The Contradictions of Jazz Paul Rinzler,2008-10-16 In *The Contradictions of Jazz* Paul Rinzler takes a new approach to jazz aesthetics and theory by exploring four pairs of opposites present in jazz individualism and interconnectedness assertion and openness freedom and responsibility and creativity and tradition By themselves these eight values speak volumes about the meaning of jazz and its significance Understanding how these opposites coexist in jazz leads to an exploration of the connections linking jazz with the experiential and existential which contrast with the connections between composition and science Rinzler explains the various concepts including either or and dialectic thinking and then examines the pairs of opposites individually describing their position and presence in jazz He then demonstrates how the larger meaning of these contradictory opposites depends on ideas from the philosophies of phenomenology and existentialism Rinzler considers the opposites inherent in the product and process of jazz as well as mistakes and the challenge of perfection presenting these values in light of the contradictions inherent in jazz With a full bibliography and an index *The Contradictions of Jazz* is a fascinating read for fans and scholars of jazz history and aesthetics

Playing the Changes on the Jazz Metaphor Morris B. Holbrook,2008 *Playing the Changes on the Jazz Metaphor* proposes an expanded view of the jazz metaphor in a broadened perspective that embraces a wide range of possibilities in organizational management and marketing related themes This monograph presents a new Typology of Jazz Musicians based on different kinds of artistic offerings This typology will combine three key distinctions or dimensions to construct a twelve fold classification that when extended to the sphere of organizational behavior and business strategy as a Typology of Management and Marketing Styles will shed light on different ways in which the jazz metaphor relates to organizational design business practice management skills and marketing opportunities In order to describe these typologies the author examines important aspects of a first level jazz metaphor as it relates to organizational issues involved in shaping the jazz improvisation into a form of collective collaboration This is followed by attention to a second level linguistic metaphor based on viewing jazz as a kind of language at the foundation for a collaborative conversation
