Douglas Payne, 2001 *The Era Annual* , 1884 **The Era Almanack, Dramatic & Musical** , 1868 The Era Almanack , 1877 The American Shakespeare: Comedies William Shakespeare, 1878 **The Era Almanack, Dramatic & Musical** Edward Ledger, 1892 The English Royal Family of America, from Jamestown to the American Revolution Michael A. Beatty, 2003-01-01 For about a century and a half after they arrived from England America's first permanent colonists considered themselves to be English They were proud of their heritage and loyal to their country England's royal family truly was the royal family of America until the era of the American Revolution when the colonies fought for their independence from England and its rulers Elizabeth I James I Charles I Charles II James II William III and Mary II Anne George I George II and George III the English royals who were also the royals of early America are all covered in this work It begins with Queen Elizabeth I as it was during her rule that Sir Walter Raleigh established his settlements in America and ends with King George III as it was during his rule that the American Revolution began A biographical sketch is provided for each royal and his or her spouse and legitimate children Brief mention is made of mistresses and illegitimate children **Queen Elizabeth II and the Royal Family** DK, 2021-06-08 Queen Elizabeth II and the Royal Family is a magnificent tribute to the life and reign of Queen Elizabeth II and a celebration of the British royal family from the first English kings through the birth of the queen's second grandchild to Prince William and Kate the Duchess of Cambridge Highly illustrated with photographs and timelines throughout Queen Elizabeth II and the Royal Family tells the story of the House of Windsor and includes events such as the royal wedding of Prince William and Kate Middleton and profiles on key people such as Princess Diana and Prince Harry Graphics illuminate details of the queen's personal and private life vivid photographs highlight important events special features showcase the royal residences and timelines untangle the complete history of the kings and queens of England and Scotland tracing the line of succession to the throne This gorgeous ebook is the most complete visual history of Britain's most enduring icon Queen Elizabeth II and the royal family **The Queen** Catherine Ryan, 2018-01-16 Her Royal Highness Queen Elizabeth II has reigned for 64 years longer than any British monarch in history During that time the Queen has endured the ups and downs that long life will bring She was a beacon of hope during and after the Second World War in difficult times when the world faced a precarious future and she has served as a role model for generations of men and women who continue to be in awe of her commitment to service sacrifice and the Commonwealth of nations over which she rules The abdication of her uncle Edward VIII in 1936 turned her family's world upside down When her father was crowned King George VI Elizabeth was thrust into the eye of the storm as a future queen A shy and reserved child she grew into a wise and insightful monarch who has dealt ably with nine British Prime Ministers during her long reign from Winston Churchill to Theresa May It was of course not always straightforward and the Queen has found herself in hot water several times most notably during the marriage of Prince Charles and Diana Princess of Wales

When Diana was tragically killed in a car crash the standing of the Royal Family was probably at its lowest ebb It is unlikely that we will ever see a monarch reign so long or so effectively again holding together a disparate group of nations each with its own aspirations customs and traditions Catherine Ryan has written an intriguing biography of one of the most famous women of modern times who at 91 years old still seems fit and healthy and looks very unlikely to hand over the reins to her successors any time soon *The Era Almanack* ,1907 **The American Cyclopaedia.
