Martyrs Innocence Vengeance And Despair In The Middle East:

Martyrs Joyce M. Davis, 2005-01 Terrorist attacks suicide bombings ongoing violence in the Middle East Why do people engage in such cruelty what drives them can they even be understood This book begins to answer such questions through chilling interviews with terrorist trainers with the families of suicide bombers fighters fanatics with Muslim scholars offering differing opinions on the legitimacy of violence especially shuhada martyrdom in Islam This book provides provocative troubling insights into the zealotry that leads to the targeting of innocents the endless cycle of revenge the despair that besets the Middle East These unsettling perspectives are crucial to understanding though not accepting the fury at resentment of the U S

Martyrs Joyce Davis, 2004-11-13 Important insight to the people the hatreds and the fanaticism that drive suicide attacks both in the Middle East and the United States from a prominent journalist

Militant Islam Stephen Vertigans, 2008-10-30 Militant Islam provides a sociological framework for understanding the rise and character of recent Islamic militancy It takes a systematic approach to the phenomenon and includes analysis of cases from around the world comparisons with militancy in other religions and their causes and consequences The sociological concepts and theories examined in the book include those associated with social closure social movements nationalism risk fear and de civilising These are applied within three main themes characteristics of militant Islam multi layered causes and the consequences of militancy in particular Western reactions within the war on terror Interrelationships between religious and secular behaviour terrorism and counter terrorism popular support and opposition are explored Through the examination of examples from across Muslim societies and communities the analysis challenges the popular tendency to concentrate upon al Qa ida and the Middle East This book will be of interest to students of Sociology Political Science and International Relations in particular those taking courses on Islam religion terrorism political violence and related regional studies

An Introduction to International Relations Richard Devetak, Anthony Burke, Jim George, 2011-10-17 Invaluable to students and those approaching the subject for the first time An Introduction to International Relations Second Edition provides a comprehensive and stimulating introduction to international relations its traditions and its changing nature in an era of globalisation Thoroughly revised and updated it features chapters written by a range of experts from around the world It presents a global perspective on the theories history developments and debates that shape this dynamic discipline and contemporary world politics Now in full colour and accompanied by a password protected companion website featuring additional chapters and case studies this is the indispensable guide to the study of international relations

Sexual Jihad, Christine Sixta Rinehart, 2019-06-03 Female terrorists are a rare phenomenon Less than ten terrorist organizations throughout the world have women members These terrorist groups are either Marxist atheist or Jihadist in their ideologies Sexual Jihad The Role of Islam in Female Terrorism ascertains What is the role of Islam in female terrorism It explores the roles of women in eight jihadist case studies including Al Aqsa Martyrs Brigade Boko Haram the Chechen Separatists

HAMAS Hezbollah ISIS the Egyptian Muslim Brotherhood and Al Qaeda Primary sources and secondary sources are used including research conducted on Palestinian women in Israeli prisons who have been convicted of terrorism It is argued that are three roles for women in Jihadist terrorism the disposable the domestic and the secretary The theory posited in this book is that the roles of women in terrorist groups are similar to their cultural religious roles in society Terrorism Studies John Horgan, Kurt Braddock, 2012 This comprehensive reader seeks to equip the aspiring student based anywhere in the world with a comprehensive introduction to the study of terrorism The Trauma of Terrorism Yael Danieli, 2005 A compendium of the latest information on terrorism its impact on individuals families communities nations Issues explored include the need for cultural sensitivity when observing the damaging impact of terrorism subsequent development of intervention programmes **Chronology of World Terrorism, 1901-2001** Henry E. Mattox, 2015-06-08 The attacks of September 11 2001 brought unprecedented attention to the problem of terrorism Yet the threat of terrorist acts has long been a specter in the lives of millions and the patterns and occurrences all too regular This chronology begins with President McKinley's assassination in September of 1901 and ends with the 9 11 attacks It details terrorist events both well known and obscure chosen as representative decade by decade of each particular period A concluding chapter examines changing trends in methods of attack and the effectiveness of various movements Appendices include a list of notable terrorist organizations international conventions governing terrorism and the U N Security Council resolution passed after the September 11 attacks *Assessing the United States Institute of Peace* Jennings Randolph Senior Fellowship National Research Council, Policy and Global Affairs, Development, Security, and Cooperation, Committee to Review the United States Institute of Peace Senior Fellows Program, 2009-01-23 The United States Institute of Peace USIP is an independent nonpartisan national institution established and funded by the U S Congress The goals of the USIP are to help prevent and resolve violent international conflicts promote post conflict stability and development and to increase conflict management capacity tools and intellectual capital worldwide One way the USIP meets those goals is through the Jennings Randolph Program for International Peace which awards Senior Fellowships to outstanding scholars policymakers journalists and other professionals from around the world to conduct research at the USIP The Fellowship Program began in 1987 and 253 Fellowships have been awarded through 2007 This book presents a preliminary assessment of the Fellowship Program and recommends certain steps to improve it including more rigorous and systematic monitoring and evaluation of the Fellowship in the future The committee also makes several recommendations intended to help USIP gain further knowledge about the perceptions of the Fellowships in the wider expert community **Martyrdom in Islam** David Cook, 2007-01-15 In recent times Islamic martyrdom has become associated with suicide missions conducted by extremists However as David Cook demonstrates this type of martyrdom is very different from the classical definition which condemned suicide and stipulated that anyone who died a believer could be considered a martyr Ideas about martyrdom have evolved to suit prevailing

