

Marx, Veblen, and Contemporary Institutional Political Economy

Principles and Unsettled Dynamics of Capitalism

Phillip Anthony O'Hara

Marx Veblen And Contemporary Institutional Political Economy

Arno Tausch, Almas Heshmati

Marx Veblen And Contemporary Institutional Political Economy:

Marx, Veblen, and Contemporary Institutional Political Economy Phillip Anthony O'Hara, 2000 O'Hara economics Curtin U of Technology Australia uses an institutional evolutionary approach to analyze economic problems associated with developments in capitalism during the second half of the 20th century Arguing that economics should center on institutions as the durable fabric of the economy over time he traces the lineages of institutional themes and considers feminist post Keynesian holistic economic and Schumpeterian perspectives He then explores the nature of institutions in the growth and instability of capitalism with reference to social structures of accumulation He concludes that the evolution of modern capitalism is likely to remain unstable Annotation copyrighted by Book News Inc Portland OR [Marx, Veblen, and the Foundations of Heterodox Economics](#) Tae-Hee Jo, Frederic Lee, 2015-07-30 John F Henry is an eminent economist who has made important contributions to heterodox economics drawing on Adam Smith Karl Marx Thorstein Veblen and John Maynard Keynes His historical approach offers radical insights into the evolution of ideas ideologies and theories giving rise to and or induced by the changes in capitalist society Essays collected in this festschrift not only evaluate John Henry's contributions in connection to Marx's and Veblen's theories but also apply them to the socio economic issues in the 21st century In Part I leading heterodox economists in the traditions of Marxism Post Keynesianism and Institutionalism critically examine Marx's and Veblen's theoretical frameworks and their connections to each other that have become the foundations of heterodox economics Chapters in Part II showcase alternative theoretical explanations inspired by Marx Veblen and Henry Topics in this Part include financial crisis financialization capital accumulation economics teaching and the historical relationship between money and class society Part III is devoted to John Henry's heterodox economics encapsulated in his farewell lecture interview and bibliography Essays in this book individually and collectively make an important point that the history of economic thought or historical analysis of economic theory and policy is an integral part of developing heterodox economics as an alternative theoretical framework Anyone who is troubled by the recurring failure of capitalism as well as mainstream economics will find this book well worth reading *The Elgar Companion to Social Economics, Second Edition* John B. Davis, Wilfred Dolfsma, 2015-05-29 Social economics is a dynamic and growing field that emphasizes the key roles social values play in the economy and economic life This second edition of the Elgar Companion to Social Economics revises all chapters from the first edition and adds impo **Principles of Institutional and Evolutionary Political Economy** Phillip Anthony O'Hara, 2022-08-29 This is the very first book to explicitly both detail the core general principles of institutional and evolutionary political economy and also apply the principles to current world problems such as the coronavirus crisis climate change corruption AI Robotics policy governance money and financial instability terrorism AIDS HIV and the nurturance gap No other book has ever detailed explicitly such core principles and concepts nor ever applied them explicitly to numerous current major problems The core general principles and concepts in this book which are outlined

and detailed include historical specificity hegemony circular heterogeneous groups contradiction uncertainty innovation and policy as well as a Presidential address to the Association for Evolutionary Economics AFEE on corruption The structure of the book starts with two chapters on the principles of institutional and evolutionary political economy firstly their history and secondly a chapter on the contemporary nature of the principles and concepts This is followed by nine chapters applying some of the core principles to current world problems such as the coronacrisis climate change corruption AI robotics policy money financial instability terrorism HIV AIDS and the nurturance gap The book finishes with a conclusion a glossary of major terms and an index The author s principles are well established in the literature and this book provides a detailed exposition of them and their application

Political Economy Christian May, Daniel Mertens, Andreas Nölke, Michael Schedelik, 2024-05-21 This textbook offers a comprehensive introduction to Political Economy It combines comparative international and historical perspectives into a holistic framework of analysis Drawing on the work of Karl Polanyi the book shows how capitalist economies differ around the globe and how they are embedded in the international economic order Through a critical institutionalist lens it helps to account for the evolution of contemporary capitalism and addresses current topics at the intersection of political science and economics Students and instructors can draw on supplementary material such as Power Point slides with all figures and tables as well as the Springer Nature Flashcards app with exercises

The Political Economy of Monetary Circuits J. Ponsot, S. Rossi, 2009-10-21 This book provides cutting edge material elaborating on monetary circuit theory and post Keynesian monetary economics It contributes to a new approach to monetary analysis which provides original insights into the complex fields of money banking and finance

