Sustainability in Art, Fashion and Wine Annamma Joy,2024-03-18 The art fashion and wine industries are currently at various stages in their efforts to embrace and transition towards sustainability While sustainability commitments are a necessary condition for progress they are not sufficient Instead there is a need for sweeping transformative change that includes giving serious consideration to indigenous worldviews without recolonizing them Sustainability in Art Fashion and Wine includes findings from recent research and contributes to a new understanding of familiar concepts such as sustainability de colonization and corporate responsibility in the art fashion and wine industries by adopting critical lenses and incorporating them with innovative perspectives on circular business models and digitalization It endeavors to present remedies for effectively combating climate change and promoting social good While discussing specific issues such as sub contracted labor safe working conditions living wages environmental degradation mismanaged waste and more the book argues that recognizing the significant role western colonization has played and continues to play in the developing world in our current conception of capitalism is itself unsustainable To understand the true meaning of sustainability to fully recognize the looming deadlines we face in combating the climate crisis and instituting sustainability as a new normal the acceptance of a new conception of capitalism one antithetical to colonization and exploitation is required Contributors to this book address these issues by applying a critical studies approach to their respective chapters allowing the book to set out what real sustainability could and should look like in the art fashion and wine industries

Creativity in Chinese Contexts Chau-kiu Cheung,Xiaodong Yue,2019-08-28 Examining creativity in Chinese societies from both a personal and contextual

standpoint this ground breaking book offers readers a unique insight into the Chinese mind It provides a review of the nature origins and consequences of creativity deriving from empirical evidence in the Chinese context Specifically the book unravels the conceptualization of creativity and its relationships with various demographic and dispositional factors in Chinese societies The book proceeds to give readers an understanding of how creativity maintains reciprocal relationships with various forms of well being The content of the book brings together empirical evidence and theory grounded on Chinese societies to offer researchers and students a unique realistic view of the nature of creativity there This book will be a must read for any researcher or practitioner interested in this fascinating topic

Resilience Process and Its Personal and Social Bases Chau Kiu Cheung,2024-10-30 This book is to elucidate personal and social bases for personal resilience thus addressing the issue concerning the predominance of social factors in shaping resilience Essentially the book starts with a clarification of resilience as a phenomenon rather than a trait The clarification also identifies the personal bases in terms of the resilience process which specifies belief about resilience as a precursor to learning about resilience action for resilience and resilience successively To justify the personal and social bases the book expounds the analytical functionalist framework to specify voluntaristic and deterministic mechanisms to perform the four requisite functions of goal attainment adaptation integration and latency Equipped with the conceptual and theoretical grounds the book proceeds to scrutinize the effects of personal and social factors on resilience and its process The personal factors include personal background characteristics personality functional disability and various beliefs whereas the social factors include experiences of caring peace violence and social exclusion in society kindness sociability and aid from other people and social capital The scrutiny engages five databases about 6 948 Chinese people in Hong Kong and neighboring Chinese cities composed of the public service users older adults students and people with visual impairment Overall the book presents ample theoretical and empirical substances to clarify the genesis of resilience

Teilhard's Proposition for Peace Jean Maalouf,2018-11-15 Teilhard de Chardin called the greatest prophet of this age intended to write a book called The Book of Peace though he failed to do so Instead he went on sowing the seeds of peace throughout his writings This book distills and presents the essence of the case Teilhard made for the cause of peace There is no doubt that Teilhard s readers have noticed how difficult his thought can be and how puzzling it appears at times This volume navigates the complexity of those labyrinthine roads inviting the reader to confidently see the basic unity which underlies all that is When we recognize that we live in the Divine Milieu where we witness the transforming presence of the divine in human consciousness we will existentially realize the truth of the principle by which Teilhard wanted us to live
