Marx's Daughters Ronald Florence, 1975 **Marx's Fate** Jerrold Seigel, 2010-11 Marx's Fate is an intellectual biography of Marx that combines historical textual and psychological analyses to provide major new insights into the philosopher's writings and development **Marx's General** Tristram Hunt, 2010-08-03 Written with brio warmth and historical understanding this is the best biography of one of the most attractive inhabitants of Victorian England Marx's friend partner and political heir Eric Hobsbawm Friedrich Engels is one of the most intriguing and contradictory figures of the nineteenth century Born to a prosperous mercantile family he spent his life enjoying the comfortable existence of a Victorian gentleman yet he was at the same time the co author of The Communist Manifesto a ruthless political tactician and the man who sacrificed his best years so that Karl Marx could have the freedom to write Although his contributions are frequently overlooked Engels's grasp of global capital provided an indispensable foundation for communist doctrine and his account of the Industrial Revolution The Condition of the Working Class in England remains one of the most haunting and brutal indictments of capitalism's human cost Drawing on a wealth of letters and archives acclaimed historian Tristram Hunt plumbs Engels's intellectual legacy and shows us how one of the great bon viveurs of Victorian Britain reconciled his exuberant personal life with his radical political philosophy This epic story of devoted friendship class compromise ideological struggle and family betrayal at last brings Engels out from the shadow of his famous friend and collaborator

Marx's Ecology John Bellamy Foster, 2000-03 By reconstructing a materialist conception of nature and society Marx's Ecology challenges the spiritualism prevalent in the modern Green movement pointing toward a method that offers more lasting sustainable solutions to the ecological crisis **Marx's Lost Aesthetic** Margaret A. Rose, 1988-09-15 An original and challenging study of Marxist aesthetic theory from an art historical perspective *Marx* Vincent Barnett, 2020-10-28 Karl Marx has been portrayed in equal measure both as a political prophet who foresaw the end of capitalist exploitation and as a populist Anti Christ whose totalitarian legacy has cost millions of lives worldwide This new biography looks beyond these caricatures in order to understand more about the real Karl Marx about his everyday life and personal circumstances as well as his political ideology The book tells the life story of a man of ideas showing how his political and economic thought developed alongside his life and practical work Vincent Barnett seeks to paint Karl Marx not as a static unwavering character but as a man whose beliefs developed dynamically over time The book explores his personal background and problems of personal income and family health It also examines the influence of Hegel's methods on Marx's work and his relationship with Engels This lively up to date guide to the life of Karl Marx provides an excellent starting point for students in history politics and philosophy and for all those with an interest in Marxism and political ideas Marx's Concept of Man Erich Fromm, 2013-03-26 An exploration of how Marx's ideas have been misused and misunderstood from the New York Times bestselling author of Escape from Freedom In the Western world and especially in the United States Karl Marx is perceived

as the spiritual godfather of Lenin and Stalin someone bent on creating a state where everyone worships a centralized bureaucracy Social philosopher Erich Fromm argues that Marx has been entirely misrepresented and misunderstood and that Marx's ideas have been misappropriated to further causes antithetical to his true intentions Fromm's study presents Marx as a humanist and social scientist Painstakingly traveling through Marx's oeuvre Fromm shows how Marx's real goal was to eliminate man's alienation and allow individuals to live and appreciate a life of freedom Furthermore Fromm believes Marx would have considered the Communist governments of Russia and Cuba as wrong headed Marx's Concept of Man also includes a selection of Marx's Early Writings brought to English speaking readers for the first time in 1961 This ebook features an illustrated biography of Erich Fromm with rare images and never before seen documents from the author's estate

Karl Marx: A Nineteenth-Century Life Jonathan Sperber,2013-03-11 In this magisterial biography of Karl Marx likely to be definitive for many years to come John Gray New York Review of Books historian Jonathan Sperber creates a meticulously researched and multilayered portrait of both the man and the revolutionary times in which he lived Based on unprecedented access to the recently opened archives of Marx's and Engels's complete writings *Karl Marx A Nineteenth Century Life* provides a historical context for the personal story of one of the most influential and controversial political philosophers in Western history By removing Marx from the ideological conflicts of the twentieth century that colored his legacy and placing him within the society and intellectual currents of the nineteenth century Ian Kershaw Sperber is able to present a full portrait of Marx as neither a soothsaying prophet of the modern world nor the author of its darkest atrocities This major biography fundamentally reshapes our understanding of a towering historical figure *Summary of Paul Kengor's The Devil and Karl Marx* Milkyway Media,2024-07-22 Get the Summary of Paul Kengor's *The Devil and Karl Marx* in 20 minutes Please note This is a summary not the original book *The Devil and Karl Marx* by Paul Kengor explores the dark and destructive aspects of Karl Marx's ideology and its impact on society The book delves into Marx's early influences including his studies of Hegel and his association with radical atheists like Bruno Bauer Marx's writings filled with themes of despair and rebellion reflect his anti religious stance and fascination with darkness **Marx V. M & I Bank of Watertown** ,1993 **Friedrich Engels** W. O. Henderson,2013-11-05 First published in 1976 The year 1970 saw the 150th anniversary of the birth of Friedrich Engels who was Karl Marx's most intimate friend and collaborator Today the disciples of Marx and Engels are numbered in millions and the way of life of great states is based upon their doctrines An understanding of the career and work of Friedrich Engels is essential to an appreciation of the origin and development of the Marxist form of socialism in the nineteenth century This is the first volume in a set of two *Eleanor Marx* Rachel Holmes,2015-02-24 Unrestrained by convention lionhearted and free Eleanor Marx 1855-98 was an exceptional woman Hers was the first English translation of Flaubert's *Madame Bovary* She pioneered the theater of Henrik Ibsen She was the first woman to lead the British dock workers and gas workers trade unions For years she worked tirelessly for her father Karl Marx as personal secretary and

