Queensland House:

Historic Brisbane Susanna De Vries, Jake De Vries, 2013 Susanna de Vries award winning author and Jake de Vries former City Architect of Brisbane have pooled their talents to compile a joint book on the building of Brisbane which transports us back to the first years of Brisbane's bleak existence. The book shows the Convict and Officers Barracks and convicts digging roads along what became Queen Street and North Quay. Professional artist Conrad Martens paints the Customs House and Kangaroo Point. The book recounts the effects of Brisbane's building boom of the 1880s when everyone borrowed money and major buildings like the Mansions, the old Museum, the second wing of the Post Office and the Treasury are completed. In the depression years of the 1890s some Queensland banks and architects go broke. A visiting Canadian artist named Lefvre Cranstone draws rural Toowong, the Regatta Hotel and the Toowong Rowing Club. River Road, later Coronation Drive, once used for driving cattle from Brookfield, becomes a thoroughfare for the carriages of the wealthy from Indooroopilly and Milton.

Housing and Home Unbound Nicole Cook, Aidan Davison, Louise Crabtree, 2016-05-05. Housing and Home Unbound pioneers understandings of housing and home as a meeting ground in which intensive practices, materials and meanings tangle with extensive economic, environmental and political worlds. Cutting across disciplines, the book opens up the conceptual and empirical study of housing and home by exploring the coproduction of the concrete and the abstract, the intimate and the institutional, the experiential and the collective. Exploring diverse examples in Australia and New Zealand, contributors address the interleaving of money and materials in the digital commodity of real estate, the neoliberal invention of housing as a liquid asset and source of welfare provision, and the bundling of car and home in housing markets. The more than human relations of housing and home are articulated through the role of suburban nature in the making of Australian modernity, the marketing of nature in waterfront urban renewal, the role of domestic territory in subversive social movements such as Seasteading and Tiny Houses, and the search for home comfort through low cost energy efficiency practices. The transformative politics of housing and home are explored through the decolonizing of housing tenure, the shaping of housing policy by urban social movements, the lived importance of marginal spaces in Indigenous and other housing, and the affective lessons of the ruin. Beginning with the diverse elements gathered together in housing and home, the text opens up the complex realities and possibilities of human dwelling.

Contemporary Architects Muriel Emanuel, 2016-01-23. **Walks, Tracks and Trails of Queensland's Tropics** Derrick Stone, 2016-03. Queensland's tropics provide numerous environments for enjoyable walking: lush rainforests, cloud-shrouded mountains, extinct volcanoes, savanna woodlands, and magnificent beaches on the coast and Great Barrier Reef islands. This book brings together more than 150 of the best walks, tracks, or trails in Queensland's tropics, located within the coastal strip between Rockhampton and Cooktown. Walks vary from short boardwalk strolls in the lowland rainforests of Daintree National Park to 4-6 day hiking and camping trips on Hinchinbrook Island. Other routes follow old gold miners and forestry tracks, or coaching routes, or feature historical
