the change in superpower international competition associated with the end of the Cold War Stateless terrorism symbolized by the 9 11 attacks the continuing American tradition of civil liberties and the broad change in social diversity wrought by immigration and the impact in this period of the rights revolutions are also covered

*The Invention of Party Politics* Gerald Leonard,2003-10-15 This ambitious work uncovers the constitutional foundations of that most essential institution of modern democracy the political party Taking on Richard Hofstadter s classic *The Idea of a Party System* it rejects the standard view that Martin Van Buren and other Jacksonian politicians had the idea of a modern party system in mind when they built the original Democratic party Grounded in an original retelling of Illinois politics of the 1820s and 1830s the book also includes chapters that connect the state level narrative to national history from the birth of the Constitution to the Dred Scott case In this reinterpretation Jacksonian party builders no longer anticipate twentieth century political assumptions but draw on eighteenth century constitutional theory to justify a party division between the democracy and the aristocracy Illinois is no longer a frontier latecomer to democratic party organization but a laboratory in which politicians use Van Buren s version of the Constitution states rights and popular sovereignty to reeducate a people who had traditionally opposed party organization The modern two party system is no longer firmly in place by 1840 Instead the system remains captive to the constitutional commitments on which the Democrats and Whigs founded themselves even as the specter of sectional crisis haunts the parties constitutional visions

**A Companion to First Ladies** Katherine A.S. Sibley,2016-03-02 This volume explores more than two centuries of literature on the First Ladies from Martha Washington to Michelle Obama providing the first historiographical overview of these important women in U S history Underlines the growing scholarly appreciation of the First Ladies and the evolution of the position since the 18th century Explores the impact of these women not only on White House responsibilities but on elections presidential policies social causes and in shaping their husbands legacies Brings the First Ladies into crisp historiographical focus assessing how these women and their contributions have been perceived both in popular literature and scholarly debate Provides concise biographical treatments for each First Lady

**Advocate for America** Ralph M. Aderman,Wayne R. Kime,2003 In later decades he played a continuing role in the cultural life of the young nation numbering among his friends and associates a great many other writers editors and publishers

*Storm over Texas* Joel H. Silbey,2005-08-01 In the spring of 1844 a fiery political conflict erupted over the admission of Texas into the Union This hard fought and bitter controversy profoundly changed the course of American history Indeed as Joel Silbey argues in *Storm Over Texas* it marked the crucial moment when partisan differences were transformed into a North vs South antagonism and the momentum towards Civil War leaped into high gear Silbey one of America s most renowned political historians offers a swiftly paced and compelling narrative of the Texas imbroglio which included an exceptional cast of characters from John C Calhoun and John Quincy Adams to James K Polk and Martin Van Buren We see how a series of unexpected moves some planned some inadvertent sparked a crisis that

intensified and crystallized the North South divide Sectionalism Silbey shows had often been intense but rarely widespread and generally well contained by other forces After Texas statehood it became a driving force in national affairs ultimately leading to Southern secession and Civil War With subtlety great care and much imagination Joel Silbey shows that this brief political struggle became in the words of an Alabama congressman the greatest question of the age and a pivotal moment in American history

**Presidential Travel** Richard J. Ellis, 2008 The first full length examination of presidential travel and its role in transforming the image and identity of the presidency from first citizen to political celebrity Colorful anecdotes and acute analysis combine to provide a fresh look at the importance of travel in shaping the imperial presidency

**Henry Clay** James C. Klotter, 2018 Charismatic charming and one of the best orators of his era Henry Clay achieved success at many levels Yet Clay still saw presidential greatness remain a fingertip away Why This book uses new sources to provide a focused nuanced description of Clay s programs and politics and to explain why the man they called The Great Rejected never won the presidency but did win the accolades of history

Commerce and Culture Robert Lee, 2016-05-23 Considerable attention has recently been focused on the importance of social networks and business culture in reducing transaction costs both in the pre industrial period and during the nineteenth century This book brings together twelve original contributions by scholars in the United Kingdom continental Europe and North America which represent important and innovative research on this topic They cover two broad themes First the role of business culture in determining commercial success in particular the importance of familial religious ethnic and associational connections in the working lives of merchants and the impact of business practices on family life Second the wider institutional and political framework for business operations in particular the relationship between the political economy of trade and the cultural world of merchants in an era of transition from personal to corporate structures These key themes are developed in three separate sections each with four contributions They focus in turn on the role of culture in building and preserving businesses the interplay between institutions networks and power in determining commercial success or failure and the significance of faith and the family in influencing business strategies and the direction of merchant enterprise The wider historiographical context of the individual contributions is discussed in an extended introductory chapter which sets out the overall agenda of the book and provides a broader comparative framework for analysing the specific issues covered in each of the three sections Taken together the collection offers an important addition to the available literature in this field and will attract a wide readership amongst business cultural maritime economic social and urban historians as well as historical anthropologists sociologists and other social scientists whose research embraces a longer term perspective

### **Martin Van Buren And The American Political System Introduction**

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Martin Van Buren And The American Political System PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific

information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Martin Van Buren And The American Political System PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Martin Van Buren And The American Political System free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

### **FAQs About Martin Van Buren And The American Political System Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality?
