**Public Commissions on Cultural and Religious Diversity** Solange Lefebvre,Patrice Brodeur,2017-05-08 Due to growing negative perceptions about relations between historically entrenched dominant populations and various minority groups issues relating to the need to better manage cultural and religious diversity have been intensifying in many countries These negative perceptions have recently led to a significant increase in popular support for right and extreme right nationalist discourses and have created so much public tension that national governments have had no choice but to respond In the last two decades in several Western contexts in particular the issues raised by such combined challenges have culminated in the creation of government initiated or private national commissions This book presents the results of a multidisciplinary analysis from a broader framework that includes the national public commissions which have addressed the challenges of managing cultural and religious diversity in Belgium Britain Canada Quebec France Morocco and Norway including also other cases of public management in Australia and Singapore It includes in depth studies of the issues and controversies examined by each of the commissions such as the ways they perceived the issues their results and impact the key political players involved the media debates and reception surrounding each commission the communication strategies and difficulties their leaders encountered as well as the legal aspects each commission has raised The reports represent a rich body of work charting the fundamental questions nations face about their nature history and future while the impact on peoples lives tells us much about different approaches to the issues of cultural identity between countries   *Le Québec face à la pluralité culturelle, 1977-1994* Denise Helly,Institut québécois de recherche sur la culture,1996

### **Differences: Understanding Cultural Interaction in Our Globalized World** Newtona (Tina) Johnson,Shawn

Simpson,2019-01-04 This volume was first published by Inter Disciplinary Press in 2016 Cultural interaction in our worlds today is essential to building 21st century bridges between communities The experiences and lessons learned from the authors of the articles herein are shared with empathy and humility across many disciplines The creation and re creation of individual identities and group identities due to migrations throughout history is an ongoing story Never does one cultural profile remain constant On the contrary as boundaries change so do people and therefore cultures Interculturalism is the one valid approach to understanding these changes but should be used with great sensitivity And sensitivity is the over riding emotion emanating from the different studies in this volume the search for one's identity when the latter has been lost or has become difficult to recognize the attempts to erase identities so as to conform to national unity the will to create new identities to fit in with new environments the need to re evaluate oneself so as to remain true to oneself These endeavors are subtly described in this vibrant compendium of intercultural monographies   *Linguistic Rivalries* Sonia N. Das,2016-10-27 Linguistic Rivalries weaves together anthropological accounts of diaspora nation and empire to explore and analyze the multi faceted processes of globalization characterizing the migration social integration and language learning

experiences of Tamil speaking immigrants and refugees from India and Sri Lanka to Montréal Québec in the late twentieth and early twenty first centuries     *La Politique de sélection des immigrants du Québec* Laurence Monnot,2012-09-20T00:00:00-04:00

Le Québec choisit ses immigrants en fonction de critères et en vue d'objectifs qu'il définit lui-même. Cette autonomie conquise de haute lutte dans les années 1960 et 1970 n'a d'équivalent ni dans un autre pays ni dans une autre province du Canada. En 2011, 37 000 travailleurs qualifiés ont été sélectionnés selon leur géolocalisation, leur expérience de travail, leurs compétences linguistiques et le profil de leur conjoint. La responsabilité de relever le défi de l'immigration a été confiée à un acteur principal : le ministère de l'Immigration. Depuis quarante-cinq ans et bien qu'il ait toujours été le parent pauvre de la distribution budgétaire, ce ministère a développé un savoir-faire et des traditions non négociables. La cohérence long terme de la politique québécoise peut faire figure de modèle. Pourtant, elle est aujourd'hui menacée. Parce que l'immigration et la sélection des candidats font l'objet de questionnements certains sembleraient pourtant faire table rase de cette expertise pour l'instant, il faut néanmoins rappeler que, au seul objectif d'employabilité court terme, l'admission de futurs concitoyens doit se soucier de leur intégration au regard des caractéristiques économiques, culturelles et linguistiques propres à la société québécoise. Il importe donc de conserver des critères pluriels comme d'assurer la qualité du processus de sélection. Cet ouvrage retrace l'histoire des politiques d'immigration québécoises. Il expose aussi les rouages de la politique de sélection des immigrants du Québec, ses objectifs parfois contradictoires, ses moyens et ses limites. De plus, il propose quelques pistes pour relever les défis à venir.

### **Province Building and the Federalization of Immigration in Canada** Mireille Paquet,2019-01-01

Most accounts of the provincial role in Canadian immigration focus on the experience of Quebec. In "Province Building and the Federalization of Immigration in Canada", Mireille Paquet shows that between 1990 and 2010, all ten provinces became closely involved in immigrant selection and integration. This considerable change to the Canadian model of immigration governance corresponds to a broader process of federalization of immigration by which both orders of government became active in the management of immigration. While Canada maintains its overall positive approach to newcomers, the provinces developed and continue to develop their own formal immigration strategies and implement various selection and integration policies. This book argues that the process of federalization is largely the result of provincial mobilization. In each province, mobilization occurred through a modern iteration of province building, this time focused on immigrants as resources for provincial economies and societies. Advocating for a province centred analysis of federalism, "Province Building and the Federalization of Immigration in Canada" provides key lessons to understanding the contemporary governance of immigration in Canada.     *The Civil Sphere in Canada* Jeffrey C. Alexander,Mervyn Horgan,2025-05-15

