Wisdom of Native American Legends Sreechinth C,2018-02-15 The Native Americans were the predominant people in the United States before the arrival of the colonists The history of the natives was both fascinating and at the same time a lot more tragic It is estimated that around 100 million native people inhabited in the continent before the arrival of the Europeans and it was their land for many years The characteristic diversities between the then established Natives and the migrated Europeans were enough to create extensive tensions and political wars The ravenous desire of the new settlers in claiming the land coupled with diseases that they got from the immigrants to which they weren t acquired immunity the Natives began to loss whatever they were endeared While the thirsty settlers and miners tried to abduct the natives from their own land the chiefs or leaders of the tribes fought vigorously or peacefully to make sure the rights of their people As an honor for such heroes let s delve into the passionate words of these chiefs of the Native American tribes **The Wisdom of the Native Americans** Francesca Marks,2018-01-20 Native American Wisdom We Are All Related Larry Shirer,2021-01-28 This is a book about values virtues and principles for living It encourages the reader to reflect on the purpose and meaning of her his own life to determine if she he can see in the values examined something worth emulating These values and principles are examined in the context of those characteristic of the cultures of the pre contact Indigenous

Audlin,2006 Circle of Life presents in written form traditional oral Native American sacred teachings involving spirituality ceremonies visions healings everyday life and the warrior s way from the Iroquois Lakota and other traditions The author has been receiving these teachings orally from elders since he was a youth The wisdom includes Native American views on cosmology ethics epistemology metaphysics sociology psychology healing dream interpretation and vision quests *Native Wisdom for White Minds* Anne Wilson Schaef,2013-08-14 You don t have to be white to have a white mind What is a white mind As Anne Wilson Schaef learned during her travels throughout the world among Native Peoples anyone raised in modern Western society or by Western culture can have a white mind White minds are trapped in a closed system of thinking that sees life in black and white either or terms they are hierarchical and mechanistic they see nature as a force to be tamed and people as objects to be controlled with no regard for the future This worldview is not shared by most Native Peoples and in this provocative book Anne Wilson Schaef shares the richness poured out to her by Native Americans Aborigines Africans Maoris and others In the words of Native Peoples themselves we come to understand Native ideas about our earth spirituality family work loneliness and change For in every area of our lives we have the capacity to transcend our white minds we simply need to listen with open hearts and open minds to other voices other perceptions other cultures Anne Wilson Schaef often heard Elders from a wide variety of Native Peoples say Our legends tell us that a time will come when our wisdom and way of living will be necessary to save the planet and that time is now Anyone ready to move from feeling separate to a profound sense of connectedness from the personal to the global will find the path in this mind expanding deeply spiritual book
