Our Rightful Share Aline Helg, 2018-08-25 In *Our Rightful Share* Aline Helg examines the issue of race in Cuban society politics and ideology during the island's transition from a Spanish colony to an independent state She challenges Cuba's well established myth of racial equality and shows that racism is deeply rooted in Cuban creole society Helg argues that despite Cuba's abolition of slavery in 1886 and its winning of independence in 1902 Afro Cubans remained marginalized in all aspects of society After the wars for independence in which they fought en masse Afro Cubans demanded change politically by forming the first national black party in the Western Hemisphere This challenge met with strong opposition from the white Cuban elite culminating in the massacre of thousands of Afro Cubans in 1912 The event effectively ended Afro Cubans political organization along racial lines and Helg stresses that although some cultural elements of African origin were integrated into official Cuban culture true racial equality has remained elusive

Black Freedom and Education in Nineteenth-Century Cuba Raquel Alicia Otheguy, 2025-01-14 In this book Raquel Otheguy argues that Afro descended teachers and activists were central to the development of a national education system in Cuba and influenced the trajectory of public school systems in the broader Americas

The Cuban Revolution G. Lievesley, 2003-12-19 The Cuban Revolution offers a reflective account of what the Revolution has meant to various actors such as the dominant powers the Third World fellow revolutionaries intellectuals and Cuban citizens at different periods in its history Rather than offer a simple narrative of events Geraldine Lievesley addresses significant themes with which the Revolution has engaged and the problems that it has encountered

Hidden Powers of State in the Cuban Imagination Kenneth Routon, 2010-07-18 Despite its hard nosed emphasis on the demystifying realism of Marxist Leninist ideology the political imagery of the Cuban revolution and the state that followed conjures up its own magical seductions and fantasies of power In this fascinating account Kenneth Routon shows how magic practices and political culture are entangled in Cuba in unusual and intimate ways Routon describes not only how the monumentality of the state arouses magical sensibilities and popular images of its hidden powers but he also explores the ways in which revolutionary officialdom has in recent years tacitly embraced and harnessed vernacular fantasies of power to the national agenda In his brilliant analysis popular culture and the state are deeply entangled within a promiscuous field of power taking turns siphoning the magic of the other in order to embellish their own fantasies of authority control and transformation This study brings anthropology and history together by examining the relationship between ritual and state power in revolutionary Cuba paying particular attention to the roles of memory and history in the construction and contestation of shared political imaginaries

A Party for Lazarus Todd Ramón Ochoa, 2020-05-19 A Party for Lazarus is the story of a Cuban family six generations removed from slavery struggling to

honor their ancestors amid changing fortunes and a crumbling state It is an intimate portrait of an intergenerational family saga involving the future of an annual feast to celebrate ancestors and oris s the life changing spirits at the center of Black Atlantic religious life Based on twenty years of fieldwork Todd Ram n Ochoa s masterful ethnography shows how oris praise and everyday life have changed in revolutionary Cuba over two decades of economic hardship **The Coolie Speaks** Lisa

Yun,2009-02-15 **The Coolie Speaks** focuses on Chinese laborers who worked side by side with African slaves in Cuba and wrote of their experiences of new bondage Examining these narratives of resistance the book reconceptualizes diasporic representations and histories to offer transformative re examinations of Chinese African and Latino in mutually imbricated contexts **My Father's Wars** Alisse Waterston,2013-09-11 Winner International Congress of Qualitative Inquiry

Outstanding Book Award 2016 **My Father's Wars** is an anthropologist s vivid account of her father s journey across continents countries cultures generations and wars It is a daughter s moving portrait of a charming funny wounded and difficult man And it is a scholar s reflection on the dramatic forces of history the experience of exile and immigration the legacies of culture and the enduring power of memory This book is for Anthropology and Sociology courses in qualitative methods ethnography violence migration and ethnicity **Voice of the Leopard** Ivor L. Miller,2010-01-06 In **Voice of the Leopard** African Secret Societies and Cuba Ivor L. Miller shows how African migrants and their political fraternities played a formative role in the history of Cuba During the eighteenth and nineteenth centuries no large kingdoms controlled Nigeria and Cameroon s multilingual Cross River basin Instead each settlement had its own lodge of the initiation society called kp or leopard which was the highest indigenous authority kp lodges ruled local communities while also managing regional and long distance trade Cross River Africans enslaved and forcibly brought to colonial Cuba reorganized their kp clubs covertly in Havana and Matanzas into a mutual aid society called Abaku which became foundational to Cuba s urban life and music Miller s extensive fieldwork in Cuba and West Africa documents ritual languages and practices that survived the Middle Passage and evolved into a unifying charter for transplanted slaves and their successors To gain deeper understanding of the material Miller underwent kp initiation rites in Nigeria after ten years collaboration with Abaku initiates in Cuba and the United States He argues that Cuban music art and even politics rely on complexities of these African inspired codes of conduct and leadership **Voice of the Leopard** is an unprecedented tracing of an African title society to its Caribbean

incarnation which has deeply influenced Cuba s creative energy and popular consciousness **Region, Race, and Class in the Making of Colombia** Alfonso Múnera,2023-08-18 This pioneering translation of Alfonso M nera s seminal work *El fracaso de la naci n* presents a new interpretation and innovative perspective on canonical Colombian history and the failure of the Colombian nation to English speaking readers Mainstream historiography depicts Colombian independence as the achievement of European descendent elites only downplaying the role and importance of regional subaltern classes M nera s well researched account challenges theoretical political and cultural interventions and shows that these subaltern groups

were pivotal to achieving independence from Spain. It was their organizing and pressing for freedom from colonial domination that ultimately brought about independence in Cartagena and later to the whole country. Yet M nera demonstrates that these differing regional elites meant that a single coherent unity across New Granada was not possible a point that would ultimately doom subsequent nation building efforts. Offering a truly decolonizing perspective one that has remained hidden from official accounts of Colombian independence scholars and researchers in political science history sociology and anthropology will welcome the opportunity to read this work for the first time in translation.

