Marxist Theory And Democratic Politics:

Marxist Theory and Democratic Politics Christopher Pierson, 1986-01-01

Marxist Ethics within Western Political Theory N. Fischer, Asher Z Milbauer, 2015-04-09 As widely applied as Marxist theory is today there remain a host of key western thinkers whose texts are rarely scrutinized through a Marxist lens In this philosophical analysis of Marx's never before translated German notes on Machiavelli Montesquieu Rousseau and Lewis Henry Morgan Norman Fischer points to a strain of Marxist ethics that may only be understood in the context of the great works of Western political theory and philosophy particularly those that emphasize the republican value of public spiritedness the communitarian value of solidarity and the liberal values of liberty and equality

The Specter of Democracy Dick Howard, 2002 In this rethinking of Marxism and its blind spots Howard uses a critical rereading of Marx as a theorist of democracy to offer a new way to think about this political ideal He argues that it is democracy rather than Marxism that is radical and revolutionary and that Marx could have seen this but did not

Deleuze, Marx and Politics Nicholas Thoburn, 2003-09-02 A critical and provocative exploration of the political conceptual and cultural points of resonance between Deleuze's minor politics and Marx's critique of capitalist dynamics engaging with Deleuze's missing work The Grandeur of Marx This book explores the core categories of communism and capital in conjunction with a wealth of contemporary and historical political concepts and movements from the lumpenproletariat and anarchism to Italian autonomia and Antonio Negri immaterial labour and the refusal of work This book will serve as an introduction to Deleuze's politics and the contemporary vitality of Marx for students and will challenge scholars in the fields of social and political theory sociology and cultural studies

Political Philosophy and Political Action Adam Burgos, 2016-12-12 Political philosophers have long taken inspiration from political movements when crafting their theories which they hoped would address the universal problems of democracy Political Philosophy and Political Action investigates the relationship between political practices of popular resistance and political theory The text demonstrates how the lived experience on political resistance can help us to analyse and interpret theory and also reveals how concrete resistance movements can challenge the ideals of political theory generally It begins by examining the universal aspirations present within the contextual particularities of Black Lives Matter Occupy Wall Street and the Arab Spring Political Philosophy and Political Action then turns to critical examination of Jean Jacques Rousseau Karl Marx John Dewey and Jacques Rancière using novel interpretations of their philosophies of equality and democracy to construct a conceptual framework More specifically the chapters show how we can analyze resistance movements that incorporate the imperative to resist inequality in the name of democracy The result is a novel means of thinking about important issues in contemporary political philosophy including pluralism oppression and domination and the purposes and meaning of politics

Understanding Democratic Politics Roland Axtmann, 2003-03-06 This textbook is designed for first time students of politics It provides an ideal introduction and survey to the key themes and issues central to the study of democratic politics

today The text is structured around three major parts concepts institutions and political behaviour and ideologies and movements Within each section a series of short and accessible chapters serve to both introduce the key ideas institutional forms and ideological conflicts central to the study of democratic politics and provide a platform for further in depth studies Each chapter contains a bullet point summary a guide to further reading and a set of questions for tutorial discussion Designed and written for an undergraduate readership Understanding Democratic Politics An Introduction will become an essential guide and companion to all students of politics throughout their university degree The Political Ideas of Marx and Engels Richard Norman Hunt,2016-01-08 *Political Leadership in Liberal and Democratic Theory* Joseph Femia,András Körösényi,Gabriella Slomp,2016-08-22 The working hypothesis of this book is that the issue of leadership is neglected by mainstream democratic and liberal theories This deficiency has especially become evident in the last three or four decades which have witnessed a revival of deontological liberalism and radical theories of participatory and deliberative democracy The contributors examine discuss and evaluate descriptive analytical and normative arguments regarding the role of leadership in liberal and democratic theory The volume seeks to provoke debate and to foster new research on the significance and function of leaders in liberal democracies The book as a whole and in its constitutive chapters works on two levels First it aims to expose the lack of systematic treatment of leadership in mainstream liberal and democratic theory Second it explores the reasons for this neglect Overall the book tries to convince the reader that liberal and democratic theories should revive the issue of leadership Marx: Early Political Writings Karl Marx,1994-06-24 A newly translated selection of Marx s early political writings The General Will Andrew Levine,1993-09-24 This bold and unabashedly utopian book advances the thesis that Marx s notion of communism is a defensible normative ideal However unlike many others who have written in this area Levine applies the tools and techniques of analytic philosophy to formulate and defend his radical political program The argument proceeds by filtering the ideals and institutions of Marxism through Rousseau s notion of the general will Once Rousseau s ideas are properly understood it is possible to construct a community of equals who share some vision of a common good that can be achieved and maintained through cooperation or coordination that is at once both voluntary and authoritative The book engages with liberal theory in order to establish its differences from Rousseauian Marxian political theory This provocative book will be of particular interest to political philosophers and political scientists concerned with Marxism socialist theory and democratic theory *Karl Marx's Social and Political Thought* Bob Jessop,Charlie Malcolm-Brown,1999 *Marcel Gauchet and the Crisis of Democratic Politics* Natalie J. Doyle,Sean McMorrow,2022-02-25 This book presents for the first time in the English language Marcel Gauchet s interpretation of the challenges faced by contemporary Western societies as a result of the crisis of liberal democratic politics and the growing influence of populism Responding to Gauchet s analysis international experts explore the depoliticising aspects of contemporary democratic culture that explain the appeal of populism neo liberal individualism the

cult of the individual and its related human rights and the juridification of all human relationships The book also provides the intellectual context within which Gauchet's understanding of modern society has developed in particular his critical engagement with Marxism and the profound influence of Cornelius Castoriadis and Claude Lefort on his work It highlights the way Gauchet's work remains faithful to an understanding of history that stresses the role of humanity as a collective subject while also seeking to account for both the historical novelty of contemporary individualism and the new form of alienation that radical modernity engenders In doing so the book also opens up new avenues for reflection on the political significance of the contemporary health crisis Marcel Gauchet and the Crisis of Democratic Politics will be of great interest to scholars and postgraduate students of social and political thought political anthropology and sociology political philosophy and political theory