When activists advocate for victims of injustice and ordinary citizens seek to advance or block social justice and cohesion, they draw on morally charged ideals. But the wellsprings of solidarity in a society as diverse as Canada are complex and mutable. "The Civil Sphere in Canada" analyzes the shifting meanings we attach to key social actors, activities and institutions to reveal the

dynamics of inclusion and exclusion that animate Canadian society Applying Jeffrey Alexander's groundbreaking civil sphere theory to Indigenous settler relations media scandals multiculturalism urban planning and personal relations contributors demonstrate that transformations in shared meaning must precede legislative and institutional change Profoundly harmful behaviours such as cultural appropriation sexual misconduct and even genocide may pass as routine for years before the public decides they are unacceptable breaches of civil order This superb collection ushers Canadian voices into a burgeoning international debate about the role of the civil sphere in effecting social justice

Le présent ouvrage conçu par une équipe de spécialistes est destiné à la formation initiale et continue des enseignants et du personnel scolaire ainsi qu'à toute personne intéressée aux enjeux que soulève l'adaptation systémique des milieux ducatifs à la diversité ethnoculturelle. Cette deuxième édition enrichie et actualisée propose des clés conceptuelles sociohistoriques et politiques pour comprendre l'état actuel des rapports ethniques au Québec. Des réalisations migratoires et de l'adaptation du système scolaire sont abordées aux enjeux du pluralisme. Les milieux ducatifs sont aux premières lignes des préoccupations collectives et des politiques publiques en matière de respect des droits et du vivre ensemble et les cinq dernières années ont vu apparaître une nouvelle loi sur la laïcité ainsi que des polarisations sociales sur des questions identitaires et des enjeux identitaires qui ont affecté particulièrement ces milieux. Les enseignants du système scolaire jusqu'à l'université doivent donc mieux préparer et prendre en compte dans leur pratique des réalisations de plus en plus complexes discriminations intersectionnelles associées notamment au linguicisme, au racisme, au sexisme et au capacitarisme transposition dans les classes des polarisations sociales ou des conflits mondiaux. Accords raisonnables et réussite d'Autochtones soutien d'enfants de la guerre sous scolarisés et traumatisés. Les 22 chapitres de ce livre partagent donc comme visée commune le développement de connaissances d'habiletés et d'attitudes théiques et critiques chez les professionnels de l'éducation autour des finalités d'une approche citoyenne inclusive, antiraciste et interculturelle, notamment deux finalités centrales : adopter des pratiques qui tiennent compte des expériences des réalisations des besoins et des droits des apprenants, particulièrement ceux des groupes minoritaires, racistes ou marginalisés ; et 2) préparer tous les apprenants à mieux vivre ensemble dans une société pluraliste et agir comme citoyennes et citoyens engagés envers les droits et la justice.

**Conflits de mémoire** Véronique Bonnet,2004 Conflits de mémoire En quoi la mémoire se présente-t-elle aux conflits ? Comment ces conflits interfèrent-ils dans le mode de restitution de mémoires tragiques ? Enjeu contemporain des sciences humaines et sociales. Diversity is one of Canada s defining characteristics Yet here as in other Western democracies diversity policies are being called into question by developments such as the growing salience of identity race and religion Do minorities really feel they belong to the country Is discrimination still a reality Is social cohesion being strained In this volume leading scholars from Canada Europe and the United States explore two broad policy agendas first the multicultural agenda which focuses on recognizing cultural differences helping minorities express their distinct identities and practices and building more inclusive conceptions of citizenship and second the integration agenda which seeks to bring minorities into the mainstream strengthen

the sense of mutual support and solidarity and reinforce the bonds of a common community The authors of these 15 chapters and 8 commentaries examine these questions from a range of perspectives with a focus on ethnocultural minorities and indigenous peoples In their concluding chapter the editors discuss priorities that emerge from the analysis and relate them to the objectives of strengthening belonging and shared citizenship Book jacket

*LLT ,1998 L'intégration des immigrants*

Aude-Claire Fourot,2013-08-02T00:00:00-04:00 C est essentiellement dans les zones urbaines que se d ploient les enjeux de l int gration des immigrants et des minorit s Pourtant quand on s int resse aux conflits qui marquent la vie publique on voit rarement les municipalit s autrement que comme des gestionnaires de services et non comme les centres de pouvoir

politique qu'elles sont. Analyse plus de cinquante ans d'action publique locale, Aude Claire Fourot montre la capacité des municipalités à adopter des politiques qui leur sont propres et met en lumière pourquoi deux villes comme Montréal et Laval, soumises aux mêmes contraintes institutionnelles, adoptent des trajectoires politiques différentes en matière d'immigration. Plus que l'intégration dans les villes, c'est aussi l'intégration des minorités par les villes qu'elle permet d'explorer.
