It seems to me that the life of Queen Victoria cannot well be told without a prefacing sketch of her cousin the Princess Charlotte who had she lived would have been her Queen and who was in many respects her prototype It is certain I think that Charlotte Augusta of Wales that lovely miracle flower of a loveless marriage blooming into a noble and gracious womanhood amid the petty strifes and disgraceful intrigues of a corrupt Court by her virtues and graces by her high spirit and frank and fearless character prepared the way in the loyal hearts of the British people for the fair young kinswoman who twenty one years after her own sad death reigned in her stead Through all the bright life of the Princess Charlotte from her beautiful childhood to her no less beautiful maturity the English people had regarded her proudly and lovingly as their sovereign who was to be they had patience with the melancholy madness of the poor old King her grandfather and with the scandalous irregularities of the Prince Regent her father in looking forward to happier and better things under a good woman s reign and after all those fair hopes had been confined with her and buried in darkness and silence their hearts naturally turned to the royal little girl who might possibly fill the place left so drearily vacant England had always been happy and prosperous under Queens and a Queen please God they would yet have The Princess Charlotte was the only child of the marriage of the Prince Regent afterwards George IV with the Princess Caroline of Brunswick Her childhood was overshadowed by the hopeless estrangement of her parents She seems to have especially loved her mother and by the courage and independence she displayed in her championship of that good hearted but most eccentric and imprudent woman endeared herself to the English people who equally admired her pluck and her filial piety on the maternal side They took a fond delight in relating stories of rebellion against her august papa and even against her awful grandmamma Queen Charlotte They told how once when a mere slip of a girl being forbidden to pay her usual visit to her poor mother she insisted on going and on the Queen undertaking to detain her by force resisted struggling right valiantly and after damaging and setting comically awry the royal mob cap broke away ran out of the palace sprang into a hackney coach and promising the driver a guinea was soon at her mother s house and in her mother s arms There is another a Court version of this hackney coach story which states that it was not the Queen but the Prince Regent that the Princess ran away from so that there could have been no assault on a mob cap But the common people of that day preferred the version I have given as more piquant especially as old Queen Charlotte was known to be the most solemnly grand of grandmamas and a personage of such prodigious dignity that it was popularly supposed that only Kings and Queens with their crowns actually on their heads were permitted to sit in her presence

Women Novelists of Queen Victoria's Reign: A Book of Appreciations Mrs. Alexander,E. Lynn Linton,Edna Lyall,Katharine S. Macquoid,Emma Marshall,Mrs. Oliphant,Louisa Parr,Adeline Sergeant,Charlotte M. Yonge,2020-09-28 The effect produced upon the general mind by the appearance of Charlotte Bront in literature and afterwards by the record of her life when that was over is one which it is nowadays somewhat difficult to understand Had the age been deficient in the art of fiction or had it followed any long level of mediocrity in that art we could have comprehended this more easily But Charlotte Bront appeared in the full flush of a period more richly endowed than any other we know of in that special branch of literature so richly endowed indeed that the novel had taken quite fictitious importance and the names of Dickens and Thackeray ranked almost higher than those of any living writers except perhaps Tennyson then young and on his promotion too Anthony Trollope and Charles Reade who though in their day extremely popular have never had justice from a public which now seems almost to have forgotten them formed a powerful second rank to these two great names It is a great addition to the value of the distinction gained by the new comer that it was acquired in an age so rich in the qualities of the imagination But this only increases the wonder of a triumph which had no artificial means to heighten it nothing but genius on the part of a writer possessing little experience or knowledge of the world and no sort of social training or adventitious aid The genius was indeed unmistakable and possessed in a very high degree the power of expressing itself in the most vivid and actual pictures of life But the life of which it had command was seldom attractive often narrow local and of a kind which meant keen personal satire more than any broader view of human existence A group of commonplace clergymen intense against their little parochial background as only the most real art of portraiture intensified by individual scorn and dislike could have made them the circle of limited interests small emulations keen little spites and rancours filling the atmosphere of a great boarding school the Brussels Pensionnat des filles these were the two spheres chiefly portrayed but portrayed with an absolute untempered force which knew neither charity softness nor even impartiality but burned upon the paper and made everything round dim in the contrast I imagine it was this extraordinary naked force which was the great cause of a success never perhaps like the numerical successes in literature of the present day when edition follows edition and thousand thousand of the books which are the favourites of the public but one which has lived and lasted through nearly half a century and is even now potent enough to carry on a little literature of its own book after book following each other not so much to justify as to reproclaim and echo to all the winds the fame originally won No one else of the century I think has called forth this persevering and lasting homage
