Romain, 1996 In a disbelieving world what do Jews today believe Where is God in a post Holocaust world How does Judaism tackle practical concerns such as mental illness euthanasia the ecology and new sexual mores Does it need to be repackaged for a media world of God slots and religious sound bites What is the relationship between Jews and their non Jewish neighbours Is British Jewry about to disappear or will its fortunes revive Renewing the Vision is a remarkable collection of essays by twenty four rabbis which celebrates the fortieth anniversary of the Leo Baeck College The wide ranging essays illustrate how they seek both to transmit the Judaism of the past yet reinterpret it daringly for new situations This major new publication is essential reading for anyone interested in the challenges facing Jewish life today Renewing the Vision is edited by Rabbi Dr Jonathan Romain and contains essays by Tony Bayfield Lionel Blue Jonathan Magonet Julia Neuberger and many other leading rabbis Jonathan Romain is a rabbi broadcaster and writer He serves as the minister of Maidenhead Synagogue

An unorthodox history Gavin Schaffer, 2025-02-18 A bold new history of British Jewish life since the Second World War Historian Gavin Schaffer wrestles Jewish history away from the question of what others have thought about Jews focusing instead on the experiences of Jewish people themselves Exploring the complexities of inclusion and exclusion he shines a light on groups that have been marginalised within Jewish history and culture such as queer Jews Jews married to non Jews Israel critical Jews and even Messianic Jews while offering a fresh look at Jewish activism Jewish religiosity and Zionism Weaving these stories together Schaffer argues that there are good reasons to consider Jewish Britons as a unitary whole even as debates rage about who is entitled to call themselves a Jew Challenging the idea that British Jewish life is in terminal decline An unorthodox history demonstrates that Jewish Britain is thriving and that Jewishness is deeply embedded in the country's history and culture

For Zion's Sake Paul Richard Wilkinson, 2008-12-01 By locating Christian Zionism firmly within the Evangelical tradition Paul Wilkinson takes issue with those who have portrayed it as a totally unbiblical menace and as the roadmap to Armageddon Charting in detail its origins and historical development he argues that Christian Zionism lays the biblical foundation for Israel's restoration and the return of Christ No one has contributed more to this cause than its leading architect and patron John Nelson Darby an uncompromising champion for Christ's glory and God's truth This groundbreaking book challenges decades of misrepresentation and scholarship exploding the myth that Darby stole the doctrine of the pre tribulation Rapture from his contemporaries By revealing the man and his message Paul Wilkinson vindicates Darby and spotlights the imminent return of the Lord Jesus Christ as the centerpiece of his theology

Zionism and the State of Israel

The Rev Dr Michael Prior Cm, Michael Prior, 2005-08-12 *Zionism and the State of Israel* provides a topical and controversial analysis of the development of Zionism and the recent history and politics of Israel. This thought provoking study examines the ways in which the Bible has been used to legitimize the implementation of the ideological and political programme of Zionism and the consequences this has had.

Ethical Exploration in a Multifaith Society Catherine Shelley, 2017-03-24 This book considers the theory and application of ethics for a multifaith society. Much ethics taught in the UK has been dominated by Christian ethics, their relation to secularism and by the Enlightenment's reaction against theology as a basis for ethical thought. In contrast to these perspectives, this book brings secular and theological ethics into dialogue, considering the degree to which secular ethics has common roots with theological perspectives from various traditions. The book assesses the application of ethical and theological principles in today's multifaith society. Aiming to enhance ethical understanding and awareness across divergent worldviews, identifying at what points divergence does occur, the author examines topics such as reason and ethics in theology, natural law, utilitarianism and deontology, and differences of approach to interpreting religious scriptures. The focus on ethical methods is illustrated through topical concerns in religion and ethics, for example, sexuality, marriage and education, and religion in relation to global ethics and human rights.

The Internal Foe Jeremy F. Worthen, 2008-12-18 The relationship between Christianity and other religions is a vital issue in the world today. This book provides a fresh perspective by exploring how Christian theology has been shaped over two millennia by interaction with its original religious other, continuing Judaism. It begins by describing the origins of the classic framework in Christianity that correlates claims about the gospel with judgments about Judaism as resistance to the new thing God has done in Jesus Christ. This framework binds Christianity to the task of interpreting Jewish presence, which then renders engaging with Judaism as well as rehearsing judgments about it integral to Christian theology's development. The central chapters of the book demonstrate this in relation to three pivotal periods of Western history: 1050-1300 CE, early modernity, and the first half of the twentieth century. They reveal the classic framework to have been remarkably resilient despite sometimes radical adaptation before, in, and after modernity. The insights of Franz Rosenzweig about Judaism as Christianity's internal foe resonate deeply with the book's historical analysis. Does this mean that non-relativistic Christian theology must remain intrinsically anti-Jewish? The book concludes that it need not, if it can renounce its historic stance of hermeneutical comprehension.

Talking to the Other Jonathan Magonet, 2003-02-21 Suicide killings both in America and Israel have focused world attention on international terrorism. The involvement of people claiming that their Islamic faith justified murderous suicide action has intensified the demonization of Islam in the West and in turn highlighted the need to understand and relate to Muslims in all their diversity. Rabbi Jonathan Magonet has long been engaged in interfaith dialogue, and in this book he explores the issues that arise with such an encounter and challenges the Jewish community to broaden its commitment to interfaith dialogue in a complex and rapidly changing world.
