Steven J Ersser

Nursing Rituals Research And Rational Actions:

Nursing Rituals, Research and Rational Actions, 1989 *Nursing Rituals, Research and Rational Actions* Mike Walsh, Pauline Ford, 1989 **EBOOK: Thinking Nursing** Tom Mason, Elizabeth Mason-Whitehead, 2003-12-16 Thinking Nursing This major new textbook provides a unique one stop resource that introduces nursing students to the disciplines that underpin nursing practice The broad range of subjects covered includes Sociology Psychology Anthropology Public Health Philosophy Economics Politics and Science Written by nursing lecturers with nursing students in mind this book enables nurses to grasp the principles behind these disciplines and apply the concepts to everyday health care practices Each chapter offers The theoretical background of the major tenets of each discipline A comprehensive discussion of how they relate to practice Cross references to other relevant chapter sections Suggestions for further reading A glossary of key terms Practical advice is also available in a chapter dedicated to methods of research planning and construction of written work Moreover the textbook encourages creative and lateral thinking beyond its use in planning and writing assignments Thinking Nursing is essential reading for nursing students on Common Foundation Programmes both at diploma and degree level and qualified nurses undertaking additional specialist training including masters degrees as well as those involved in planning designing and the implementation of educational courses for nurses **Rituals & Myths in Nursing** Claire Laurent, 2019-10-30 The rich history of British nursing comes to life in this lighthearted volume exploring the traditions and experiences of nurses across the 20th century Nursing in the United Kingdom has been steeped in tradition since the Nurses Registration Act of 1919 Many of the customs and methods practiced today have been passed down through the generations Rituals Myths of Nursing collects amusing and poignant reminiscences of nursing through the 20th century to paint a picture of this unique profession from the first registration of SRN No 1 Ethel Gordon Fenwick to the present day Written with humor and a light touch each chapter explores a theme with stories told by nurses from different eras We have tales of alcohol prescribed to dilate blood vessels or simply for the feel good factor Enemas were less fun for everyone concerned but highly common as they were given for almost all bowel conditions *Professional Skills in Nursing* Rita Debnath, 2009-11-25 Designed specifically to meet the needs of nursing students in the initial stages of training the book focuses on the essential knowledge and skills needed for effective patient care while at the same time helping students to achieve the NMC outcomes required for entry into branch programs Each chapter focuses on a key aspect of nursing care backed up with practical tips examples drawn from all branches of nursing and a range of study activities to help you reflect on your learning and get the most from practice placements **EBOOK: Evidence-Based Research** Brian Brown, Paul Crawford, Carolyn Hicks, 2003-12-16 A most valuable resource setting health care research into a contemporary philosophical setting Dr Colin Thunhurst Course Director University College Cork Why is the philosophy of science important for health care research What impact do world views and paradigms have on the research process and the knowledge it generates Why do some kinds of concepts get replaced by

others This book covers the major perspectives in the philosophy of science and critically discusses their relevance to health care research using examples of paradigms concepts theories and research findings in the health sciences It makes sense of the bewildering variety of assumptions world views and epistemological implications of the different research methods It enables the reader to become an informed consumer of scholarship on health care issues The authors describe how health care research has been influenced by positivistic and interpretative approaches and how it has recently been challenged by postmodernist philosophies All of these approaches have research methods aligned with them which have taken their place in the panoply of tools at the disposal of the health scientist Written in a clear and accessible style Evidence Based Research demonstrates how the different philosophical bases to research impact in real life health care work and research It is key reading for the growing number of people involved in health care research in universities and health settings and is particularly suitable for advanced undergraduate and masters students researching in the health care sciences

Nursing Practice Ian Peate, Karen Wild, Muralitharan Nair, 2014-10-20 Nursing Practice is the essential textbook to support you throughout your entire nursing degree from your first year onwards It explores all the clinical and professional issues that you need to know in one complete volume Written in the context of the latest Nursing and Midwifery Council Standards for Pre Registration Nursing Education and the Essential Skills Clusters this book covers all fields of nursing Adult Child Mental Health Learning Disabilities and also Maternity care in both acute and community settings With full colour illustrations and plenty of activities and user friendly features throughout this evidence based text encompasses essential nursing theory and practice providing students with information to support their success Learning features in the book include Hear it from the experts tips and advice from real life nurses patients and their carers and student nurses Red Flags alerting the student to potential dangers Primary Care Considerations informs students about care issues in the community setting Fields boxes giving further insight into other fields of nursing making the book relevant to all fields of nursing practice Medicines Management boxes provide key information about medicines Self assessment and activities throughout A companion website to this title is available at www.wileynursingpractice.com Here you ll find a range of resources for both the student and the lecturer including Over 350 interactive multiple choice questions Flashcards Glossary Links to references and further reading Illustrations from the book Worksheets