Luso-Tropicalism and Its Discontents Warwick Anderson, Ricardo Roque, Ricardo Ventura Santos, 2019-04-22. Modern perceptions of race across much of the Global South are indebted to the Brazilian social scientist Gilberto Freyre who in works such as *The Masters and the Slaves* claimed that Portuguese colonialism produced exceptionally benign and tolerant race relations. This volume radically reinterprets Freyre's Luso tropicalist arguments and critically engages with the historical complexity of racial concepts and practices in the Portuguese speaking world. Encompassing Brazil as well as Portuguese speaking societies in Africa Asia and even Portugal itself it places an interdisciplinary group of scholars in conversation to challenge the conventional understanding of twentieth century racialization proffering new insights into such controversial topics as human plasticity racial amalgamation and the tropes and proxies of whiteness. *Rebel Dance, Renegade Stance* Umi Vaughan, 2012-10-17. An ethnography of music and dance exploring the economic social and ideological constraints under which social classes and racial groups interact. *Myths of Harmony* Marixa Lasso, 2007-08-12. This book centers on a foundational moment for Latin American racial constructs. While most contemporary scholarship has focused the explanation for racial tolerance or its lack in the colonial period Marixa Lasso argues that the key to understanding the origins of modern race relations are to be found later in the Age of Revolution. Lasso rejects the common assumption that subalterns were passive and alienated from Creole led patriot movements and instead demonstrates that during Colombia's revolution free blacks and mulattos pardos actively joined and occasionally even led the cause to overthrow the Spanish colonial government. As part of their platform patriots declared legal racial equality for all citizens and promulgated an ideology of harmony and fraternity for Colombians of all colors. The fact that blacks were mentioned as equals in the discourse of the revolution and later served in republican government posts was a radical political departure. These factors were instrumental in constructing a powerful myth of racial equality a myth that would fuel revolutionary activity throughout Latin America. Thus emerged a historical paradox central to Latin American nation building the coexistence of the principle of racial equality with actual racism at the very inception of the republic. Ironically the discourse of equality meant that grievances of racial discrimination were construed as unpatriotic and divisive acts in its most extreme form blacks were accused of preparing a race war. Lasso's work brings much needed attention to the important role of the anticolonial struggles in shaping the nature of contemporary race relations and racial identities in Latin America. *Colonial*

Crucible Alfred W. McCoy, Francisco A. Scarano, 2009-05-15 At the end of the nineteenth century the United States swiftly occupied a string of small islands dotting the Caribbean and Western Pacific from Puerto Rico and Cuba to Hawaii and the Philippines Colonial Crucible Empire in the Making of the Modern American State reveals how this experiment in direct territorial rule subtly but profoundly shaped U S policy and practice both abroad and crucially at home *The Revolution from Within* Michael J. Bustamante, Jennifer L. Lambe, 2019-02-14 What does the Cuban Revolution look like from within This volume proposes that scholars and observers of Cuba have too long looked elsewhere from the United States to the Soviet Union to write the island s post 1959 history Drawing on previously unexamined archives the contributors explore the dynamics of sociopolitical inclusion and exclusion during the Revolution s first two decades They foreground the experiences of Cubans of all walks of life from ordinary citizens and bureaucrats to artists and political leaders in their interactions with and contributions to the emerging revolutionary state In essays on agrarian reform the environment dance fashion and more contributors enrich our understanding of the period beginning with the utopic mobilizations of the early 1960s and ending with the 1980 Mariel boatlift In so doing they offer new perspectives on the Revolution that are fundamentally driven by developments on the island Bringing together new historical research with comparative and methodological reflections on the challenges of writing about the Revolution The Revolution from Within highlights the political stakes attached to Cuban history after 1959 Contributors Michael J Bustamante Mar a A Cabrera Ar s Mar a del Pilar D az Casta n Ada Ferrer Alejandro de la Fuente Reinaldo Funes Monzote Lillian Guerra Jennifer L Lambe Jorge Macle Cruz Christabelle Peters Rafael Rojas Elizabeth Schwall Abel Sierra Madero **Anglophone Literature of Caribbean Indenture** Alison Klein, 2018-09-27 This book is the first comprehensive study of Anglophone literature depicting the British Imperial system of indentured labor in the Caribbean Through an examination of intimate relationships within indenture narratives this text traces the seductive hierarchies of empire the oppressive ideologies of gender ethnicity and class that developed under imperialism and indenture and that continue to impact the Caribbean today It demonstrates that British colonizers Indian and Chinese laborers and formerly enslaved Africans negotiated struggles for political and economic power through the performance of masculinity and the control of migrant women and that even those authors who critique empire often reinforce patriarchy as they do so Further it identifies a common thread within the work of those authors who resist the hierarchies of empire a poetics of kinship or a focus on the importance of building familial ties across generations and across classifications of people *Latin American Music Review* , 2005 **Making Caribbean Dance** Susanna Sloat, 2025-02-04 Delving into the many dance traditions of the Caribbean islands this book connects these dance forms with the rich multicultural histories and complex identities of the region *A Diáspora Iorubá no mundo atlântico* Toyin Falola, Matt D.