circumstances and it is the evolution of these interpretations that Cook charts in this fascinating history The book covers the earliest sources on martyrdom including those from the Jewish and Christian traditions discussions about what constituted martyrdom and differences in attitudes between Sunnis and Shi'ites A concluding section discusses martyrdom in today's radical environment There is no other book which considers the topic so systematically and which draws so widely on the literary sources This will be essential reading for students of Islamic history and for those looking for an informed account of this controversial topic

Root Causes of Suicide Terrorism Ami Pedahzur, 2006-09-27 The book offers different theoretical and methodological approaches to the understanding of the root causes of suicide attacks

Social Dynamics of Global Terrorism and Prevention Policies N. Çabuk Kaya, A. Erdemir, 2008-05-07 Over the course of the first decade of the third millennium terrorism has become a phenomenon that no state society or individual can afford to ignore Particularly in the post 9/11 world terrorism has not only turned into an ubiquitous fact and an omnipresent spectacle but also an alarming global concern It is nevertheless surprising for many people that the global convergence towards growing fear and anxiety of terrorism has not necessarily led to a parallel convergence in our understanding and definition of the phenomenon Defining terrorism today is no simpler a task than the days of the French revolution during which the term was first coined Although definition exercises are often perceived by various politicians and practitioners as yet another bizarre avocation of scholars attempts to redefine the term terrorism time and again is neither straightforward nor in vain

The Just War And Jihad R. Joseph Hoffmann, 2010-05 The articles collected in this volume represent the independent and considered thinking of internationally known scholars from a variety of disciplines concerning the relationship between religion and violence with special reference to the theories of just war and jihad technical terms that arise in connection with the theology of early medieval Christianity and early Islam respectively The contributors include Hector Avalos Charles K Bellinger Bahar Davary Carol Delaney J Harold Ellens Reuven Firestone R Joseph Hoffmann Judith Lichtenberg Pauletta Otis Gabriel Palmer Fernandez Laura Purdy Joyce E Salisbury Regina M Schwartz and Robert B Tapp In the present global and political climate the significant conversation about why religions provoke conflict and whether any religion is truly harmless cannot be ignored

Sacred Terror Daniel E. Price, 2012-07-19 This book places the current wave of religion based terrorism in a historical perspective explaining why religion is associated with terrorism comparing religion based terrorism to other forms of terrorism and documenting how religion based terrorism is a product of powerful political socioeconomic and psychological forces Religion based terrorism is perceived as one of the most significant threats to U S homeland security in the 21st century *Sacred Terror How Faith Becomes Lethal* makes the central argument that religion based violence and terrorism is primarily a result of political socioeconomic and psychological forces thereby demystifying religion based terrorism and revealing its inherent similarity to other forms of terrorism and war Daniel Price examines religious texts and traditions in Judaism Christianity and Islam looks at the history of religion based terrorism and explores why religion

facilitates violence He builds upon this foundation to explain how religion as an ideological force that motivates violence is not as powerful as commonly believed and that religious fervor is not unlike other non religious ideologies such as Marxism nationalism and anarchism The work also presents in depth analysis of the political socioeconomic and psychological forces that are behind religion based violence and discusses case studies from multiple religions that illustrate the author s argument

Bombshell Mia Bloom,2012-08-13 Between 1985 and 2008 female suicide bombers committed more than 230 attacks about a quarter of all such acts Women have become the ideal stealth weapon for terrorist groups They are less likely to be suspected or searched and as a result have been used to strike at the heart of coalition troops in Iraq and Afghanistan This alarming tactic has been highly effective garnering extra media attention and helping to recruit more numbers to the terrorists cause Yet as Mia Bloom explains in Bombshell Women and Terrorism female involvement in terrorism is not confined to suicide bombing and not limited to the Middle East From Northern Ireland to Sri Lanka women have been engaged in all manner of terrorist activities from generating propaganda to blowing up targets What drives women to participate in terrorist activities Bloom a scholar of both international studies and women s studies blends scrupulous research with psychological insight to unearth affecting stories from women who were formerly terrorists She moves beyond gender stereotypes to examine the conditions that really influence female violence arguing that while women terrorists can be just as bloodthirsty as their male counterparts their motivations tend to be more intricate and multilayered Through compelling case studies she demonstrates that though some of these women volunteer as martyrs many more have been coerced by physical threats or other means of social control As evidenced by the March 2011 release of Al Qaeda s magazine Al Shamikha dubbed the jihadi Cosmo it is clear that women are the future of even the most conservative terrorist organizations Bombshell is a groundbreaking book that reveals the inner workings of a shocking unfamiliar world

