American Jewish Year Book, 1996. ,1995 The Library owns the volumes of the American Jewish Yearbook from 1899 current Lubavitchers as Citizens Jan Feldman, 2018-07-05 Lubavitchers are active in the civic life of their communities and so should be considered good citizens by advocates of participatory democracy However their obviously nonliberal worldview tends to elicit rancor in precisely those quarters The notion that democratic political institutions require the support of a democratic political culture is pervasive in political theory Many scholars treat democratic virtues and liberal values as synonymous As a result nonliberal groups are viewed with suspicion if they reject liberal values they are also seen as rejecting democratic ones Jan Feldman focuses on a subset of Chassidic Judaism known as Lubavitch or ChaBad to explore this assumption Lubavitchers make an excellent test case she explains because they are informed politically active and democratic on the one hand yet embrace nonliberal values on the other Unlike the Amish or Hutterites they do not rely on rural isolation for group survival but function remarkably well in secular urban settings They embrace rather than withdraw from political life Although they do not use the state to promote their worldview to a wider audience their entry into the public realm often generates hostility and fear Feldman does not claim that liberal values are irrelevant to democracy nor does she argue that all nonliberal groups are equally benign What Lubavitchers allow us to investigate she writes is the common assumption that liberal and democratic attitudes are inextricably linked Through numerous interviews in the centers of Lubavitch life in Montreal New York and Washington D C she not only illuminates a group fascinating in its own right but also provides insights into long held assumptions about the relationship between liberal and democratic values
