## **Marxist Modern:**

*Marxist Modern* Donald L. Donham, 1999-06-25 Modernity has become a keyword in a number of intellectual debates in marginal areas of the world as much as its centres of power and wealth Investigating Ethiopia during the 1974 revolution Donald Donham constructs a narrative of upheaval and change presenting locals views on the matter **Marx and Modern Political Theory** Philip J. Kain, 1993 Philip J Kain deftly demonstrates the historical antecedents to and continuing relevance of Karl Marx s thought Kain reveals the unappreciated pluralism of Marx how it has endured and how it will continue to adapt to the challenges of modern day thought such as feminist theory **Karl Marx and the Birth of Modern Society** Michael Heinrich, 2019-07-02 A new comprehensive biography of the life and work of Karl Marx For over a century Karl Marx s critique of capitalism has been a crucial resource for social movements Now recent economic crises have made it imperative for us to comprehend and actualize Marx s ideas But without a knowledge of Karl Marx s life as he lived it neither Marx nor his works can be fully understood There are more than twenty five comprehensive biographies of Marx but none of them consider his life and work in equal corresponding measure This biography planned for three volumes aims to include what most biographies have reduced to mere background the contemporary conflicts struggles and disputes that engaged Marx at the time of his writings alongside his complex relationships with a varied assortment of friends and opponents This first volume will deal extensively with Marx s youth in Trier and his studies in Bonn and Berlin It will also examine the function of poetry in his intellectual development and his first occupation with Hegelian philosophy and with the so called young Hegelians in his 1841 Dissertation Already during this period there were crises as well as breaks in Marx s intellectual development that prompted Marx to give up projects and re conceptualize his critical enterprise This volume is the beginning of an astoundingly dimensional look at Karl Marx a study of a complex life and body of work through the neglected issues events and people that helped comprise both It is destined to become a classic *At Work in the Early Modern English Theater* Matthew Kendrick, 2015-06-11 *At Work in the Early Modern English Theater* Valuing Labor explores the economics of the theater by examining how drama seeks to make sense of changing conceptions of labor With the growth of commerce and market relations in sixteenth and seventeenth century England came the corresponding degradation and exploitation of workers many of whom made their frustrations known through petitions and pamphlets Poverty affected all sectors of society in early modern England and many laborers even London citizens from more prosperous trades could expect to experience periods of impoverishment This group of precarious laborers included actors and playwrights many of whom had direct connections to London s more established trades and occupations Scholars have argued that dispossessed laborers turned to other forms of labor in lieu of their traditional livelihoods including brigandage piracy begging and cozening To this list of alternative communities and applications of labor in the early modern period Matthew Kendrick s scholarship adds the London theaters Each chapter is guided by the central premise that anxiety over the objectification and dispossession of

labor in its various forms is enacted on stage and that drama helps to formulate by merit of the theater's socioeconomic identity an emerging laboring subjectivity engendered by the violent development of capitalism. As the nexus of a declining feudal social structure and an emerging capitalist regime of commodity production, a location in which dispossessed labor intersected with traditions of skilled labor and the unwieldy consumerist energies of the marketplace, the space of the theater was uniquely situated to channel and give dramatic form to the growing antagonisms and tensions that shaped labor. The stage offers a space in which to negotiate the value and meaning of labor in an increasingly exploitative society. *Marx's Theory of Price and its Modern Rivals* H. Nicholas, 2011-10-18. Marx's Theory of Price and its Modern Rivals provides an original look at how Marx understood the role of money, extending his theory to consider how prices move over the course of business cycles. Key modern theories of price are also analysed. Neoclassical, Post Keynesian, and Sraffian theories are contrasted with Marxian thought. *Rethinking Marx* Shipeng Zou, Xuegong Yang, 2007. **Contemporary Studies on Modern Chinese History II** Zeng Yeying, 2020-10-29. The study of modern Chinese history has developed rapidly in recent decades and has seen increased exploration of new topics and innovative approaches. Resulting from a special issue of *Modern Chinese History Studies*, this volume is devoted to showcasing the healthy development of Chinese modern history studies and has already been revised twice in the original language. This volume exhibits major achievements on the study of modern Chinese history and shows how the role of history was in debate, transformation, and re-evaluation throughout this tortuous yet prosperous period. Articles on seven different topics are collected from over ten prominent historians in order to represent their insights on the developmental paths of Chinese historical studies. Drawing on a large number of case studies of critical historical events such as imperial China and the Chinese Workers Movement, this volume sets out to explore topics such as the history of Sino-foreign relations as well as the history of workers' movements and youth movements. This book will be a valuable reference for scholars and students of Chinese history. **Chronologies of Modern Terrorism** Barry Rubin, Judith Colp Rubin, 2015-01-28. Concise yet comprehensive, this one-volume reference examines the history of terrorism in the modern world, including its origins and development and terrorist acts by groups and individuals from the French Revolution to today. Organized thematically and regionally, it outlines major developments in conflicts that involved terrorism, the history of terrorist groups, key aspects of counterterrorist policy, and specific terrorist incidents. Initial chapters explore terrorism as a social force and analyze the use of terrorism as a political tool, both historically and in the contemporary world. Subsequent chapters focus on different parts of the world and consider terrorism as a part of larger disputes. Each chapter begins with a historical introduction and analysis of the topic or region, followed by one or more chronologies that trace events within political and social contexts. A glossary, selected bibliography, and detailed index are also included. **Modern Feminisms** Maggie Humm, 1992. Contributors include Simone de Beauvoir, Catharine A. MacKinnon, Audre Lorde, Adrienne Rich, Betty Friedan, Gayle Rubin, Laura Mulvey, Elaine Showalter, and Julia Kristeva. **Japanese Studies of Modern China**

