*Magistrates of the Sacred* William B. Taylor,1996 This book is an extraordinarily rich account of the social political cultural and religious relationships between parish priests and their parishioners in colonial Mexico It thus explores a wide range of issues from competing interpretations of religious dogma and beliefs to questions of practical ethics and daily behavior to the texture of social and authority relations in rural communities to how all these things changed over time and over place and in relation to reforms instigated by the state      **American Magnificat** Maxwell E. Johnson,2010-01-01 When Our Lady of Guadalupe appeared to Juan Diego at Tepeyac she sent him to the bishop with the message that she desired a hermitage where all people would be welcomed and would experience her love And yet until recently the message of Guadalupe has been limited to Catholics particularly Mexicans and Mexican Americans With this volume of essays however a variety of Protestant theologians engage the tradition surrounding Our Lady of Guadalupe to demonstrate that she has a place in Protestant churches The multicultural dynamic of today s churches Catholic and Protestant alike means that cultural elements of people s faith cannot be dismissed Rather they are to be explored and contemplated possibly embraced and integrated into the broader church life By critically and thoughtfully engaging the Guadalupe story the authors in this volume provide insights on how Our Lady can be welcomed into the prayer life and worship of Protestant communities With a foreword by Timothy Matovina and concluding reflection by Virgil Elizondo      Latinos and the New Immigrant Church David A. Badillo,2006-06-19 Latin Americans make up the largest new immigrant population in the United States and Latino Catholics are the fastest growing sector of the Catholic Church in America In this book historian David A Badillo offers a history of Latino Catholicism in the United States by looking at its growth in San Antonio Chicago New York and Miami Focusing on twentieth century Latino urbanism Badillo contrasts broad historic commonalities of Catholic religious tradition with variations of Latino ethnicity in various locales He emphasizes the contours of day to day life as well as various aspects of institutional and lived Catholicism The story of Catholicism goes beyond clergy and laity it entails the entire urban experience of neighborhoods downtown power seekers archdiocesan movers and shakers and a range of organizations and associations linked to parishes Although parishes remain the key site for Latino efforts to build individual and cultural

identities Badillo argues that one must consider simultaneously the triad of parish city and ethnicity to fully comprehend the influence of various Latino populations on both Catholicism and the urban environment in the United States By contrasting the development of three distinctive Latino communities the Mexican Americans Puerto Ricans and Cuban Americans Badillo challenges the popular concept of an overarching Latino experience and offers instead an integrative approach to understanding the scope depth and complexity of the Latino contribution to the character of America s urban landscapes

*Farm Workers and the Churches* Alan J. Watt, 2010-02-23 In the mid 1960s the charismatic Cesar Chavez led members of California's La Causa movement in boycotting the grape harvest and melon pickers in South Texas called a strike against growers contesting unfair labor and wage practices in both states. In *Farm Workers and the Churches* Alan J. Watt shows how the religious and social contexts of the farm workers, their leaders, and the larger society helped or hindered these two pivotal actions. Watt explores the ways in which liberal expressions of Northern Protestantism transplanted to California and combined with the pro-labor wing of the Catholic Church and the heritage of Mexican popular piety provided a fertile field for the growth of broad support for Chavez and his organizing efforts. Eventually La Causa was able to achieve collective bargaining victories including a historic labor contract between California agribusiness and farm workers. The movement did not fare as well in Texas where the combination of a locally weak union leadership, a more conservative Southern Protestant ethos, and the strikebreaking measures of the Texas Rangers all boded ill. However, a general Chicano movement ultimately took permanent root in the state because of the workers' struggle. Watt offers a careful examination of the complex interactions among religious traditions, social heritage, and ethnicity as these factors affected the course and outcomes of these two pioneering campaigns undertaken by La Causa.

**Our Lady of Everyday Life** María Del Socorro

Castañeda-Liles, 2018 For Mexican Catholic women in the United States, devotion to Our Lady of Guadalupe, La Virgen, is a necessary aspect of their cultural identity. In this masterful ethnography, María Del Socorro Castañeda-Liles considers three generations of Mexican origin women between the ages of 18 and 82. She examines the Catholic beliefs the women inherited from their mothers and how these beliefs become the template from which they first learn to see themselves as people of faith. She also offers a comprehensive analysis of how Catholicism creates a culture in which Mexican origin women learn how to be good girls in a manner that reduces their agency to rubble. Through the nexus of faith and lived experience, these women develop a type of Mexican Catholic imagination that helps them challenge the sanctification of shame, guilt, and aguante (endurance) at all cost. This imagination allows these women to transgress strict notions of what a good Catholic woman should be while retaining life-giving aspects of Catholicism. This transgression is most visible in their relationship to La Virgen, which is a fluid and deeply engaged process of self-awareness in everyday life.
