## Quick To The Frontier:

Brazil and Canada Rosana Barbosa, 2016-12-07 This book provides a synthesis of the relationship between Brazil and Canada or what comprises Canada today with the objective of uncovering a neglected history This book covers from the first known exchange of migrants between the two countries in 1828 to 1979 when a political openness in the Brazilian military dictatorship gave rise to a new chapter in the two countries relationship As the first synthetic treatment of this relationship this book not only aims to build on the limited historiography that exists but also to open up new interpretive channels that can be further explored in the future Recommended for scholars of Latin American studies history and international relations
