**Fast Facts for the Triage Nurse, Second Edition** Lynn Sayre Visser, Anna Sivo Montejano, 2018-12-17 Emergency Nurses Association Media Award Media Award Fast Facts for the Triage Nurse An Orientation and Care Guide 2nd Edition Lynn Sayre Visser MSN RN PHN CEN CPEN and Anna Montejano DNP RN PHN CEN of California <https://www.ena.org/press-room> 2019 06 13 former ena president receives emergency nurses association's most prestigious award 1st Edition Winner of the AJN Book of the Year Award for Emergency Critical Care Nursing This authoritative orientation guide for new and seasoned nurses preceptors educators management teams urgent care staff pre

hospital personnel and anyone working in the triage arena presents essential information to access quickly and repeatedly. Patients rarely present to triage with a diagnosis but rather convey a multitude of complaints, signs, and symptoms. It is the job of the triage nurse to identify serious red flag presentations hidden among all this information while delivering individualized care and juggling wait times in often overcrowded emergency departments.

**Fast Facts for the Triage Nurse**, Second Edition retains its key focus on numerous aspects of triage for emergency department and urgent care settings from orientation to front end processes to clinical practice and nursing essentials. With real life examples, the chapters detail a multitude of clinical presentations and include procedures and protocols that the triage nurse implements in daily practice. This newly revised and updated edition covers how to build confidence in the triage role, accurately assess patient presentations, reduce personnel and hospital liability, increase patient and staff satisfaction, and ultimately deliver quality patient care that supports best outcomes.

**5 New Chapters in the Second Edition:** Active Shooter, Active Violence, Emergency Management for When Disaster Strikes, Triage Competency, Pain Management, Endocrine Emergencies.

**Key Features:** Covers essential clinical information in an easy to read format. Focuses on processes, patient and staff safety, legalities, documentation, and critical thinking at triage. Addresses specific patient populations including pediatric, older adult, human trafficking, military personnel, and more. Offers guidance from seasoned emergency department nurses and triage educators.

**Current Catalog**, 1991 First multi year cumulation covers six years 1965-70. *Sheehy's Emergency Nursing*, Emergency Nurses Association, 2019-08-15. Selected for Doody's Core Titles 2024 in Emergency Care. Written by emergency nurses for emergency nurses.

**Sheehy's Emergency Nursing: Principles and Practice**, 7th Edition covers the issues and procedures unique to the emergency department. This comprehensive evidence based resource is written by the Emergency Nurses Association and includes developments and changes in clinical practice that are incorporated throughout the text. Considered the go to guide for issues and procedures unique to the emergency department, the user friendly format features more than 150 high quality illustrations and tables that highlight essential concepts and offer quick access to vital information.

New to this edition is updated key coverage including clinical fundamentals, treatment for trauma and medical/surgical emergencies, the foundations of emergency nursing practice, special populations, and more. Written by the Emergency Nurses Association, ensuring this is the most accurate information on the market. Most comprehensive and authoritative text available on emergency nursing.

Logically organized chapters are grouped into six sections for quick access to important content: Foundations of Emergency Nursing, Professional Practice, Clinical Foundations of Emergency Nursing, Major Trauma Emergencies, Medical and Surgical Emergencies, and Special Patient Populations. Tables and boxes highlight and summarize critical and essential information while 150 illustrations help you to quickly identify and treat frequently encountered conditions. A separate unit on special patient populations covers topics such as child abuse, elder abuse, intimate partner violence, sexual assault, substance abuse, and behavioral. Pediatric, obstetrical emergencies.

**NEW Coverage** includes the latest

on topical issues such as ethics workplace violence and geriatric trauma UPDATED pain guidelines feature the latest pain indicators UPDATED sepsis guidelines provide essential information on pathophysiology and diagnosis with valuable guidelines for managing these patients NEW Fully revised information on communicable diseases UPDATED Information on non narcotic use for treatment of pain and increasing rates of addiction NEW Discussion of transgender patients covers how to work with this unique population NEW Full color photo insert      *Non-CNS Head and Neck Trauma* ,1991      Mosby's Critical Care Nursing Reference - E-Book Susan B. Stillwell,2006-04-04 Developed to provide nurse clinicians with a resource for the management of adult critical care patients Mosby s Critical Care Nursing Reference condenses the most essential information needed by nurses working in the ICU This valuable pocket sized reference provides information on broad topics that apply to a variety of critically ill patients as well as detailed information on organ diseases Chapters are dedicated to psychosocial concerns complementary therapies and the unique needs of a pediatric patient in an adult ICU Therapeutic modalities and pharmacology are both examined with information that is useful for the student the new nurse and the experienced professional Handy size allows portability and ease of use in working conditions Contains both general information on patient care as well as specific details outlining nursing procedures in a professional setting Organization of material presented allows for quick access of desired subject matter in critical care situations Allows critical care nurses to quickly assess diagnose and facilitate the care of patients in an ICU setting Clearly organized appendices allow the user to rapidly obtain frequently needed data The most up to date terminology topics modalities and treatments are incorporated throughout New chapter on palliative care in the critical care unit has been included Updated information is presented regarding pain control from the World Health Organization as well as drug incompatibilities Discussions have been added on such topics as cortisol level testing new laboratory tests such as brain natriuretic peptide and therapies used in end of life

The Practice of Emergency Nursing James H. Cosgriff,Diann Laden Anderson,1975      **Nursing Care Planning Made Incredibly Easy!** ,2008 Nursing Care Planning Made Incredibly Easy is the resource every student needs to master the art of care planning including concept mapping Starting with the nursing process the book provides the foundations for writing practical care plans walks students through the care planning process builds the critical thinking skills needed to individualize care and offers tips on incorporating evidence based standards and rationales into nursing interventions Coverage includes up to date NANDA nursing diagnoses NIC and NOC and an English NANDA dictionary that makes understanding nursing diagnoses fun Sample care plans appear throughout the book A bound in CD ROM contains over 150 customizable care plans

### Quick Reference To Pediatric Emergency Nursing Introduction

In the digital age, access to information has become easier than ever before. The ability to download Quick Reference To Pediatric Emergency Nursing has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Quick Reference To Pediatric Emergency Nursing has opened up a world of possibilities. Downloading Quick Reference To Pediatric Emergency Nursing provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Quick Reference To Pediatric Emergency Nursing has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Quick Reference To Pediatric Emergency Nursing. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Quick Reference To Pediatric Emergency Nursing. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Quick Reference To Pediatric Emergency Nursing, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Quick Reference To Pediatric Emergency Nursing has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing

online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
