Marvin Jones, 2016-10-24 An eye opening unapologetic explanation of what racial profiling is in modern day America systematic targeting of communities and placing of suspicion on populations on the basis of not only ethnicity but also certain places that are linked to the social identity of that group In 21st century post civil rights era America race has become complex and intersectional It is no longer simply a matter of color black versus white contends author D Marvin Jones but equally a matter of space or geographies of fear which he defines as spaces in which different groups are particularly vulnerable to stereotyping by law enforcement blacks in the urban ghetto Mexicans at the functional equivalent of the border Arabs at the airport Dangerous Spaces Beyond the Racial Profile demonstrates how society has constructed a set of threat narratives in which certain widespread problems immigration drugs gangs and terrorism for example have been racialized and explains the historical and social origins of these racializing threat narratives The book identifies how these narratives have led directly to relentless profiling that results in arrest deportation massive surveillance or even death for members of suspect populations Readers will come to understand how the problem of profiling is not merely a problem of institutional bias and individual decision making but also a deeply rooted cultural issue stemming from the processes of meaning making and identity construction *Encyclopedia of American Civil Liberties* Paul Finkelman, 2021-02-25 Originally published in 2006 the Encyclopedia of American Civil Liberties is a comprehensive 3 volume set covering a broad range of topics in the subject of American Civil Liberties The book covers the topic from numerous different areas including freedom of speech press religion assembly and petition The Encyclopedia also addresses areas such as the Constitution the Bill of Rights slavery censorship crime and war The book's multidisciplinary approach will make it an ideal library reference resource for lawyers scholars and students Compilation

The Publishers' Trade List Annual , 1979 Hearings, Reports and Prints of the Senate Committee on the Judiciary United States. Congress. Senate. Committee on the Judiciary, 1953 *Twilight of Liberty* William A. Donohue, 2001-01-01 Provocative he acknowledges that the ACLU has honorably battled violations of individual rights but he maintains that the group's fetishization of those rights degrades institutions that help build responsibility and community His critique is in many instances appropriate Publisher's Weekly Mr Donohue makes a detailed and persuasive argument that far from simply protecting constitutional freedom the ACLU is driven by an ideology for which the accurate term is extremist *Twilight of Liberty* is an important polemical and constructive contribution to understanding law politics and morality in contemporary America *First Things* A Monthly Journal of Religion and Public Life William Donohue thoroughly documents and perceptively analyzes both the socially destructive work of the American Civil Liberties Union and the threat to liberty presented by the extremist positions on individual rights ACLU propagates This book is a much needed antidote to pernicious trends in our national life American Enterprise Institute *Twilight of Liberty* is a sequel to Donohue's highly regarded *The Politics of the American Civil Liberties Union* but with a marked change in emphasis Instead of challenging the ACLU's nonpartisan reputation as he did in the earlier volume Donohue now seeks to demonstrate why and how recent ACLU policy undermines the process of liberty He argues that the ACLU by relentlessly warring with mediating institutions and by pushing a radical individualism in its policies is not making us more but less free Two conceptions of liberty are discussed The first considers the social context in which the struggle for freedom takes place It maintains that freedom is best achieved through a delicate balancing of individual rights with the legitimate needs of the social order The other conception of liberty is atomistic exclusively concerned with the rights of the individual According to Donohue such a definition assures the triumph of the state over the mediating institutions of society thus reducing prospects for freedom This is the first book to critically analyze contemporary ACLU policy and to challenge its reputation as the preeminent voice of freedom in the United States It aims to

move beyond the idea that freedom is best served by pushing individual rights to extremes *Twilight of Liberty* will appeal to scholars in the fields of law social policy and culture Students in civil liberties courses will also find this book a valuable resource William A Donohue is president of the Catholic League for Religious and Civil Rights in New York City

Race and Ethnicity Kathleen Odell Korgen, Maxine P. Atkinson, 2024-11-21 *Race and Ethnicity: Sociology in Action* is an innovative text that combines comprehensive coverage of race and ethnicity content with active learning exercises seamlessly integrated into the chapters The book is written by a team of experienced instructors who use active learning techniques in their own classrooms These contributors expertly weave together content material active learning exercises discussion questions real world examples of sociologists in action and information on careers that use sociology The Second Edition includes updated data figures and examples as well as new information on many topics including interracial relationships immigrant groups diversity among Asian Americans racial discrimination in housing and building coalitions for racial justice
