**Functional and Territorial Interest Representation in the EU** Michèle

Knodt, Christine Quittkat, Justin Greenwood, 2014-07-16 Despite a substantial legacy of literature on EU interest representation there is no systematic analysis available on whether a European model of interest representation in EU governance is detectable across functional and territorial categories of actors Functional actors include associations for business interests the professions and trade unions as well as NGOs and social movements territorial based entities include public actors such as regional and local government as well as actors primarily organised at territorial level What are the similarities and differences between territorial and functional based entities and are the similarities greater than the differences Are the differences sufficient to justify the use of different analytical tools Are the differences within these categories more significant than those across them Is there a professionalised European lobbying class across all actor types Does national embeddedness make a difference Which factors explain the success of actors to participate in European governance This book was originally published as special issue of Journal of European Integration     **The European Union**

Elizabeth Bomberg, John Peterson, Richard Corbett, 2012 The European Union How Does It Work is a perfect introduction to the European Union providing concise accessible coverage of the main actors policies and developments in the EU An expert team of leading scholars and practitioners cuts through the complexity to explain how the EU works in theory and practice The book equips readers with the knowledge and skills required to master the subject Helpful learning features throughout the text help to develop readers understanding of the EU How it really works boxes demonstrate the working of the EU in practice and challenge readers to contrast this with theoretical perspectives Key terms and concepts boxes provide concise definitions or summaries of words and ideas that are essential to understanding the EU And each chapter contains Spotlight boxes exploring specific cases that highlight how the EU works what it does or how it has evolved Taken together these features encourage readers to think critically about the reality of politics in the EU This edition explores ongoing challenges to the EU including the COVID 19 pandemic the UK s withdrawal from the EU and the erosion of democratic standards in some EU member states     The Elgar Companion to the European Union Samuel B.H. Faure, Christian Lequesne, 2023-01-20 Constituting a major contribution to literature on the EU this comprehensive Companion analyses the structure and value of the EU capturing the normality of its politics alongside crises and political breakdown     Inside the EU Business Associations J. Greenwood, 2001-12-05 Whilst actions by business interests are widely acknowledged to be a central mechanism of European integration the capacity of formal groups which represent them to contribute meaningfully to the integration process is little understood Based on original research with 50 EU business associations and 150 of their members this unique book assesses the effectiveness of EU business associations and their potential to bring value to the EU policy making process and to their members and lends a methodology by which they can be evaluated     *New Political Economy of Energy in Europe* Jakub M. Godzimirski, 2018-09-21 This edited collection details and analyses the dramatic changes that the international political economy of energy has undergone in the past decade This change began with the

increasing assertiveness of Russia when the oil price rose above the 100 mark in 2008 This combined with the rise of shale oil and gas made the USA all but self sufficient in terms of fossil fuels The collapse of the oil price in 2014 15 Saudi Arabia s new strategy of defending its market share and the increasingly tense and controversial relationship between the West and Russia all worked to further strengthen the geopolitical dimension of energy in Europe The global result is a world in which geopolitics play a bigger part than ever before the central question the authors of this volume grapple with is how the EU and European small states can deal with this Chapter 4 of this book is available open access under a CC BY 4 0 license at [link.springer.com](https://link.springer.com)

*European Union in the Global Context* Simon Sweeney, 2023-12-22 *European Union in the Global Context* explores the interplay between the state and state sovereignty nationalism European integration and globalisation It provides essential foundations in these areas while using stimulating arguments to prompt discussion and provoke interest in the relationships between these processes It critically analyses the challenges faced by the EU from the contemporary political and economic dynamics of globalisation IPE including trading relationships set through the WTO and bilateral relations with emerging markets especially the BRICS economies Likewise pressures from within such as a resurgence of nationalism localisation anti austerity politics and Euroscepticism are examined While the Union is fundamentally challenged by pressures from above and below and by its own internal dysfunction it remains central to the effective management of the international political economy *European Union in the Global Context* is a lively focused and engaging text incorporating anecdotes and contemporary arguments and presenting different perspectives on European integration and globalisation It will be of key interest to students of European Politics European Studies European Union Studies and more broadly global political economy foreign and security policy and international relations
