Most of this interest has centred on the oil giants Saudi Arabia, Iran, even Iraq and Kuwait. Yet the United Arab Emirates is also among the largest producers on a par with Kuwait, Nigeria and Libya with reserves greater than the USA. Given its high economic growth rate the UAE is an excellent laboratory in which to test and evaluate policies and programmes to effect rapid economic development. The international stature of the UAE far exceeds what its physical size, population and breadth of resources would seem to indicate. As a member of OPEC the UAE has played a vital role within that body's price moderates. With one of the world's highest per capita incomes and with ambitious development efforts under way the UAE not surprisingly has become a major market for capital and consumer goods involving substantial foreign services, banking, business and industry. Based on more than a decade of study on site research and interviews with key figures, this book which mixes the practical with the academic approach will prove of great value to Middle Eastern and development specialists, students and to the international business and financial communities. First published in 1981.

*Arabia's Hidden America* Fadia Basrawi, 2007 In those days of random destruction and trigger happy militiamen one never knew what to expect to see on the streets. I was doing my grocery shopping one afternoon when two militia boys rushed past. One had three revolvers stuffed in his belt and the other had two bullet belts crisscrossing his chest and two Kalashnikovs slung over his shoulder. Both were carrying bouquets of red roses. It was Mother's Day from Arabia's Hidden America. Author Fadia Basrawi, a Saudi Arab, grew up in the strictly circumscribed and tailor-made desert Disneyland of Aramco, the Arabian American Oil Company. This slice of modern suburban middle class America was located in Dhahran, one of the leading cities of Saudi Arabia, a theocratic Muslim kingdom run according to strict Wahabbi Shari'a law. Eventually Fadia moved to Beirut, the glitzy Paris of the Middle East, to attend high school. In Beirut she fell in love with a passionate and idealistic Lebanese journalist with whom she eloped against her parents' wishes, subsequently getting caught up in Lebanon's fifteen year civil war while raising a family of five children. Providing a fascinating account of a Saudi woman's painful journey from naive Aramco girl to life as a resident of a war-torn capital city, this book provides new insight into two very different Middle Eastern worlds about which so little is known by those living outside the region.
