Quebec And La Guerre

Louise Dechêne

Quebec And La Guerre:

Ernest Lapointe and Quebec's Influence on Canadian Foreign Policy John MacFarlane, 1999-01-01 The influence of Ernest Lapointe in 20th century Canadian political history is one of the least understood Analysing 17 foreign policy decisions the author uncovers Lapointe's relationship with Mackenzie King and the voice of Quebec he represented **Communicating in Canada's Past** Gene Allen, Daniel J. Robinson, 2009-01-01 The first collection of its kind this volume assembles both well established and up and coming scholars to address sizable gaps in the literature on media history in Canada **Prelude to Quebec's Quiet Revolution** Michael D. Behiels, 1985-06-01 In this study of the intellectual origins of Quebec's Quiet Revolution of the 1960s Michael Behiels has provided the most comprehensive account to date of the two competing ideological movements which emerged after World War II to challenge the tenets of traditional French Canadian nationalism The neo nationalists were a group of young intellectuals and journalists centered upon Le Devoir and L Action nationale in Montreal who set out to reformulate Quebec nationalism in terms of a modern secular urban industrial society which would be fully master in its own house An equally dedicated group of French Canadians of liberal or social democratic persuasion was based upon the periodical Cit libre one of whose editors was Pierre Trudeau and had links with organized labour Cit libristes sought to remove what they considered to be the major obstacles to the creation of a modern francophone society the all pervasive influence of clericalism inherent in the Catholic church's control of education and the social services and the persistence among Quebec's intelligentsia of an outmoded nationalism which advocated the preservation of a rural and elitist society and neglected the development of the individual and the pursuit of social equality Behiels delineates the divergent societal models proposed by the two movements by focusing upon such themes as the critique of traditional nationalism the roles of church state and labour the response to the new federalism the reform of education and the search for a third party He shows how the rivals combined to help bring down an anachronistic Union Nationale government in June 1960 In one form or another he concludes Cit libre liberalism and neo nationalism have remained at the heart of the political and ideological debate that has continued in Quebec since the Duplessis era **Quebec: A History 1867-1929** Paul-André Linteau, René Durocher, Jean-Claude Robert, 1983-01-01 List of Tables List of Maps List of Figures Preface PART I LAND AND POPULATION 1867 1929 1 The Land An American Land The Settlement of the Land The Shaping of Physical Space 2

Catholic Origins of Quebec's Quiet Revolution, 1931-1970 Michael Gauvreau, 2005 The Catholic Origins of Quebec's Quiet Revolution challenges a version of history central to modern Quebec's understanding of itself that the Quiet Revolution began in the 1960s as a secular vision of state and society which rapidly displaced an obsolete clericalized Catholicism Michael Gauvreau argues that organizations such as Catholic youth movements played a central role in formulating the Personalist Catholic ideology that underlay the Quiet Revolution and that ordinary Quebecers experienced the Quiet Revolution primarily through a series of transformations in the expression of their Catholic identity In so doing Gauvreau offers a new

understanding of Catholicism's place in twentieth century Quebec Canadian Travellers in Europe, 1851-1900 Eva-Marie Kroller, 2011-11-01 This book provides both a detailed survey of Canadian travel writing in the nineteenth century and an unusual perspective on Canadian cultural history The Canadians who wrote about their experiences abroad during the era of mass travel which followed the advent of the steamship reveal much about themselves and their own country as well Who were these travellers why did they travel and what did they expect to see In answering these questions Eva Marie Kroller draws upon a wide variety of materials novels guide books magazines newspapers photographs paintings and previously unpublished letters and diaries The self assured progress of the privileged Canadian travellers often turned into introspective voyages of self discovery For one thing Europeans often mistook them for Americans and many had to ask themselves what it really meant to be Canadian In addition the tone of moral earnestness which pervades the early travellers tales begins to give way to a certain world weariness by the end In Canada and elsewhere the tourist was a new phenomenon at the beginning of the period but an accepted part of the modern world by the end of it Canadian Travellers in Europe will be required reading for devotees of travel writing but it is also a significant contribution to nineteenth century Canadian history The Publications of the Champlain Society , 1916 *Mass Media and the Genocide of the Armenians* Stefanie Kappler, Sylvia Kasparian, Richard Godin, Joceline Chabot, 2016-03-29 The role of the mass media in genocide is multifaceted with respect to the disclosure and flow of information This volume investigates questions of responsibility denial victimisation and marginalisation through an analysis of the media representations of the Armenian genocide in different national contexts

