Margaret Atwood and the Female Bildungsroman Ellen McWilliams,2017-03-02 Examining Margaret Atwood s work in the context of the complex history of the Bildungsroman Ellen McWilliams explores how the genre has been appropriated by women writers in the second half of the twentieth century She demonstrates that Atwood s early work her own coming of age fiction including unpublished works as well as *The Edible Woman* *Surfacing* and *Lady Oracle* both engages with and works against the paradigms of identity which are traditionally associated with the genre Making extensive use of unpublished manuscripts in the Atwood Collection at the University of Toronto McWilliams uncovers influences that shaped Atwood s fashioning of identity in her early novels paying particular attention to Atwood s preoccupation with survival as a key symbol of Canadian literature culture and identity She also considers the genre s afterlife on display in *Cat s Eye* *The Robber Bride* *Alias Grace* *The Blind Assassin* and *Moral Disorder* in which the formulations of selfhood and identity in Atwood s early fiction are revisited and developed Atwood emerges as a writer who self consciously invokes and then undercuts the traditions of the Bildungsroman a turn that may be read as a means of at once interrogating and perpetuating the form McWilliams s book furthers our understanding of subjectivity in Atwood s fiction and contributes to ongoing conversations about the role gender and cultural contexts play in reframing generic boundaries **The Books That**

Border Crossings Thomas Fox, 2025-10-01. *Border Crossings* is an accessible and comprehensive overview of the work of prose fiction writers in what was the German Democratic Republic. Thomas C. Fox introduces readers to the best and most important East German writers among them Christa Wolf, Jurek Becker, Anna Seghers, Stefan Heym, and Franz Fühmann, restricting his study to work that is available in English translation so that readers who do not know German will be able to read for themselves the literature he discusses. During a period of forty years, writers in the German Democratic Republic struggled with increasing success to free themselves from a smothering and paternalistic governmental embrace, thus anticipating and helping to constitute the events of 1989. In its relentless interrogation of the status quo, in its persistent ability to create alternatives, and in its call for more openness, literature in East Germany served as an outlet for energies and ideas that might have been channeled in the West into politics, philosophy, or journalism. In addition to discussing the role that literature played in shaping historical events, Fox shows that it can be appreciated simply as literature outside of its political contexts.

Inscription and Rebellion Sonja E. Klocke, 2015. Employs research on the GDR's healthcare system along with feminist and queer theory to get at socialism's legacy, revealing a specifically East German literary convention: employment of symptomatic female bodies to either enforce or rebel against political and social norms.

Political Narratosophy Senka Anastasova, 2023-09-29. *Political Narratosophy* offers a critically subversive rethinking of the political and philosophical significance of narrative and why feminist epistemology and feminist social theory matter for the meaning of the self and narrativity. Through a re-examination of the notions of democracy and emancipation, Senka Anastasova coins the term political narratosophy, a unique interpretation of the philosophy of narrative identification and disidentification developed in conversation with philosophers Jacques Rancière, Nancy Fraser, and Paul Ricoeur. Utilizing the author's own identity as a feminist philosopher who has lived in socialist Yugoslavia, post-Yugoslavia, and Macedonia, now North Macedonia, Anastasova explores the fluctuating and disappearing borders around which identity is situated in a country that no longer exists. She expertly reveals how the subject finds, makes, and unmakes itself through narrativity, politics, and imagination. *Political Narratosophy* is an important intervention in political philosophy and a welcome contribution to the historiography on female authors who lived through twentieth-century communism and its aftermath. It will be of great interest to scholars and researchers in the fields of political theory, philosophy, women's studies, international relations, identity studies, comparative literary studies, and aesthetics studies.
