 thoroughly reinterpreting terms idioms and categories preserved within Justinian's Digest that they fundamentally
 transformed them to address sources and limits of political and legal authority in the broader context of early modern state
 formation In the process they offered theories of universal jurisprudence grounded in the attributes and actions of man and

 Robert Lamberton, John J. Keaney, 2019-04-23 Although the influence of Homer on Western literature has long commanded
 critical attention little has been written on how various generations of readers have found menaing in his texts These seven
 essays explore the ways in which the Illiad and the Odyssey have been read from the time of Homer through the Renaissance
 By asking what questions early readers expected the texts to answer and looking at how these expectations changed over

time the authors clarify the position of the Iliad and the Odyssey in the intellectual world of antiquity while offering historical insight into the nature of reading. The collection surveys the entire field of preserved ancient interpretations of Homer beginning with the fictional audiences portrayed within the poems themselves, proceedings to readings by Aristotle, the Stoics, and Aristarchus and Crates, and culminating in the spiritualized allegorical reading current among Platonists of the fifth and sixth centuries C.E. The influence of these ancient interpretations is then examined in Byzantium and in the Latin West during the Renaissance. Contributors to this volume are Robert Browning, Anthony Grafton, Robert Lamberton, A.A. Long, James Porter, Nicholas Richardson, and Charles Segal. Robert Lamberton is Assistant Professor of Classics and John J. Keaney is Professor of Classics both at Princeton University. Originally published in 1992, The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions.
