Mandair, Christopher Shackle, Gurharpal Singh, 2013-12-16 This book brings together new approaches to the study of Sikh religion culture and ethnicity being pursued in the diaspora by Sikh academics

in western universities in Britain and North America An important aspect of the volume is the diversity of topics that are engaged including film and gender theory theology hermeneutics deconstruction semiotics and race theory and brought to bear on the individual contributors specialism within Sikh studies thereby helping to explode previously static dichotomies such as insider vs outsider or history vs tradition The volume should have strong appeal both to an academic market including students of politics religious studies and South Asian studies and to a more general English speaking Sikh readership

**Studies in Indo-Muslim History by S.H. Hodivala Volume I** Sanjay Garg, 2018-09-03 In the field of medieval Indian historiography an eight volume magnum opus History of India as Told by Its Own Historians by Sir Henry Myers Elliot 1808 53 and the editor compiler of his posthumous papers John Dowson 1820 81 was published from London between 1867 and 1877 These landmark volumes continue to retain their popularity even nearly hundred and fifty years later and scholars still learn from and conduct their research on the basis of this work However an enterprise of this scale and magnitude was bound to suffer from some serious shortcomings An eminent Indian scholar S H Hodivala undertook the daunting task of annotating Elliot and Dowson s volumes and worked through all the new material selecting or criticizing and adding his own suggestions where previous comments did not exist or appeared unsuitable The first volume of Hodivala s annotated Studies was published in 1939 while the second was published posthumously in 1957 Over the years while the work of Elliot and Dowson has seen many reprints and is even available online now Hodivala s volumes have receded into obscurity A new edition is presented here for the first time Hodivala also published critical commentaries on 238 of about 2000 entries included in another very famous work Hobson Jobson London 1886 by Sir Henry Yule 1820 89 and Arthur Coke Burnell 1840 82 These have also been included in the present edition These volumes are thus aimed at serving as an indispensable compendium of both Elliot and Dowson s and for Yule and Burnell s excellent contributions of colonial scholarship At the same time these would also serve as a guide for comparative studies and critical appreciation of historical texts Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka

Raj Rhapsodies: Tourism, Heritage and the Seduction of History Maxine Weisgrau, Carol Henderson, 2016-03-23 Heritage is a prized cultural commodity in the marketing of tourism destinations Particular aspects of heritage are often more actively promoted with others played down The representation of heritage in tourism as static and timeless derived since time immemorial from a distant past is seductive In Asia a major part of the tourism market lies in the sale and consumption of highly orientalized images and versions of culture and history In India's marketing discourse the state of Rajasthan symbolizes the nation in its heritage laden traditional and most authentic form These images draw heavily on the British period in India the Raj In one sense this vision of Rajasthan is ennobling highlighting moments of cultural pride In another sense it demeans by omitting and obscuring salient features of contemporary life This fascinating book explores the cultural politics of tourism through interdisciplinary perspectives Carol E Henderson and Maxine Weisgrau demonstrate that tourism heritage privileges elite histories that recapitulate colonial relationships compelling non elites to collude in these narratives of subordination even as they advance their own alternative visions of history
