She supplies more than 50 mini lessons organized by their classroom function to help you explicitly teach foundational literacy skills during writer's workshop or whole class and small group reading instruction. Dierking encourages you to make the most of the writing reading connection by thinking about some basic questions when you're crafting your literacy instruction: How can I connect the conversations in reading and writing workshop? What can I learn about the readers in my classroom through their writing? What can my students learn about reading through writing? How can I teach young writers to support their readers?
