Defying the Inquisition in Colonial New Mexico Francisco A. Lomelí, Clark A. Colahan, 2018-03-01 Miguel de Quintana was among those arriving in New Mexico with Diego de Vargas in 1694 He was active in his village of Santa Cruz de la Cañada where he was a notary and secretary to the alcalde mayor functioning as a quasi attorney Being unusually literate he also wrote personal poetry for himself and religious plays for his community His conflicted life with local authorities began in 1734 when he was accused of being a heretic What unfolded was a personal drama of intrigue before the colonial Inquisition Francisco A. Lomelí and Clark Colahan dug deep into Inquisition archives to recover Quintana's writings the second earliest in Hispanic New Mexico's literary heritage First they present an essay focused on Church and society in colonial New Mexico and on Quintana's life The second portion is a translation of and critical look at Quintana's poetry and religious plays

Forgotten Dead William D. Carrigan, Clive Webb, 2013-04-19 Mob violence in the United States is usually associated with the southern lynch mobs who terrorized African Americans during the Jim Crow era In *Forgotten Dead* William D. Carrigan and Clive Webb uncover a comparatively neglected chapter in the story of American racial violence the lynching of persons of Mexican origin or descent Over eight decades lynch mobs murdered hundreds of Mexicans mostly in the American Southwest Racial prejudice a lack of respect for local courts and economic competition all fueled the actions of the mob Sometimes ordinary citizens committed these acts because of the alleged failure of the criminal justice system other times the culprits were law enforcement officers themselves Violence also occurred against the backdrop of continuing tensions along the border between the United States and Mexico aggravated by criminal raids military escalation and political revolution Based on Spanish and English archival documents from both sides of the border *Forgotten Dead* explores

through detailed case studies the characteristics and causes of mob violence against Mexicans across time and place It also relates the numerous acts of resistance by Mexicans including armed self defense crusading journalism and lobbying by diplomats who pressured the United States to honor its rhetorical commitment to democracy Finally it contains the first ever inventory of Mexican victims of mob violence in the United States Carrigan and Webb assess how Mexican lynching victims came in the minds of many Americans to be the forgotten dead and provide a timely account of Latinos historical struggle for recognition of civil and human rights

Land of Disenchantment Michael L. Trujillo, 2010-03-16 New Mexico's Española Valley is situated in the northern part of the state between the fabled Sangre de Cristo and Jemez Mountains Many of the Valley's communities have roots in the Spanish and Mexican periods of colonization while the Native American Pueblos of Ohkay Owingeh and Santa Clara are far older The Valley's residents include a large Native American population an influential Anglo or non Hispanic white minority and a growing Mexican immigrant community In spite of the varied populace native New Mexican Latinos or Nuevomexicanos remain the majority and retain control of area politics In this experimental ethnography Michael Trujillo presents a vision of Española that addresses its denigration by neighbors and some of its residents because it represents the antithesis of the positive narrative of New Mexico Contradicting the popular notion of New Mexico as the Land of Enchantment a fusion of race landscape architecture and food into a romanticized commodity Trujillo probes beneath the surface to reveal the causes of social dysfunction brought about by colonization and the transition from a pastoral to an urban economy

The Poetics of Fire Victor M. Valle, 2023-11-15 In *The Poetics of Fire* Pulitzer prize winning journalist and Chicano author Victor M Valle posits the chile as a metaphor for understanding the shared cultural histories of ChicanX and LatinX peoples from preconquest Mesoamerica to twentieth century New Mexico Valle uses the chile as a decolonizing lens through which to analyze preconquest Mesoamerican cosmology early European exploration and the forced conversion of Native peoples to Catholicism as well as European and Mesoamerican perspectives on food and place Assembling a rich collection of source material Valle highlights the fiery fruit s overarching importance as evidenced by the ubiquity of references to the plant over several centuries in literature art official documents and more to offer a new eco aesthetic reading a reframing of culinary history from a pluralistic non Western perspective *The Un/Making of Latina/o Citizenship*

