Report To Greco:

Report to Greco Nikos Kazantzakis, 2012-09-18 Disarmingly personal and intensely philosophical Report to Greco is a fictionalized account of Greek philosopher and writer Nikos Kazantzakis's own life a sort of intellectual autobiography that leads readers through his wide ranging observations on everything from the Hegelian dialectic to the nature of human existence all framed as a report to the Spanish Renaissance painter El Greco The assuredness of Kazantzakis's prose and the nimbleness of his thinking as he grapples with life's essential questions who are we and how should we be in the world will inspire awe and more than a little reflection from readers seeking to answer these questions for themselves **Broken**

Hallelujah Darren J. N. Middleton, 2007-01-01 Marking the fiftieth anniversary of Kazantzakis's death author Darren J N Middleton looks back on Kazantzakis's life and literary art to suggest that contrary to popular belief Kazantzakis and his views actually comport with the ideals of Christianity **Report to Greco** Nikos Kazantzakis, 1973 This autobiographical novel is one of the last things written by Kazantzakis before he died in 1957 It paints a vivid picture of his childhood in Crete and then steadily grows into a spiritual quest that takes him to Italy Jerusalem Paris Vienna Berlin and Russia *Report to Greco* Niko Kazantzakis, 1965 Kazantzakis, Volume 2 Peter Bien, 2010-07-01 Putting Greek writer Nikos Kazantzakis's vast output into the context of his lifelong spiritual quest and the turbulent politics of twentieth century Greece Peter Bien argues that Kazantzakis was a deeply flawed genius not always artistically successful but a remarkable figure by any standard This is the second and final volume of Bien's definitive and monumental biography of Kazantzakis 1883 1957 It covers his life after 1938 the period in which he wrote *Zorba the Greek* and *The Last Temptation of Christ* the novels that brought him his greatest fame A demonically productive novelist poet playwright travel writer autobiographer and translator Kazantzakis was one of the most important Greek writers of the twentieth century and the only one to achieve international recognition as a novelist But Kazantzakis's writings were just one aspect of an obsessive struggle with religious political and intellectual problems In the 1940s and 1950s a period that included the Greek civil war and its aftermath Kazantzakis continued this engagement with undiminished energy despite every obstacle producing in his final years novels that have become world classics **Creative Destruction** Lewis Owens, 2003 Owens religious studies Canterbury Christ Church U

society Within this chaos myth offered an ordered picture of that world employing symbolic and poetic images Both W B Yeats and Angelos Sikelianos embraced myth and symbols because they liberate imagination and raise human consciousness bringing together humans and the cosmos Being opposed to the rigidity of scientific materialism that inhibits spiritual development the two poets were waiting for a new age and a new religion expecting that they themselves would inspire their community and usher in the change In their longing for a new age archaeology was a magnetic field for Yeats and Sikelianos as it was for many writers and thinkers After Sir Arthur Evans s discovery of the Minoan Civilization where women appeared so peacefully prominent the dream of re creating a gynocentric mythology was no longer a fantasy In Yeats s and Sikelianos s gynocentric mythology the feminine figure appears in various forms and like in a drama it plays different roles Significantly a gynocentric mythology permeates the work of the two poets and this mythology is of pivotal importance in their poetry their poetics and even in their life as the intensity of their creative desire brought to them female personalities to inspire and guide them Indeed in Yeats s and Sikelianos s gynocentric mythology the image of the feminine holds a place within a historical context taking the reader into a larger social political and religious space

Struggle for Freedom Basilius J. Groen, This book examines the religious character of Nikos Kazantzakis literary work The author of famous novels like Zorba the Greek Christ Crucified Captain Michalis and The Last Temptation as well as the programmatic essay Asceticism The Saviours of God and the monumental Odyssey wrestled with the numinous nearly lifelong Though raised in and saturated with the liturgical and spiritual tradition of the Orthodox Church he soon dissociated himself from the ecclesiastical establishment of his youth and searched for a new form of religion A passionate hunter he sought out the absolute truth and definitive redemption In his quest for God his steady and farthest goal was the incessant search for freedom even freedom to such an extent as freedom from the liberator Yet the Greek Orthodox inheritance has influenced his work to a quite considerable extent He held on to various Christian elements which appealed to him although he filled them in with altered contents This especially concerns the emphasis on asceticism the Cretan religious popular culture the language of Scripture various liturgical rituals as well as Byzantine hymnody and iconography

Fighting Corruption in Eastern Europe Diana Schmidt-Pfister,Holger Moroff,2013-09-13 Anti corruption programmes projects and campaigns have come to constitute an essential aspect of good governance promotion over the last two decades The post communist countries in Eastern Europe have presented one of the first key targets of transnational anti corruption efforts and indeed most of these countries have shown an impressive record of respective measures Yet path breaking institutional and policy developments have not set in before the mid 2000s both at the international level and in most Eastern European countries Are these the beginnings of a mutually synergetic success story In order to answer this question we need to better understand the complex interplay between the international and domestic domains in this policy field and geographic region This book provides in depth and comparative insights about this interplay with a particular focus on the involvement of domestic social movements governmental political machines and international legal mechanisms We find that on all three levels of analysis political and material interests of relevant actors are complemented and at times contradicted by normative claims Moreover at the interfaces of the three levels coincidental and spontaneous developments have largely outweighed systematic implementation and coordination of appropriate anti corruption strategies This book is based on a special issue of Global Crime *The Selected Letters of Nikos Kazantzakis* Nikos Kazantzakis,2020-06-09 The life of Nikos Kazantzakis the author of Zorba the Greek and The Last Temptation of Christ was as colorful and eventful as his fiction And
