Marxism And The Open Mind:

Marxism and the Open Mind John Lewis, 2015-06-01 In *Marxism and the Open Mind* John Lewis seeks to explain Marxism as a system of thought In doing so he addresses the studied neglect or grotesque misrepresentation that he feels characterizes Western attitudes toward Marxism Lewis also aims to stimulate what he believes to be a long overdue re evaluation of Marxism in the light of what was contemporary thought in 1957 the year of the book's original publication and the height of the Cold War era The essays include chapters on human rights and a discussion on Marxism and liberty Marxist ethics a much neglected theme is the subject of an essay that deals with some of the most deeply felt criticisms of Marxism in the 1950s The ethical aspects of Marxism are examined once again in a contribution to the debate on Marxism and religion The volume concludes with essays on Berdyaev and Sartre which strike a note on the Marxist estimation of these thinkers and with an essay on Marxist humanism The essays cover a wide field of thought uniting a close and sympathetic study of Marxism with a critical judgment rooted in academic training at three universities and experience in the Christian ministry

Marxism & the Open Mind (RLE Marxism) John Lewis, 2015-04-24 It has been said that the normal English reaction to uncomfortable facts of life such as Marxism is an embarrassed but determined silence That anyone should experience a desire to enquire into ideas as such and to probe into the motives influencing them seems extraordinary Marxism is however subjected to a close study in this book first published in 1957 and the collected essays attempt the task of combining certain elements in the heritage of modern culture with the insights of Marxism There can be no vital thinking for our age that does not do justice to both traditions *Marxism and the Open Mind* John Lewis, 1973 **Marxism & the Open Mind** John Lewis, 1941 *Michael Oakeshott Selected Writings Collection* Michael Oakeshott, 2014-08-26 A collection of 6 volumes of Oakeshott's work Notebooks 1922-86 Early Political Writings 1925-30 The Concept of a Philosophical Jurisprudence Vocabulary of a Modern European State Lectures in the History of Political Thought and What is History *The Anglo-Marxists* Edwin A. Roberts, 1997 In this book Edwin Roberts provides a comparative intellectual history of the development of Marxist theory in Great Britain concentrating on the years between the Great Depression and the Cold War Roberts argues that during this period there developed among university educated intellectuals a distinctively Anglicized form of Marxist theory that prefigured the analytical Marxism so prominent in the English speaking world today Roberts' important book explores this school_a precursor to contemporary analytical Marxism_examining key figures such as Haldane and Bernal and providing readers with a compelling argument for the significance of Anglo Marxism in the tradition of Marxist thought **Karl Marx and Friedrich Engels (RLE Marxism)** Cecil L. Eubanks, 2015-04-17 The project to publish the works of Marx and Engels continues and this book published in 1984 puts together a comprehensive bibliography of their works either written in or translated into English including books monographs articles chapters and doctoral dissertations together with the works of their interpreters The inclusion of the secondary literature makes this a particularly valuable

bibliography and contributes greatly to the understanding of the thought of Marx and Engels **Demythologizing**

Marxism F.J. Adelman, 2012-12-06 This second volume of the Boston College Studies in Philosophy commemorates the one hundred and fiftieth anniversary of the birth of Karl Marx This dedication bespeaks the evolution permeating the entire world today not only in the sense of a development of ideas but more especially of the inner and sincere quest for peace intensifying in the hearts of all men We Christians rejoice in the drive onward toward the fulfillment of peace on earth We are sorry however that it is so late in Christian history and that it received its impulse more from the fear of nuclear armaments than from the development of Christian ideas Nonetheless here in the midst of so much bewilderment we add an optimistic note in the realization that these ideas can now touch at long last offer hope for a peaceful future Strange as it may seem there is currently a new interest in the philosophy of Marxism This stems in part from the renewed study of the writings of the young Marx and a concentration on that aspect of his work which is more philosophical than politico economic such as is more prominent in the later *Das Kapital* But even more our interest in Marxism has occurred because of what has happened to the contemporary Marxists themselves First of all after Stalin's time a certain new openness not yet perfect but nonetheless real has developed in Russia to the benefit of scholars **Marx's Capital and One Free World** Tadas Horie, 1991-06-18 This

book aims to clarify what the author believes to be the fallacy of the infallibility of Marx's Capital and Marxist ideology in general Other works by the author include *Marxian Economics and Reality* and *The Critique of Dialectic Economics*

D.),1957 **Reading South Vietnam's Writers** Thomas Engelbert,Chi P. Pham,2023-07-04 This edited book examines how South Vietnam s formerly the Republic of Vietnam 1955 1975 literary and journalistic writers were perceived and potentially influenced by Western thought led by thinkers such as Jean Paul Sartre Franz Kafka Sigmund Freud Thomas Mann Martin Heidegger Hermann Hesse Edmund Husserl Stefan Zweig Graham Greene and Somerset Maugham The book reveals the dynamism and diversity of Western thought in individual literary texts as well as among the authors themselves The volume considers how writers and their texts engaged with issues that are socially culturally politically and philosophically significant to Vietnam and beyond past and present This approach to South Vietnam s literary and journalistic tradition enables an alternative plural inclusive view of the significance of these texts which are shown to be neither exclusively anti Communist nor bourgeois individualist c nh n ti u t s n as they have so often been interpreted both in and outside of Vietnam Such an interpretation problematically retains the marginal position of South Vietnam s literature in mainstream Vietnamese literature and in the literatures of the host countries where these Vietnamese authors have migrated settled and continued to write following the Fall of Saigon This volume presents itself as a key text for those studying Asian and postcolonial literatures as well as scholars in the humanities researching Vietnam its history politics society and culture **The Vocabulary of a Modern European State** Michael Oakeshott,2011-10-27 The Vocabulary of a Modern European State is the companion volume to The Concept of a Philosophical Jurisprudence and completes the enterprise of gathering together Oakeshott s previously scattered essays and reviews As with all the other volumes in the series it contains an entirely new editorial introduction explaining how the writings it contains find their place in his work as a whole It covers the years 1952 to 1988 the period during which Oakeshott wrote his definitive work On Human Conduct The essay from which the volume takes its title was intended as a companion piece to the third part of the latter work and is just one of over sixty pieces that it includes The volume draws together critical responses to works by major philosophers historians and political theorists of his own generation such as Bertrand de Jouvenel Herbert Marcuse and Michael Polanyi as well as to some major figures of current scholarship such as Quentin Skinner and Roger Scruton **Polish Marxism after Luxemburg** Jan Toporowski,2022-12-09 In Polish Marxism after Luxemburg Jan Toporowski and leading experts offer a unique and insightful overview of Polish political economic ideas since the early 20th century building an introduction to some key themes and figurehead political economists **Biographical Dictionary of Twentieth-Century Philosophers** Stuart Brown,Diane Collinson,Robert