Contemporary Capitalism and Its Crises Terrence McDonough, Michael Reich, David M. Kotz, 2010-01-11 This volume analyses contemporary capitalism and its crises based on a theory of capitalist evolution known as the social structure of accumulation SSA theory It applies this theory to explain the severe financial and economic crisis that broke out in 2008 and the kind of changes required to resolve it The editors and contributors make available new work within this school of thought on such issues as the rise and persistence of the neoliberal or free market form of capitalism since 1980 and the growing globalization and financialization of the world economy The collection includes analyses of the U S economy as well as that of several parts of the developing world

The Political Economy of Communication Vincent Mosco, 2009-04-23 A masterpiece the one single indispensable book that all media students and scholars need to read to understand this vital and growing area of research Robert W McChesney University of Illinois at Urbana Champaign A contemporary classic of media studies Vincent Mosco among the leading media scholars of our or any time brings his searing insights and crystal prose to bear on the latest issues and debates of the field An indispensable resource for researchers activists and students everywhere Toby Miller University of California Riverside Since publication of its first edition *The Political Economy of Communication* has established itself as a true classic and one of the most important contributions to the field This second edition has been thoroughly restructured

updated and expanded to make it an indispensable text for students and scholars alike Putting the student at the centre of its updates this book Maps the definitions and foundations of political economy Adds 3 new chapters to explore current trends from feminism and labour to new media forms of resistance media reform and democracy Illustrates throughout how power operates across the 21st century media landscape Explores key issues in how media power intersects with globalization social class race gender and surveillance Shows media students why it is essential to understand political economy and its application to media and communication Combining penetrating theoretical analysis with passionate commitment Vincent Mosco once again gives readers an indispensable introduction to the field

Globalization, the Human Condition, and Sustainable Development in the Twenty-first Century Arno Tausch, Almas Heshmati, 2013-10-01 Globalization the Human Condition and Sustainable Development in the Twenty first Century Cross national Perspectives and European Implications is a cross national 175 nation based exploration of the deep crisis in which Europe currently finds itself Investigating the effects of dependency theory and world systems theory upon the global success of eight dimensions of development including democracy environmental sustainability employment social cohesion high quality tertiary education and gender justice this study argues that the current European crisis has been precipitated by the pro globalist policies of the European Commission and that in the near future these policies threaten to enter Europe into a destructive race to the bottom

Mapping Geographies of Violence Heather A. Kitchin Dahringer, 2021-01-29T00:00:00Z The contributors to Mapping Geographies of Violence explore the multi layered meaning of violence and the various ways it occupies our daily lives be they overt institutional structural or covert With an eye towards social justice each chapter offers a discrete definition of violence and provides readers with a range of theoretical orientations from social psychology symbolic interactionism and Marxism to discourse analysis From these perspectives several examples of violence are explored anti feminism police raids gendered violence mental illness sex work and poverty Mapping Geographies of Violence presents readers with a larger understanding and analysis of how violence far from just an expression of individuals or groups is rooted in social constructs like class patriarchy and racism

Health Care Economics John B. Davis, Robert McMaster, 2017-06-01 The analytical approach of standard health economics has so far failed to sufficiently account for the nature of care This has important ramifications for the analysis and valuation of care and therefore for the pattern of health and medical care provision This book sets out an alternative approach which places care at the center of an economics of health showing how essential it is that care is appropriately recognized in policy as a means of enhancing the dignity of the individual Whereas traditional health economics has tended to eschew value issues this book embraces them introducing care as a normative element at the center of theoretical analysis Drawing upon care theory from feminist works philosophy nursing and medicine and political economy the authors develop a health care economics with a moral basis in health care systems In providing deeper insights into the nature of care and caring this book seeks to redress the shortcomings of the