Fighting Suicide Bombing Israel W. Charny,2006-11-30 How does one effectively fight suicide bombers What threat do they hold for Western society How do people who love peace reconcile the need for war Noted genocide expert Israel W Charny addresses these questions in this highly personal description of suicide bombings and terror as the opening salvos of a Third World War Charny first seeks to understand what makes suicide bombers tick as well as the culture from which they emerge Taking this understanding of what he calls human evil he then proposes a hawkish campaign that ultimately emphasizes peace rather than irrational fear By deeming suicide bombing and terrorism as necessary subjects in the study of psychology Charny presents yet another weapon in the war against terrorism a war that he believes will only escalate without drastic action Ultimately he calls for a worldwide campaign for life led by religious and secular leaders across the globe He concludes the book with a vignette from Islamic culture that speaks nobly to furthering peace and life

The SAGE Encyclopedia of Terrorism, Second Edition Gus Martin,2011-06-15 Six years after publication of the first edition of the best selling Encyclopedia of Terrorism much has changed on the national security scene Despite the dark promises of Osama

bin Laden following the 9 11 attacks the United States has not experienced any major domestic terror incidents Al Qaeda itself is believed to be a severely crippled organization But while U S wars in Afghanistan and Iraq not to mention the arrival of the Obama administration a new balance of power within Congress and an increasingly fragile economic picture have significantly affected the national security picture the threat of economic chaos and massive loss of life due to terror attacks has not abated Indeed in July 2008 analysts pointed out that even a relatively small terrorist organization could present a dire threat with some experts arguing that a biological chemical or even nuclear attack on a major U S city is all but inevitable In this highly charged rapidly shifting environment we are pleased to present the The SAGE Encyclopedia of Terrorism Second Edition a thoroughly updated and expanded edition of the original highly regarded reference work Nearly 100 000 words of new material will be added along with fully updated original entries and expanded coverage New introductory essays will explore the impact of terrorism on economics public health religion and even pop culture Ethical issues such as the role of torture in interrogations competing notions of security versus liberty and the debates over FISA legislation and Guantanamo Bay will also be covered Two dozen entries on significant recent events such as the London bombings Chechen attacks on Russian interests and the rescue of Ingrid Bettancourt and some 60 additional new entries will restore the work as an up to the minute natural first stop for researchers

The Oxford Handbook of Terrorism Erica Chenoweth, Richard English, Andreas Gofas, Stathis N. Kalyvas, 2019-03-14 The Oxford Handbook of Terrorism systematically integrates the substantial body of scholarship on terrorism and counterterrorism before and after 9 11 In doing so it introduces scholars and practitioners to state of the art approaches methods and issues in studying and teaching these vital phenomena This Handbook goes further than most existing collections by giving structure and direction to the fast growing but somewhat disjointed field of terrorism studies The volume locates terrorism within the wider spectrum of political violence instead of engaging in the widespread tendency towards treating terrorism as an exceptional act Moreover the volume makes a case for studying terrorism within its socio historical context Finally the volume addresses the critique that the study of terrorism suffers from lack of theory by reviewing and extending the theoretical insights contributed by several fields including political science political economy history sociology anthropology criminology law geography and psychology In doing so the volume showcases the analytical advancements and reflects on the challenges that remain since the emergence of the field in the early 1970s

Female Suicide Bombings Tanya Narozhna, W. Andy Knight, 2016-08-04 As media coverage of terrorism and terroristic acts has increased so too has the discussion about the identities motives and gender of the perpetrators Over the past fifteen years there have been over 150 reported suicide bombings committed by women around the world Because of its prominence in media reporting the phrase female suicide bomber has become loaded with gendered notions and assumptions that elicit preconditioned responses in the West Female Suicide Bombings critically examines and challenges common assumptions of this loaded term Tanya Narozhna and W Andy Knight introduce female

suicide bombings as a socio political practice and a product of deeply politicized gendered representations Drawing on a combination of feminist and post colonial approaches as well as terrorism studies literature the authors seek to transcend ideological divisions in order to enhance our understanding of how gender power and academic practices influence our perceptions of female suicide bombings Suicide as a Weapon ,2007 Suicide terrorism has become the weapon of choice of globalized terror This work provides a historical review of suicide attacks It covers topics such as what is new about terrorism the mindset of the PLL terror organization reactions of security forces recruiting and training suicide bombers and the high profile of women suicide bombers