E. Hernández, E. Rodríguez y Gibson, Eliza Rodríguez y Gibson, 2014-08-20 Examining a wide range of source material including popular culture literature photography television and visual art this collection of essays sheds light on the misrepresentations of Latinas/os in the mass media **Católicos** Mario T. García, 2010-01-01 Chicano Catholicism both as a popular religion and a foundation for community organizing has over the past century inspired Chicano resistance to external forces of oppression and discrimination including from other non Mexican Catholics and even the institutionalized church Chicano Catholics have also used their faith to assert their particular identity and establish a kind of cultural citizenship Based exclusively on original research and sources Mario T García here offers the first major historical study to explore the various dimensions of the role of Catholicism in Chicano history in the twentieth century This is also one of the first significant studies in the still limited field of Chicano religious history Topics range from how early Chicano Catholic intellectuals and civil rights leaders were influenced by Catholic Social Doctrine to the role that popular religion has played in the lives of ordinary men and women in both rural and urban areas García also examines faith based Chicano community movements like Católicos Por La Raza in the 1960s and the Sanctuary movement in Los Angeles in the 1980s While Latino a history and culture has been for the most part inextricably linked with the tenets and practices of Catholicism there has been

very little written until recently about Chicano Catholic history Garc a helps to fill that void and explore the impact both positive and negative that the Catholic experience has had on the Chicano community *Política* Felipe Gonzales, 2016 *Política* offers a stunning revisionist understanding of the early political incorporation of Mexican origin peoples into the U S body politic in the nineteenth century Historical sociologist Phillip B Gonzales reexamines the fundamental issue in New Mexico s history namely the dramatic shift in national identities initiated by Nuevomexicanos when their province became ruled by the United States Gonzales provides an insightful rigorous and controversial interpretation of how Nuevomexicano political competition was woven into the Democratic and Republican two party system that emerged in the United States between the 1850s and 1912 when New Mexico became a state Drawing on newly discovered archival and primary sources he explores how Nuevomexicanos relied on a long tradition of political engagement and a preexisting republican disposition and practice to elaborate a dual party political system mirroring the contours of U S national politics *Política* is a tour de force of political history in the nineteenth century U S Mexico borderlands that reinterprets colonization reconstructs Euro American and Nuevomexicano relations and recasts the prevailing historical narrative of territorial expansion and incorporation in North American imperial history Gonzales provides critical insights into several discrete historical processes such as U S racialization and citizenship integration and marginalization accommodation and resistance internal colonialism and the long struggle for political inclusion in the borderlands shedding light on debates taking place today over Latinos and U S citizenship

Three Roads to Magdalena David Wallace

Adams, 2016-06-03 Someday Candelaria Garcia said to the author you will get all the stories It was a tall order in Magdalena New Mexico a once booming frontier town where Navajo Anglo and Hispanic people have lived in shifting sometimes separate sometimes overlapping worlds for well over a hundred years But these were the stories and this was the world that David Wallace Adams set out to map in a work that would capture the intimate complex history of growing up in a Southwest borderland At the intersection of memory myth and history his book asks what it was like to be a child in a land of ethnic and cultural boundaries The answer as close to all the stories as one might hope to get captures the diverse ever changing experience of a Southwest community defined by cultural borders and the nature and role of children in defending and crossing those borders In this book we listen to the voices of elders who knew Magdalena nearly a century ago and the voices of a younger generation who negotiated the community's shifting boundaries Their stories take us to sheep and cattle ranches Navajo ceremonies Hispanic fiestas mining camps First Communion classes ranch house dances Indian boarding school drill fields high school social activities and children's rodeos Here we learn how class religion language and race influenced the creation of distinct identities and ethnic boundaries but also provided opportunities for cross cultural interactions and intimacies And we see the critical importance of education in both reinforcing differences and opening a shared space for those differences to be experienced and bridged In this Adams's work offers a close up view of the transformation of one multicultural community but also of the transformation of childhood itself over the course of the twentieth century A unique blend of oral social and childhood history Three Roads to Magdalena is a rare living document of conflict and accommodation across ethnic boundaries in our ever evolving multicultural society Published in Cooperation with the William P Clements Center for Southwest Studies Southern Methodist University