**since 1953** Noriko Kamachi, John K. Fairbank, Chūzō Ichiko, 2020-03-17 A comprehensive bibliographical guide to Japanese research published between 1953 and 1969 on the topic of Modern China in the nineteenth and twentieth centuries

*Capitalism and Modern Social Theory* Anthony Giddens, 1971 Offers a new analysis of the ideas of the 3 authors who have contributed most to the establishment of the basic framework of contemporary sociology **Marx, Engels and Modern**

**British Socialism** Seamus Flaherty, 2020-05-20 This book is a reception study of Karl Marx's and Friedrich Engels' ideas in Britain during the late nineteenth century and a revisionist account of the emergence of modern British socialism. It reconstructs how H. M. Hyndman, E. B. Bax and William Morris interacted with Marx and Marxism. It shows how Hyndman was a socialist of liberal and republican provenance rather than the Tory radical he is typically held to be, how Bax was a sophisticated thinker and highly influential figure in European socialist circles rather than a negligible pedant, and it shows how Morris's debt to Bax and liberalism has not been given its due. It demonstrates how John Stuart Mill in particular was combined with Marx in Britain, illuminates other liberal influences which help to explain the sectarian attitude adopted by the Social Democratic Federation towards organised labour, and it establishes an alternative genealogy for Fabian socialism.

**Punishment and Modern Society** David Garland, 2024-05-31 In this path-breaking book David Garland argues that punishment is a complex social institution that affects both social relations and cultural meanings. Drawing on theorists from Durkheim to Foucault, he insightfully critiques the entire spectrum of social thought concerning punishment and reworks it into a new interpretive synthesis. *Punishment and Modern Society* is an outstanding delineation of the sociology of punishment. At last, the process that is surely the heart and soul of criminology and perhaps of sociology as well, punishment has been rescued from the fringes of these disciplines. This book is a first-class piece of scholarship. Graeme Newman, *Contemporary Sociology*. Garland's treatment of the theorists he draws upon is erudite, faithful and constructive. *Punishment and Modern Society* is a magnificent example of working social theory. John R. Sutton, *American Journal of Sociology*. *Punishment and Modern Society* lifts contemporary penal issues from the mundane and narrow contours within which they are so often discussed and relocates them at the forefront of public policy. This book will become a landmark study. Andrew Rutherford, *Legal Studies*. This is a superbly intelligent study. Its comprehensive coverage makes it a genuine review of the field. Its scholarship and incisiveness of judgment will make it a constant reference work for the initiated, and its concluding theoretical synthesis will make it a challenge and inspiration for those undertaking research and writing on the subject. As a state-of-the-art account, it is unlikely to be bettered for many a year. Rod Morgan, *British Journal of Criminology*. Winner of both the Outstanding Scholarship Award of the Crime and Delinquency Division of the Society for the Study of Social Problems and the Distinguished Scholar Award from the American Sociological Association's Crime Law and Deviance Section. [Accidental Diplomats](#) Phil Dow, 2024-04-30 Evangelicals in the Shadows of Global Conflict. In the twentieth century, a hidden chapter of the Cold War unfolded in Africa, shaped by American evangelical missionaries. *Accidental*

Diplomats uncovers this lesser known story revealing how these missionaries quest to spread the gospel intersected with global geopolitics Their spiritual mission had an unforeseen impact on the socio political dynamics of the era This book offers a deep dive into the complex interplay of evangelical missions African politics and Cold War strategies It explores the significant yet subtle role of faith in shaping international relations and cultural transformations in Congo Ethiopia and Kenya The narrative brings to light key events and influential figures unraveling the intricate web of religion and global power politics Accidental Diplomats is an enlightening read that challenges conventional Cold War narratives spotlighting the often overlooked influence of American evangelicals in shaping Africa s political landscape during this tumultuous period Providing a unique perspective on the intersections of faith history and international diplomacy during the Cold War this book will be a valuable resource for scholars and lay readers alike **The Spirit of Modern Republicanism** Thomas L.