Models of Nursing in Practice Paula McGee, 1998 Focusing on the theoretical basis of nursing this text discusses the importance of a conscious and informed approach to care that has its outcome in better nursing and a higher level of job satisfaction The author explores and explains nursing theory with a practice based approach designed to encourage readers to understand that models of care are not irrelevant but are the essential foundation stone of good satisfying practice

Fundamental Themes in Clinical Supervision Tony Butterworth, John R. Cutcliffe, Brigid Proctor, 2005-08-09 Fundamental Themes in Clinical Supervision provides a definite guide to the subject bringing together contributions from a well known team to map out current policy practice training and research in the area

Making Sense of Spirituality in Nursing and Health Care Practice Wilf McSherry, 2006-06-15 This new edition of an established introductory guide to spirituality and health care practice draws extensively on case studies illustrating the application of theory to practice It encourages the exploration through reflective activities of what spirituality means both to patients and to the healthcare professionals caring for them

Evidence-based Child Health Care Edward Alan Glasper, Lorraine Ireland, 2017-03-14 An evidence based approach to health care is growing in importance but it is difficult for students and professionals to keep up to date with a vast and changing knowledge base Even more challenging is the need to apply the evidence to everyday nursing practice This book helps the reader to do just that Bringing together a range of contributors it explores some of the latest research in children's nursing A particular feature is the application of the findings presented to nursing practice

Foundations of Nursing Practice Richard Hogston, Barbara Marjoram, 2011-04-01 This is the key text for introductory level nursing covering all the core areas Practical and great value it is comprehensive and also contains new chapters on cutting edge topics Alongside an all new companion website this is an outstanding edition for CFP study from a tried and trusted team

Contexts of Contemporary Nursing Graham R. Williamson, Tim Jenkinson, Tracey Proctor-Childs, 2010-06-22 A wide variety of factors impact on the scope of nursing practice including government policies organisational structures the media education future healthcare directions and service users themselves It is an NMC requirement that nurses understand these factors in order to deliver quality care This book provides a clear and practical introduction to these contexts for the new nursing student The new edition formerly *Nursing in Contemporary Healthcare Practice* has been revised to cover the organisational structures that students will find themselves working in the various bodies involved in healthcare policy and the big issues in current and future healthcare delivery

Nursing and Collaborative Practice Benny Goodman, Ruth Clemow, 2010-06-22 As modern healthcare evolves it is essential for nurses to understand and work with a diverse range of people to provide quality care But it is often difficult to grasp the many roles of those in healthcare services This book provides a clear practical and up to date guide to the various people that nurses work with including the essential role of service users themselves and how to work with them to improve care This new edition includes increased coverage of teamwork and improving mental health It is updated throughout including discussion of LiNKs the Care Quality Commission and Every Child Matters

What Makes a Good Nurse Derek Sellman, 2011-08-15 Derek Sellman sets the case for re-establishing the primacy of the virtues that underpin the practice of nursing in order to address the question what makes a good nurse He provides those in the caring professions with an explanation of why and how nurses should strive to cultivate these virtues as well as the implications of this for practice

Nursing as a Therapeutic Activity Steven J Ersser, 2019-01-15 First published in 1997 this volume responds to the rapidly developing fields of nursing and health care fields and explores the meaning of nursing and the nurse patient relationship through looking at the effects of a nurse's personality approach and understanding as being therapeutic for the patient's

experience Steven J Ersser explores areas including the concept of nursing as therapy the presence of nurses and the effect of nursing on patient outcome His book is part of a new series of monographs offering up to date reports of recently completed research projects in the fields of nursing and health care The aim of the series is to report studies that have relevance to contemporary nursing and health care practice It will include reports of research into aspects of clinical nursing care management and education This book along with the series will be of interest to all nurses and health care workers researchers managers and educators in the field

Nursing Rituals Research And Rational Actions Introduction

In the digital age, access to information has become easier than ever before. The ability to download Nursing Rituals Research And Rational Actions has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Nursing Rituals Research And Rational Actions has opened up a world of possibilities. Downloading Nursing Rituals Research And Rational Actions provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Nursing Rituals Research And Rational Actions has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Nursing Rituals Research And Rational Actions. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Nursing Rituals Research And Rational Actions. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Nursing Rituals Research And Rational Actions, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Nursing Rituals Research And Rational Actions has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However,

it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Nursing Rituals Research And Rational Actions Books

1. Where can I buy Nursing Rituals Research And Rational Actions books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores.
