Renewing The Judeo Christian Wellsprings:

Renewing the Judeo-Christian Wellsprings Val A. McInnes, 1987 Essays discuss the meaning of ancient manuscripts the Greek Bible Jerusalem and the historical Jesus to Christians and Jews *Covenantal Conversations* Darrell Jodock, Explores the eight most important topics in Jewish Christian relations Features the key leaders in Jewish Christian relations and theology Includes a study of the Arab Israel Palestinian conflict **Our Hands Are Stained with Blood** Michael L. Brown, 1992 A description of 2 000 years of Christian persecution of the Jews written by a Jewish Christian who contends that Christians are almost totally ignorant of the Jews agony throughout the centuries Pointing to the Jewish origins of Jesus and the apostles and to positive aspects of Judaism decries the Christian distortion of Judaism and the hatred and lies spread against the Jewish people up to the present day Although he believes that the Jews will eventually come to accept Jesus as the Messiah Brown calls on Christians to approach Jews with love and not with hatred He states that Satan is the author of the spirit of antisemitism and that Christians must recognize that when they hate Jews they are heeding not God but Satan

A Tribute to Geza Vermes Philip R. Davies, Richard T. White, 1990-09-01 This Festschrift honours one of today's leading scholars of early Judaism and Christian origins Twenty two essays by internationally renowned scholars reflect the pioneering contribution of Geza Vermes in the fields of Dead Sea Scrolls Targums and Rabbinics and New Testament

Jews and Christians Together Christian van Gorder, Gordon Fuller, 2020-08-06 Rabbi Gordon Fuller and Dr Christian van Gorder are committed to helping people of both faith traditions gain as far as is possible a participant's appreciation of those from the other community This means addressing misconceptions and misrepresentations as well as challenging widely held assumptions *Jews and Christians Together* delves into the strained relationship between these two faith communities and exposes why these communities need to come to a better understanding and appreciation of the other Events such as the attack on the Tree of Life Synagogue in Pittsburgh Pennsylvania demonstrate why society must address and foil anti-Semitism and anti Judaism wherever and whenever such views appear The efforts of Fuller and van Gorder to explore these issues with their own faith communities can provide a helpful starting point to confront trends of increasing hate and bigotry towards Jews today Fuller and van Gorder ask us to acknowledge the marred history of Christianity and anti-Semitism so that we can explore healthy Jewish Christian dialogue and gain a shared and constructive mutual respect *Jesus, an Emerging Jewish Mosaic* Daniel F. Moore, 2011-11-03 Since Martin Buber in *Two Types of Faith* acknowledged Jesus as his great brother other Jewish writers have sought to ascertain a place for Jesus within the larger context of Jewish history In the aftermath of the Shoah specifically in the afflicted consciousness of humanity Jew and Christian alike began to ask how this tragedy could have happened especially among and against people of faith In an effort to assure that such a tragedy never happens again the focus of some fell upon Jesus previously the obstacle to reconciliation but now perceived as the obvious and most viable bridge to span the chasm and assuage the wound of anti Jewish and anti Christian sentiments Still others

chose to join and expand the academic quest for the historical Jesus adding Jewish voices to the effort to explore more rigorously and objectively the figure of Jesus in historical writing In this unique and illuminating volume Father Daniel F Moore presents the historical identity of Jesus through lens of such Jewish scholars as Schalom Ben Chorin David Flusser Geza Vermes and Jacob Neuser A useful book for those interesting in ecumenical discourse and Jesus studies *The Readers Guide to Judaism and Jewish Studies* Sarah Imhoff,2013

Inerrancy and the Spiritual Formation of Younger Evangelicals Carlos R. Bovell,2007-03-01 In *Inerrancy and the Spiritual Formation of Younger Evangelicals* readers are urged to pastorally consider their own spiritual responsibilities toward students by taking more seriously six representative critical discoveries that students tend to make during the course of their higher education By doing this it is hoped that leaders and teachers might become more sensitive to the reality that younger evangelicals are not generally already convinced of the Bible's inerrancy and may even be secretly and frantically searching for existentially workable bibliological alternatives It behooves evangelical leaders as responsible shepherds of God's people to give their students the social and spiritual room they need to breathe by offering them acceptably orthodox alternatives for understanding the inspiration and authority of the Bible

The Rise of Normative Christianity Arland J. Hultgren,2004-07-05 More than fifty years ago Walter Bauer's *Orthodoxy and Heresy in Earliest Christianity* undercut the traditional views on the making of orthodox Christianity by arguing that in several geographic areas heresy preceded orthodoxy Subsequently the ancient documents discovered at Nag Hammadi proved that early Christianity was tremendously diverse These influences have given rise to the notion that the various gnostic interpretations are mere alternatives to more traditional interpretations of Jesus and his significance Using a focused but broad definition of normative Christianity Hultgren contends that such a tradition originated at the very beginnings of the Christian movements developed and came to dominate as the most adequate expression of Jesus' legacy Normative Christianity a stream as wide as the New Testament canon forged a coherence between confession of faith and community ethos that could endure and was the basis for later orthodoxy *Studies in Modern Theology and Prayer*,1998 This collection of twenty-two essays and studies represents a cross section of Dr Petuchowski's work paying tribute to the world of German Jewish scholarship that formed the background of his work

Scripture, Canon and Commentary John B. Henderson, 2014-07-14 In this major contribution to the study of the Chinese classics and comparative religion John Henderson uses the history of exegesis to illuminate mental patterns that have universal and perennial significance for intellectual history Henderson relates the Confucian commentarial tradition to other primary exegetical traditions particularly the Homeric tradition Vedanta rabbinic Judaism ancient and medieval Christian biblical exegesis and Qur'anic exegesis In making such comparisons he discusses some basic assumptions common to all these traditions such as that the classics or scriptures are comprehensive or that they contain all significant knowledge or truth and analyzes the strategies deployed to support these presuppositions As shown here primary differences among commentarial or exegetical traditions arose from variations in their emphasis on one or another of these assumptions and strategies Henderson demonstrates that exegetical modes of thought were far from arcane they dominated the post classical premodern intellectual world Some have persisted or re emerged in modern times particularly in ideologies such as Marxism Written in an engaging and accessible style Scripture Canon and Commentary is not only a challenging interpretation of comparative scriptural traditions but also an excellent introduction to the study of the Confucian classics Originally published in 1991 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