Revolutionary Democracy Soma Marik, 2018-03-09 In this wide ranging and insightful work Soma Marik defends the legacy of the Bolshevik Revolution arguing against many of its detractors that the early communist regime was centrally concerned with both the liberation of women and the expansion of democracy Soma Marik teaches Women's Studies and History at Jadavpur University

Democratic Philosophy and the Politics of Knowledge Richard T. Peterson, 2010-11-01 *Marx, Engels and Liberal Democracy* Michael Levin, 1989-02-09 A study investigating how the founders of Marxism came to terms with the emergence of liberal democracy as a political system It examines in language without jargon how they defined democracy and how they evaluated the liberal constitutional state by placing their ideas in historical context

Croce, Gramsci, Bobbio and the Italian Political Tradition Richard Bellamy, 2024-10-31 This book collects 15 essays exploring the Italian political tradition from Beccaria to Bobbio Particular attention is paid to the ways these theorists linked social with political theory on the one hand and politics with ethics on the other and to the influence of these links on their differing conceptions of the state and democracy All shared a neo Machiavellian concern with the divide separating their political ideals and the realities of everyday politics and devised diverse strategies for bridging the gap between them As a result they developed distinctively Italian understandings of liberalism Marxism and socialism shaped by a realist approach to politics Among the thinkers discussed are Cesare Beccaria Antonio Genovesi Benedetto Croce Guido de Ruggiero Antonio Gramsci Vilfredo Pareto Gaetano Mosca and Norberto Bobbio

Postmodern Marx Terrell Carver, 2010-11-01 Marx has changed What we read how we read and why we read Marx have all altered dramatically This book explores these multiple new Marxes In ten thematic chapters Carver examines unfamiliar texts and new aspects of Marx's writings ranging from vampires in Capital to his vision of communism in recently re-edited manuscripts Marx's career in democratic politics is re-evaluated and his relationship to the gender politics of his day and ours is explored Most importantly Carver re-assesses the strengths and weaknesses of Marx as a theorist and critic of capitalist society This book will appeal to anyone who wants a fresh perspective on Marx arising from a reconciliation of historical scholarship with the de-centredness of postmodern writing

Karl Marx's Theory of Revolution I Hal Draper, 1977-01-01 Volume I of Hal

Draper's definitive and masterful study of Marx's political thought which focuses on Marx's attitude toward democracy the state intellectuals as revolutionaries and much much more This series Karl Marx's Theory of Revolution represents an exhaustive and definitive treatment of Marx's political theory policy and practice Marx and Engels paid continuing attention to a host of problems of revolution in addition to constructing their grand theory All these political and social analyses are brought together in these volumes as the author draws not only on the original writings of Marx and Engels but also on the sources that they used in formulating their ideas and the many commentaries on their published work Draper's series is a massive and immensely valuable scholarly undertaking The bibliography alone will stand as a rich resource for years to come Yet despite the scholarly treatment the writing is direct forceful and unpedantic throughout and will appeal to the beginning student as much as the advanced reader

Democracy Ricardo Blaug, 2016-09-20 Democracy is an essential collection of source texts by major historical figures on the value of democracy key concepts and practices theoretical perspectives and contemporary challenges The volume includes reflections on democracy by Machiavelli Hobbes Madison Mill Lincoln and Paine It features Rousseau and Kant on freedom and autonomy Locke on equality Burke and Bakunin on representation Wollheim and Tocqueville on majority rule and Crick on citizenship Conservative Marxist socialist and feminist critiques are followed by new sections on the market civil society participation the Internet nationalism religion multiculturalism cosmopolitan democracy and violence Perfect for course use the book provides an unparalleled introduction to standard articulations of democracy and its multiple manifestations in our interconnected conflict ridden world

Hegemony and Education Deb J. Hill, 2007-01-01 Hegemony and Education explores how the educational insights implicit in Antonio Gramsci's historical materialist outlook have been reconciled to the post Marxist theory of radical democracy The author argues that there is an urgent need to redefine the dynamics of hegemony as a theory centering on the problem of cognitive and moral relational and valuational submissiveness that is a problem indicative of the pathologies of capitalism with respect to democratic theorizing

Enjoying the Melody of Term: An Emotional Symphony within **Marxist Theory And Democratic Politics**

In a world eaten by monitors and the ceaseless chatter of instantaneous connection, the melodic beauty and mental symphony developed by the written term frequently disappear in to the back ground, eclipsed by the constant sound and distractions that permeate our lives. Nevertheless, set within the pages of **Marxist Theory And Democratic Politics** a stunning fictional value full of raw feelings, lies an immersive symphony waiting to be embraced. Crafted by an elegant composer of language, this interesting masterpiece conducts viewers on a mental journey, skillfully unraveling the hidden songs and profound influence resonating within each carefully constructed phrase. Within the depths of this touching review, we shall examine the book is main harmonies, analyze their enthralling writing design, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