researcher Later she edited many of his key political works and laid the foundations for his biography But foremost among her achievements was her pioneering feminism For her gender equality was a necessary precondition for a just society and she crusaded for this in Britain and on a celebrated tour across America in 1886 Drawing strength from her family and their wide circle including Friedrich Engels and Wilhelm Liebknecht Eleanor Marx set out into the world to make a difference Her favorite motto Go ahead With her closest friends among them Olive Schreiner Havelock Ellis George Bernard Shaw Will Thorne and William Morris she was at the epicenter of British socialism She was also the only Marx to claim her Jewishness But her life contained a deep sadness She loved a faithless and dishonest man the academic actor and would be playwright Edward Aveling Yet despite the unhappiness he brought her Eleanor Marx never wavered in her political life ceaselessly campaigning and organizing until her untimely end Rachel Holmes has written a dazzling and original portrait of one of the most remarkable women of the nineteenth century *A Requiem for Karl Marx* Frank E. Manuel, 1997-09 As Karl Marx the icon has fallen along with so many communist regimes we are left with the mystery of Karl Marx the man the complexities of a life that has profoundly affected millions *A Requiem for Karl Marx* is Frank Manuel's searching meditation on that life a learned and elegantly written engagement with the man and his work Manuel gives us a psychological portrait rendered with sympathy and critical detachment a probing look at the connections between the private drama of Marx's life and his revolutionary ideas Manuel pursues these connections from Marx's adolescence and education in Trier through his university studies marriage to a German baroness and early affiliation with French and German radical groups Here we see Marx in moments of youthful rapture in periods of despair in maneuvers of blatant hypocrisy in outbursts of self mockery We follow his involuted response to his status as a converted Jew observe the psychic toll of debilitating bouts of illness and witness the shattering effects of his aggressive often brutal conduct toward friend and foe alike Manuel analyzes in intricate detail the central role of Marx's enduring relationship with Friedrich Engels which appears to transcend the bounds of friendship and his changing behavior toward his wife Jenny the neurotic and tragic figure who shared his dismal London exile What becomes clear in this narrative is the link between Marx's personal life and his ideas about class struggle revolutionary strategy and utopia as well as the impact of his personal vision and political tactics on the movements that followed him down to our day

Marx Andrew Collier, 2012-12-01 An accessible and jargon free introduction breathing new life into the achievements of Karl Marx Although one of the most influential thinkers of the last millennium Karl Marx was relatively unheralded during most of his lifetime Famous for predicting the inevitable demise of capitalism it was only after his death that his immortal clarion call reached a wide audience Workers of the world unite you have nothing to lose but your chains Andrew Collier breathes new life into the achievements of Karl Marx arguing that his work is still of vital relevance in today's global climate of inequality Covering all the elements of Marxist thought from his early writings to his masterpiece *Das Kapital* Collier probes the apparent inconsistencies in Marx's work and reclaims him as a philosopher and political theorist This jargon free

introduction is a timely reminder of his undiminished influence and will fascinate students activists and interested readers alike

Eleanor Marx Yvonne Kapp, 2018-07-10 Eleanor Marx is one of the most tragically overlooked feminist intellectuals in history usually overshadowed by her father Karl Marx But not only did she edit translate transcribe and collaborate with her father she also spent her extraordinary life putting his ideas into practice as a labour organizer feminist radical and Marxist theorist The outstanding exception to the omission of Eleanor Marx from history is Yvonne Kapp's highly acclaimed biography First published at the height of feminist organizing in the 1970s Kapp's work brilliantly succeeds in capturing Eleanor's spirit from a lively child opining on the world's affairs to the new woman aspiring to the stage earning her living as a free intellectual and helping to lead England's unskilled workers at the height of the new unionism being always more than yet at the same time inescapably Karl Marx's daughter It is also inevitably an unrivalled biography of the Marx household in Victorian London of the Marx circle and of Friedrich Engels the family's extraordinary mentor During today's resurgence of feminist writing organizing and protesting Kapp's foundational single volume biography serves as a crucial corrective to a narrative that puts feminists and marxists on opposing sides of radical history

Karl Marx Prince of Darkness George Fabian, 2011-10-24 If Marx in his famous quip called religion the opium of the people opium was the religion of Marx see page 28 of the book Amid some 20 000 titles on Marx this ranks as one of the most comprehensive and subversive studies of him The reader learns for the first time here that This father of communism idolized today as a beacon of light was in truth a drug addict intent on stripping us all of civic freedoms and still worse corralling us into labor camps as superficial bourgeois riff raff In contrast his close friend Friedrich Engels imagined communism as a higher stage of civilization and his views have mistakenly become associated with Marx Behind the faade of unity Marx and Engels feuded over the goals strategy and tactics of communism This conflict marred The Communist Manifesto and Capital warranting their fundamental reinterpretation Engels initiated an astonishing image makeover that eventually transformed Marx the self appointed gravedigger of civil society into its savior Apart from challenges to serious students of Marx and Marxism the book also offers intersecting human touch stories of his dark self his family friends and contemporaries

Karl Marx David McLellan, 1973-12-01