Rap RoMania: Jugendkulturen und Fremdsprachenunterricht Manfred Prinz, 2015-08-01 Hip hop and rap music have been a central part of youth cultures all around the world for decades While every country has its own scene with a specific social and cultural context the global hip hop phenomenon also allows young people to integrate their regional identities within an increasingly international environment The inclusion of rap and hip hop lyrics in foreign language teaching makes a unique transcultural approach possible that connects directly to the students interests This guidebook offers both teachers and students a wealth of authentic rap and hip hop lyrics that can be used in Spanish and French as foreign language classes They can serve as exercises for listening and reading comprehension of all levels or as templates for entire teaching units The accompanying website www.rapromania.de lends itself to the integration in various forms of multimedia teaching and learning **God's Mirror** Katherine Davies, Toby Garfitt, 2014-12-01 Gathering in one place a cohesive selection of articles that deepen our sense of the vitality and controversy within the Catholic renewal of the mid twentieth century God's Mirror offers historical analysis of French Catholic intellectuals This volume highlights the work of writers thinkers and creative artists who have not always drawn the attention given to such luminaries as Maritain Mounier and Marcel Organized around the typologies of renewal and engagement editors Katherine Davies and Toby Garfitt provide a revisionist and interdisciplinary reading of the narrative of twentieth century French Catholicism Renewal and engagement

are both manifestations of how the Catholic intellectual reflects and takes position on the relationship between the Church personal faith and the world and on the increasingly problematic relationship between intellectuals and the Magisterium A majority of the writings are based on extensive research into published texts with some occasional archival references and they give critical insights into the tensions that characterized the theological and political concerns of their subjects

Journal du siècle de Québec en 1759 Jean Claude Panet,1866 Le Québec et l'Ontario de Via Collectif,1997-09-03

The French Navy and the Seven Years' War Jonathan R. Dull,2007-12-01 The Seven Years War was the world's first global conflict spanning five continents and the critical sea lanes that connected them This book is the fullest account ever written of the French navy's role in the hostilities It is also the most complete survey of both phases of the war the French and Indian War in North America 1754-60 and the Seven Years War in Europe 1756-63 which are almost always treated independently By considering both phases of the war from every angle award winning historian Jonathan R Dull shows not only that the two conflicts are so interconnected that neither can be fully understood in isolation but also that traditional interpretations of the war are largely inaccurate His work also reveals how the French navy supposedly utterly crushed could have figured so prominently in the War of American Independence only fifteen years later A comprehensive work integrating diplomatic naval military and political history The French Navy and the Seven Years War thoroughly explores the French perspective on the Seven Years War It also studies British diplomacy and war strategy as well as the roles played by the American colonies Spain Austria Prussia Russia Sweden and Portugal As this history unfolds it becomes clear that French policy was more consistent logical and successful than has previously been acknowledged and that King Louis XV's conduct of the war profoundly affected the outcome of America's subsequent Revolutionary War The Social History of Ideas in Quebec, 1760-1896 Yvan Lamonde,2013 The first synthesis of the history of ideas over a century in Quebec *People, State, and War under the French Regime in Canada* Louise Dechêne,2021-07-15 Covering a period that runs from the founding of the colony in the early seventeenth century to the conquest of 1760 *People State and War under the French Regime in Canada* is a study of colonial warriors and warfare that examines the exercise of state military power and its effects on ordinary people Overturning the tendency to glorify the military feats of New France and exploding the rosy myth of a tax free colonial population Louise Dechêne challenges the stereotype of the fighting prowess and military enthusiasm of the colony's inhabitants She reveals the profound incidence of social divides the hardship war created for those expected to serve and the state's demands on the civilian population in the form of forced labour requisitions and billeting of soldiers Originally published posthumously in French *People State and War under the French Regime in Canada* is the culmination of a lifetime of research and unparalleled knowledge of the archival record including official correspondence memoirs military campaign journals taxation records and local parish records Dechêne reconstructs the variegated composition and conditions of military forces in New France which included militia colonial volunteers and regular troops as well as Indigenous allies

The study offers an informed and ambitious comparison between France and other French colonies and shows that the mobilization of an unpaid compulsory militia in New France greatly exceeded requirements in other parts of the French domain. With empathy, sensitivity to the social dimensions of life and a piercing insight into the operations of power, Dechenay portrays the colonial condition with its rightful dose of danger and ambiguity. Her work underlines the severe toll that warfare takes on the individual and on society and the persistent deprivation, disorder, fear, and death that come with conflict.

Annual Supplement to the Catalogue of the Library of Parliament in Alphabetical and Subject Order Canada. Library of Parliament, 1915 Annual Supplement to the Catalogue of the Library of Parliament in Alphabetical and Subject Order Canada. Library of Parliament, 1912 Essays on the Performance of Baroque Music Mary Cyr, 2024-10-28 In this collection of essays, Mary Cyr explores some of the written and unwritten performance conventions that applied to French and English music of the 17th and early 18th centuries. Using composers' own notations, marks added by 18th-century performers, historical treatises, and pictorial evidence, she investigates both vocal and instrumental genres, including opera, cantatas, instrumental chamber music, and solo music for the viol and violin. Some of the performance conventions remain controversial, such as the use of gesture by the French opera chorus, and others are still little known, such as the use of the double bass for rhythmic and harmonic support in early 18th-century French opera. As many of these essays demonstrate, French Baroque music allowed performers a wider latitude of nuance and expression than is often assumed today. The essays in this volume will be of particular interest to scholars and performers who are interested in adopting a historically informed approach to performing music by Henry Purcell, Elisabeth Claude Jacquet de La Guerre, Jean-Philippe Rameau, and their contemporaries. Several studies also deal with attributions, sources, and the discovery of a cantata by Rameau. *France and England in North America, Part VI: Montcalm and Wolfe* Francis Parkman, 2018-12-02 **France and England in North America: Montcalm and Wolfe 1903. 2 v** Francis Parkman, 1898