standard approach and contribute to the development of a more person based approach to health and medical care in economics Health Care Economics will be of interest to researchers and postgraduate students in health economics heterodox economists and those interested in health and medical care Long Waves of Growth, Hegemonic Power, and Climate Change in the World Economy Phillip Anthony O'Hara, 2025-10-02 This book investigates eras of major geopolitical and socioeconomic power development relative demise and potential renewal for four major political economies It concentrates on the Dutch Golden Age of the late 1500s and 1600s British hegemony of the 1800s Pax Americana of the 1900s and Chinese potential hegemony of the 2000s as well as long wave patterns of change over successive centuries to the present and to some degree into the future Dutch British US and Chinese economies are situated within patterns of long term successive rise and fall and fall and rise of economic growth hegemony and climate change in the world political economy including linkages between core periphery and semi periphery Patterns of multiple crises tend to appear in between hegemonic periods and climate change often undergoes complex dynamics through time while currently climate anomalies are emerging during mostly long wave downswings and polycrises in the world economy Contemporary themes of the book include the ongoing competition for world domination between the US and China the conflict over Ukraine Taiwan that some think may generate world war 3 the climate change crisis that continues to plague the world and whether the world and its major economies are likely to undergo a Golden Age into the future Chapter 7 of this book on US hegemony and long waves includes extracts of material that won the Myrdal Prize for Book of the Year Prize from EAEPE as well as Journal Article of the Year from Curtin Business School Ideas from parts of Chapter 9 emanate from a volume that won Book of the Year Award from CBS A climate change paper that won Journal Article of the Year Awards from EAEPE and CBS informed ideas that are used in several parts of this book The book outlines key stylized facts from the analysis and presents hypotheses for further investigation on the relationship between long term growth hegemony and climate change The book uses the work of Kondratiev Schumpeter and company themes in economic history modern political economy schools and the principles of political economy contingency paradigm to reformulate long wave hegemony and climate change hypotheses and empirics

Capitalist Development in India's Informal Economy Elisabetta Basile, 2013-06-07 This book explores the economy and society of Provincial India in the post Green Revolution period It argues that the low quality of capital development in India's villages and small towns is the joint outcome of the informal economic organisation that is strongly biased in favour of capital and of the complex stratification of the workforce along class and caste lines Focusing on the processes of growth induced by the introduction of the high yield varieties in agriculture the book demonstrates that a low road pattern of capitalist development has been emerging in provincial India firms compete over price and not over efficiency with a constant pressure to reduce costs in particular labour costs The book shows that low skilled employment prevails and low wages and poor working conditions are widespread Based on original empirical research the book makes a valuable contribution to the

debate on varieties of capitalism in particular of the Global South It is of interest to academics working in the fields of Development Studies Political Economy and South Asian Studies

The Changing Identity of Rural India Elisabetta Basile, Ishita Mukhopadhyay, 2009-07-01 The book explores the pattern of rural development in contemporary India from a multidisciplinary and historical perspective The essays overcome the limits of disciplinary approaches to provide a comprehensive analysis of the processes of change and growth at work in the Indian countryside and to review the social and cultural dynamics that have led to the contemporary situation Providing an analysis of the economic political and social changes experienced in rural India they examine the interactions between actors and institutions at different levels Some contributions focus on the impact of state policies on rural development and on the rationale of capitalistic expansion in the Indian countryside while others analyse how the changes are promoted adopted and resisted at the local level The general issue raised in the book refers to the assessment of the nature and working of contemporary Indian rural economy In order to analyse the complexity of the rural economy and the forms it takes in different Indian contexts this issue has been deconstructed considering in turn the process of rural change the impact of rural growth on working and living conditions and finally the categories of the inhabitants of rural areas and the construction of their identities in colonial and post colonial rural India

The Fall and Rise of the Islamic State Noah Feldman, 2012-08-26 Perhaps no other Western writer has more deeply probed the bitter struggle in the Muslim world between the forces of religion and law and those of violence and lawlessness as Noah Feldman His scholarship has defined the stakes in the Middle East today Now in this incisive book Feldman tells the story behind the increasingly popular call for the establishment of the shari a the law of the traditional Islamic state in the modern Muslim world Western powers call it a threat to democracy Islamist movements are winning elections on it Terrorists use it to justify their crimes What then is the shari a Given the severity of some of its provisions why is it popular among Muslims Can the Islamic state succeed should it Feldman reveals how the classical Islamic constitution governed through and was legitimated by law He shows how executive power was balanced by the scholars who interpreted and administered the shari a and how this balance of power was finally destroyed by the tragically incomplete reforms of the modern era The result has been the unchecked executive dominance that now distorts politics in so many Muslim states Feldman argues that a modern Islamic state could provide political and legal justice to today s Muslims but only if new institutions emerge that restore this constitutional balance of power The Fall and Rise of the Islamic State gives us the sweeping history of the traditional Islamic constitution its noble beginnings its downfall and the renewed promise it could hold for Muslims and Westerners alike In a new introduction Feldman discusses developments in Egypt Tunisia Libya and other Muslim majority countries since the Arab Spring and describes how Islamists must meet the challenge of balance if the new Islamic states are to succeed