Pangle,1990-10-15 Pangle reexamines the moral philosophy of the Founding Fathers and finds that at the heart of the Framers republicanism was a dramatically new vision of civic virtue religious faith and intellectual life rooted in an unprecedented commitment to private and economic liberties and that this commitment represented a departure from both the classical and biblical traditions He challenges those who explain 18th century political thought exclusively in terms of historical circumstances Calvinistic faith or economic and social ideology He develops a new interpretation of John Locke s moral and political philosophy arguing that Locke s greatest political and rhetorical achievement was in transforming the God of the Bible into the God of reason and nature and shows Locke s influence on the Framers thought ISBN 0 226 64540 1 22 50 A Modern Chinese Journey to the West Ulric Killion,2006 This book begins and perhaps should end with an excerpt from the writings of the late eminent Chinese scholar Fung Yu lan or Feng Youlan 1895 1990 who wrote The ancient Chinese culture is an inherent factor determining the Chinese style If the latter enunciation of Fung Yu lan stirs one s interest in Chinese culture for the typical reasons such as an interest in ancient periods of China romanticism which focuses on the exotic and mysterious for example Zen Buddhism and Taoism or simply as the source of exotic objets d art then all the better Because for a typical Westerner bound in Western conventionalism and parochialism engendering an understanding of the policies and practices of the People s Republic of China China necessitates understanding a modern China in light of Chinese traditional culture or philosophy or a China in antiquity The consequence of Chinese traditional culture affects many political economy concerns of modern China ranging from socio economic political to international trade and other concerns Indeed philosophical antecedents influence modern Chinese policies and practices A History of Modern Political Thought Gary K. Browning,2016 How are we to understand past political thinkers Is it a matter simply of reading their texts again and again Do we have to relate past texts of political thought to the contexts in which ideas were composed and in which the aims of past thinkers were formulated Or should past political theories be deconstructed so as to uncover not what their authors maintain but what the texts reveal In this book theories of interpreting past political thinkers are examined and the

interpretive methods of a range of theories are reviewed including those of Hegel Marx Oakeshott Collingwood the Cambridge School Foucault Derrida and Gadamer The application of these theories of interpretation to notable modern political theorists Machiavelli Hobbes Locke Rousseau Kant Hegel Marx Bentham Mill Nietzsche and Beauvoir is then used as a way of understanding modern political thought and of assessing interpretive theories of past political thought The result is a book which sees the history of modern political thought as more than a procession of political theories but rather as a reflection on the meaning of past political thought and its interpretation It provides a way of reading the history of modern political thought in which the question of interpretation matters both for understanding how we interpret the past but also for considering what it means to undertake political thinking

*Critically Modern* Bruce M. Knauft, 2002-09-27 *Critically Modern* makes a critical intervention in one of the great debates of the moment It offers a variety of rich and fascinating empirical analyses of modern phenomena from diverse societies and contributes a powerful and largely missing voice to the growing literature on globalization and modernity outside anthropology Charles Piot In these essays theory and ethnography are presented in ways that make them mutually enriching The volume should appeal to scholars across the entire range of disciplines that deal with modernity and or globalization Edward LiPuma Are there multiple ways of being modern in the world today How do people in various parts of the world become modern in their own distinct ways Does the current focus on modernity in the social sciences resurrect a series of dichotomies traditional and modern the West and the Rest developed and undeveloped that social theorists have sought to move beyond in recent years Or do inflections of modernity capture key features of ideology and influence in the contemporary world Combining rich ethnographic analysis with incisive theoretical critiques this timely volume is certain to make an important mark in anthropology and in all related fields in which modernity is a central problematic Contributors Donald L Donham Robert J Foster Jonathan Friedman Ivan Karp John D Kelly Bruce M Knauft Lisa B Rofel Debra A Spitulnik Michel Rolph Trouillot and Holly Wardlow

*The Modern Divine Comedy Book 1: Inferno 1 Descending* Andrew J. Farrara, 2022-10-13 This book explores and details the experiences and trials of both the Journalist Romano known here as the First Man Adam and his celestial ancient Persian guide Zarathustra while they travel to the Inferno and Limboland Arenas of the Pre Historic Paleo Heroes the Ancient Greek Gods the Ancient Roman Gods the Sumerian the Norse Viking Gods the Indian Hindoo Vedic Gods the Chinese Gods the Koreans the Vietnamese the Amerikan Experimental the Cambodian the Burmese the Hodgepodge of Nations On The Fringe Desiring Anonymity the Japanese the Irish Republican Army the Native Americans the Incas and Cuba Nicaragua
