neoliberalism to assume that nations of the Global South are categorically distinct from their counterparts in the North and that they provide an alternative or even an antidote to the competitive and individualistic cultures of the advanced capitalist world Through a textured analysis of cultural production from contemporary India Shakti Jaising argues that neoliberal capitalism has produced significant continuities in class dynamics and subjective experience across the North South divide continuities that are at least as worthy of our consideration as differences arising from colonialism and its aftereffects The book engages an array of political economic and cultural narratives while focusing in particular on widely circulating Indian English language novels and their audio visual adaptations that demonstrate the growing currency of a neoliberal script extolling values like privatization and deregulation as conduits to both individual growth and national development as well as freedom from poverty With their potent enactments of personal and national maturation contemporary Indian novels and films offer striking illustrations of the imaginative means by which the neoliberal script proliferates even as economic precarity and inequality worsen in India much like elsewhere in the world Whereas literary scholars tend to approach the Indian English novel as an exemplar of resistance from the formerly colonized world Beyond Alterity contends that far from inevitably modelling resistance this genre s contemporary examples instead encapsulate the challenges of disentangling literature from the all pervasive logics and narratives of neoliberal capitalism

"Wilderness Into Civilized Shapes" Laura Wright, 2010 This study examines how postcolonial landscapes and environmental issues are represented in fiction Wright creates a provocative discourse in which the fields of postcolonial theory and ecocriticism are brought together Laura Wright explores the changes brought by colonialism and globalization as depicted in an array of international works of fiction in four thematically arranged chapters She looks first at two traditional oral histories retold in modern novels Zakes Mda's *The Heart of Redness* South Africa and Ngugi wa Thiong'o's *Petals of Blood* Kenya that deal with the potentially devastating effects of development particularly through deforestation and the replacement of native flora with European varieties Wright then uses J M Coetzee's *Disgrace* South Africa Yann Martel's *Life of Pi* India and Canada and Joy Williams's *The Quick and the Dead* United States to explore the use of animals as metaphors for subjugated groups of individuals The third chapter deals with India's water crisis via Arundhati Roy's activism and her novel *The God of Small Things* Finally Wright looks at three novels Flora Nwapa's *Efuru* Nigeria Keri Hulme's *The Bone People* New Zealand and Sindiwe Magona's *Mother to Mother* South Africa that depict women's relationships to the land from which they have been dispossessed Throughout *Wilderness into Civilized Shapes* Wright rearticulates questions about the role of the writer of fiction as environmental activist and spokesperson the connections between animal ethics and environmental responsibility and the potential perpetuation of a neocolonial framework founded on western commodification and resource based imperialism

Chick Lit and Postfeminism Stephanie Harzewski, 2011-02-09 Originally a euphemism for Princeton University's Female Literary Tradition course in the 1980s chick lit mutated from a movement in American women's avant garde fiction in the 1990s to become by the turn of the century a humorous subset of women's literature journalism and advice manuals Stephanie Harzewski examines such best sellers as Bridget Jones's *Diary* *The Devil Wears Prada* and *Sex and the City* as urban appropriations of and departures from the narrative traditions of the novel of manners the popular romance and the bildungsroman Further Harzewski uses chick lit

as a lens through which to view gender relations in U S and British society in the 1990s Chick Lit and Postfeminism is the first sustained historicization of this major pop cultural phenomenon and Harzewski successfully demonstrates how chick lit and the critical study of it yield social observations on upheavals in Anglo American marriage and education patterns heterosexual rituals feminism and postmodern values *Sword & Salve* Peter J. Hoffman, Thomas G. Weiss, 2006-03-03 Arguing forcefully that changing times are a clarion call for new thinking this book convincingly shows that if humanitarian organizations continue to operate as they have in the past they will fail to help the very victims whom they try to save Focusing especially on the emergence of new wars Hoffman and Weiss insist that humanitarian organizations must recognize that they live in a political world and that their actions and goals are invariably affected by military action The brand of warfare that erupted in the 1990s marked by civil or transnational armed conflicts featuring potent non state actors altered political economies a high proportion of civilian casualties and a globalized media produced horrors that shocked consciences and led humanitarian agencies to question their unyielding stance of neutrality and impartiality Indeed in a departure from earlier norms and practices some have reinvented their policies and tools and created new humanitarianisms This authoritative book traces the evolution of the international humanitarian system from its inception in the 1860s parses the dynamics of war and emergency response from the 1980s through the current disasters in Afghanistan and Iraq and provides a strategic roadmap for practitioners By bringing historical perspective to bear this volume provides an invaluable analytical framework for grasping the nature of humanitarian crises and how agencies can respond strategically rather than reactively to change Students will find its blend of clearly presented theory and case studies a powerful tool for understanding the roles of state and non state actors in international relations By charting the tides of continuity and change this book will prepare agencies to dodge both figurative and actual bullets that threaten humanitarian action at the outset of the millennium

boundless creativity      **The Spectacle of Death** Kristin Boudreau, 2006-04-04 In 1787 Benjamin Rush cautioned that public punishments were dangerous to the social and legal authority of the new nation For Rush irrepressible human sentiments all but guaranteed that public punishments would turn spectators against the institutions responsible for the punishments Although public executions of criminals ended early in the 19th century debate over the morality of capital punishment has continued to this day In this unique and fascinating glimpse into public reactions to prominent executions from colonial times to the 1990s Kristin Boudreau focuses on the central role of populist often ephemeral literary forms in shaping attitudes toward capital punishment Surveying popular poems ballads plays and novels she shows that at key times of social unrest in American history many Americans have felt excluded by the political and legal processes and have turned instead to inexpensive literary forms of expression in an attempt to change the course of history Among the significant capital cases that the author discusses are the Haymarket anarchist trial of 1886 the lynching of Leo Frank in 1914 the murder of Emmett Till in 1955 and its effects on the Civil Rights movement Norman Mailer's treatment of the Gary Gilmore case in the 1979 novel *The Executioner's Song* and the 1998 execution of Karla Faye Tucker a convicted murderer who became a born again Christian on death row In the concluding chapter Boudreau examines contemporary writers musicians actors and other artists who are using their artistic media to influence official policies of states that permit capital punishment By examining these neglected texts Boudreau brings to light a compelling story about ordinary Americans fighting an entrenched legal system at times of great national crisis      **Forthcoming Books** Rose Arny, 2003-04
