The Mortara Case and Thomas Aquinas's Defense of Jewish Parental Authority Matthew Tapie, 2025 The Mortara case refers to Pope Pius IX's 1858 removal of a six year old Jewish boy Edgardo Mortara from his parents in Bologna Italy Six years after the child was born it was reported that the family's Christian housekeeper had baptized him after he had fallen ill as an infant and was allegedly in danger of death Since canon law and civil law stipulated that a baptized child must be raised Catholic Pius IX used his power as head of the Papal States to remove Edgardo from his family so he could receive a Christian education Scholars on both sides of the contemporary debate over Pius IX's decision to remove the child frequently appeal to the teaching of Thomas Aquinas to make their arguments However the discussion has overlooked an important fact the question of how Aquinas's teaching applied to the case was at the center of the dispute between the Mortara family and Pius IX in 1858 Indeed the Mortara family and the Roman Jewish community submitted to the Vatican a two part document Pro memoria and Syllabus that appealed to Aquinas to argue for the return of the child However the Vatican's reply Brevi cenni denied the request and cited Aquinas's teaching to argue that Edgardo's baptism was valid and that he therefore belonged to the Church Who had the correct interpretation of Aquinas's thought And how does this answer impact Catholic theology and Catholic Jewish relations today The Mortara Case and Thomas Aquinas's Defense of Jewish Parental Authority assesses the claims of both sides of the contemporary debate through an analysis of Aquinas's teaching as it is interpreted in the original Italian and Latin documents from the 1858 case which are housed in the Vatican Apostolic Archives The complete text of these documents are reproduced here with facing English translations for the first time Tapie demonstrates that for Aquinas Jewish parental authority is an order of the natural law which Aquinas likened to a spiritualis uterus spiritual womb Since Jewish parental authority is an order of the natural law it cannot be opposed to God's grace The Mortara Case and Thomas Aquinas's Defense of Jewish Parental Authority is the first book length study to examine Aquinas's teaching against baptism of Jewish children *invis parentibus* against the will of parents in its thirteenth century context The book also treats the reception history of Aquinas's thought among his Dominican defenders who advanced his position from the late thirteenth century into the middle of the sixteenth century Tapie's study concludes by examining the current Code of Canon Law on infant baptism for children of non Catholic parents as well as its relation to the Second Vatican Council's teaching on religious freedom and the Jewish people

In Spirit and Truth Benny Thettayil, 2007. In the context of his conversation with the Samaritan woman, the Johannine Jesus says the true worshipers will worship the Father in Spirit and truth. 4:23. In this monograph Benny Thettayil undertakes a detailed exegetical study of the fourth evangelist's understanding of worship in Spirit and truth. Part One is devoted to a detailed exegetical analysis of John 4:19-26 focusing on the relationship between Jews and Samaritans, the meaning of *pneuma* and *aletheia* as well as the question whether Jesus reveals himself as the Messiah to the Samaritan woman. In Part Two Thettayil offers an extensive study of the replacement theme in the Fourth Gospel. He studies this issue in connection with the Johannine community and with the presentation of Jesus as the fulfilment of the temple. In his final chapter Thettayil enters into the difficult field of Johannine Replacement Theology, taking up the challenge of confronting the theological implications of the way the fourth evangelist presents Judaism.

Jewish Responses to Early Christians Claudia Setzer, 1994-11-01. What were Jews saying and doing about the followers of Jesus in the first two centuries? In this provocative and comprehensive study Claudia Setzer argues persuasively that Jews saw the early followers of Jesus as Jews for some time after the Christians viewed themselves as separate from the larger Jewish communities. This book provides historical context and nuanced exegesis of texts that continue to be trouble spots in Jewish-Christian relations. It illuminates the diverse strands of early anti-Judaism while providing the reader with some surprises.

The Gospel of Tatian Matthew R. Crawford, Nicholas J. Zola, 2019-07-11 This volume combines some of the leading voices on the composition and collection of early Christian gospels in order to analyze Tatian's Diatessaron The rapid rise and sudden suppression of the Diatessaron has raised numerous questions about the nature and intent of this second century composition It has been claimed as both a vindication of the fourfold gospel's early canonical status and as an argument for the canon's ongoing fluidity it has been touted as both a premiere witness to the earliest recoverable gospel text and as an early corrupting influence on that text Collectively these essays provide the greatest advance in Diatessaronic scholarship in a quarter of a century The contributors explore numerous questions did Tatian intend to supplement or supplant the fourfold gospel How many were his sources and how free was he with their text How do we identify a Diatessaronic witness Is it legitimate to use Tatian's Diatessaron as a source in New Testament textual criticism Is a reconstruction of the Diatessaron still possible These queries in turn contribute to the question of what the Diatessaron signifies with respect to the broader context of gospel writing and what this can tell us about how the writing rewriting and reception of gospel material functioned in the first and second centuries and beyond

Allison, Jr., 2021-03-11 The earliest traditions around the narrative of Jesus' resurrection are considered in this landmark work by Dale C. Allison Jr. drawing together the fruits of his decades of research into this issue at the very core of Christian identity. Allison returns to the ancient sources and earliest traditions charting them alongside the development of faith in the resurrection in the early church and throughout Christian history. Beginning with historical critical methodology that examines the empty tomb narratives and early confessions, Allison moves on to consider the resurrection in parallel with other traditions and stories including Tibetan accounts of saintly figures being assumed into the light in the chapter Rainbow Body. Finally, Allison considers what might be said by way of results or conclusions on the topic of resurrection offering perspectives from both apologetic and sceptical viewpoints. In his final section of modest results, he considers scholarly approaches to the resurrection in light of human experience adding fresh nuance to a debate that has often been characterised in overly simplistic terms of it happened or it didn't.