Government Failure Wilfred Dolfsma, 2013-01-01 Starting from the idea that market and state are intertwined domains and explaining the economy as a system of communication evolving through innovation

this excellent book makes a valuable contribution to understanding government rule setting in knowledge based economies It provides a taxonomy of ways in which government rules function more or less successfully and addresses the important problem of institutional vulnerability Intellectual property rights laws and reform of health care systems are perceptively discussed This book is strongly recommended for public policy experts and researchers investigating the publicprivate economy John Davis Marquette University US and University of Amsterdam The Netherlands Since the 1970s the conventional wisdom has been that governments should retreat from the economic sphere and enhance the role of markets The financial crash of 2008 has brought that into question This stimulating set of essays considers the role of government in modern complex economies Addressing the potential for both government failure and market failure and drawing on empirical evidence these studies are important contributions to a revived debate Geoffrey M Hodgson University of Hertfordshire UK The idea that governments as well as markets can fail has been central to the public choice literature for the last half century Typically government failure is described and measured as excessive expenditures or unbalanced budgets This original book points out that government failures often take the form of inappropriate or inconsistent rules governing the private sector The argument is nicely illustrated using real world examples in the areas of healthcare innovation and intellectual property The book is a timely and important contribution to the literature Dennis C Mueller University of Vienna Austria This highly unique book takes a fundamental look at when and how a government can fail at its core responsibility of formulating rules Government representing society relates to the economy by formulating the rules within which market players should operate Although market and business failure are much discussed in the economics literature government failure is often overlooked This book addresses this gap exploring in detail what constitutes government failure Wilfred Dolfsma illustrates that it is not adequate to discuss government failure simply with reference to its level of expenditure as is usually the case Defining government failure and analysing it in the domains of health care innovation and technology he explores topics such as how market and society relate consequences of conflicts between government policies how government should not intervene the vulnerability of institutions and rules set out by government and suggests a welfare perspective for evaluative purposes This stimulating and thought provoking book will prove a fascinating read for academics researchers and advanced students in economics particularly public choice and institutional economics public administration policy studies and law and economics

The Evolution of the Property Relation A. Davis, 2015-02-04 Evolution of the Property Relation defines an approach to economics which is centered around the concept of property and explores the historical evolution of the relationship of the individual private property and the state and the distinctive changes wrought by the emergence of the market

Pluralistic Economics and Its History Ajit Sinha, Alex M. Thomas, 2019-05-24 This volume is a history of economics as it was interpreted discussed and established as a discipline in the 20th century It highlights the pluralism of the discipline and brings together leading voices in the field who reflect on

their lifelong work The chapters draw on a host of traditions of economic thought including pre classical classical Marxian neoclassical Sraffian post Keynesian Cantabrigian and institutionalist traditions in economics Further the volume also looks at the history of economics in India and its evolution as a discipline since the country s independence This book will appeal to students researchers and teachers of economics and intellectual history as well as to the interested general reader

Growth and Development in the Global Political Economy Phillip O'Hara, 2004-03-01 Recent institutional changes have seen the increasing dominance of globalization and neoliberalism in the world economy As markets have been deregulated privatization and unproductive government spending have been promoted Yet the greater volatility of capitals the emergence of many financial crises a decline in trust and environmental problems have cast doubt on the effectiveness of neoliberal globalization This book studies the impact of neoliberal globalization on growth and development in the world economy It scrutinizes whether new social structures of accumulation or modes of regulation have emerged to promote long term socioeconomic performance in the global economy during the early years of the twenty first century Special reference is given to the specific performance of neoliberal governance transnational corporations global institutions of money trade and production international relations of war and terrorism financial institutions and the family community environment It is a comprehensive analysis of the degree to which institutional development has managed to promote socioeconomic performance in the global economy It also presents a thorough policy program of action for long wave upswing in the world economy It will be especially useful for those scholars and students concerned with issues of governance global political economy institutions and macroeconomics Global Political Economy and the Wealth of Nations Phillip Anthony O'Hara, 2004 Documents the major processes performance institutions problems and policies associated with global political economy This book present an analysis of the changing distribution and production of wealth throughout the world the global technological revolution and a special study of Asia and Eastern Europe in the world system
