Why Bother Praying? Richard Leonard, 2013 Written by the best selling author of *Where the Hell Is God* this accessible volume is for everyone who wonders how to pray everyone who wonders what happens when you pray and everyone who wonders if God hears our prayers In an engaging and informative style the author explores the context within which we pray what is distinctive about Christian prayer praying to Jesus what communal prayers do how Mary and the Saints help us pray and finally what the point of prayer is sending us out with Christ to witness to the reign of God in our world He ultimately answers the question this way Why bother praying Because at its most basic prayer is making space for God to love us and through the community of faith inviting us to have the courage to return the compliment It changes lives Why bother praying Because God wants us to bother him and in the process develop a relationship that is marked by such love and joy that it changes us our neighbor and the world Richard Leonard has done it again tackled a difficult theological and spiritual question with honesty deep knowledge humor and a warm heart Why Bother Praying moved me to tears and to laughing out loud But I was also enlightened on one the most fundamental aspects of what it means to be a Christian namely engaging in a real relationship with God which is what prayer is all about If you enjoyed and profited from *Where the Hell is God* you don t need to be urged to read this one If you missed that treat I urge you to buy this book and then you will also want to get the earlier one William A Barry SJ

A Revitalization of Images Gregory C. Higgins, 2019-03-05 The philosopher theologian and biblical scholar Austin Farrer 1904 1968 highlighted in his various writings the central role that images play in the interpretation of biblical writings the construction of theological arguments and the descriptions of the Christian spiritual life Theologians down through the centuries have sought to revitalize the central biblical images as they addressed the pressing theological moral and spiritual questions of their day *A Revitalization of Images* offers students the opportunity to participate in this ongoing creative engagement with ten dominant biblical images that continue to shape the church s beliefs and practices as well as each Christian s own spiritual journey Sound theology is rooted in Scripture conversant with past thinkers and engaged in the present life of the church This dynamic directly informs *Revitalization* In each chapter we begin with a biblical image that

has figured prominently in the Christian theological tradition Next we examine two prominent voices from the Christian tradition who have drawn upon the image when crafting a compelling vision of the Christian life We then turn our attention to a contemporary thinker who has incorporated or critiqued the image in his or her own theological work This discussion is set within the current spectrum of theological positions including orthodox liberal postliberal and postmodern perspectives
