THE REPUBLICAN PARTY AND HIS COUNTRY,
AND CONCEIVED A NEW WORLD ORDER**

DAVID LEVERING LEWIS
WINNER OF THE PULITZER PRIZE

Republican Party Wendell Willkie

Charles Peters

Republican Party Wendell Willkie:

The Republican Party and Wendell Willkie Donald Bruce Johnson, 1981 The Improbable Wendell Willkie: The Businessman Who Saved the Republican Party and His Country, and Conceived a New World Order David Levering Lewis, 2018-09-18 From a two time Pulitzer winning historian comes an insightful compelling portrait New York Times Book Review of Wendell Willkie the businessman turned presidential candidate Hailed as the definitive biography of Wendell Willkie Irwin F Gellman The Improbable Wendell Willkie offers an engrossing and enlightening appraisal Ira Katznelson of a prominent businessman and Wall Street attorney presidential candidate who could have saved America's sclerotic political system Although Willkie lost to FDR in 1940 acclaimed historian David Levering Lewis demonstrates that the story of this Hoosier born corporate chairman's life is a powerful reminder of practical bipartisanship visionary internationalism and committed civil liberties and civil rights Katrina vanden Heuvel Popular for his downhome mid western charm and unaffected candor Willkie possessed a supple intellect and a concealed disdain for political opportunism that had he not died prematurely would have revolutionized American politics with its advocacy of bipartisanship and social responsibility Meticulously researched and brilliantly written Douglas Brinkley The Improbable Wendell Willkie brings the now largely unknown Willkie to a new generation The New Yorker reclaiming the legacy of an American icon Wendell Willkie, Fighter for Freedom Ellsworth Barnard, 1966 Excerpt from the Introduction In this book my primary aim has been to record once and for all the essential facts in the life of Wendell Willkie Why is it worthwhile to tell the story of Wendell Willkie and get it straight The answer is that he was the man who during the last four years of his life in a decisive period of American history had a greater influence on the mind of the American people and the policy of the American government than any other person except Franklin Roosevelt And he exercised this influence despite the fact that he held no office and spoke for no organization except briefly the Republican party He exercised it by sheer ability and force of character For one thing he embodied as the story will show the nation's legendary virtues a carefree superiority to mean and petty motives an unaffected sympathy for the underdog reckless courage linked with ebullient energy eagerness to enter and unwillingness to quit a fight in a good cause His appeal also lay in his almost infallible sense of the dramatic moment his unerring gift for the symbolic act that clarified the issue for millions of confused by well meaning fellow Americans Amazon.com **Wendell Willkie and the Republican Party** Donald Bruce Johnson, 1952 Wendell Willkie, 1892-1944 Mary Earhart Dillon, 1952

Five Days in Philadelphia Charles Peters, 2006 There were four strong contenders when the Republican Party met in June of 1940 to nominate its candidate the crusading young attorney and rising Republican star Tom Dewey two solid members of the Republican establishment and dark horse Wendell Willkie utilities executive favorite of the literati and only very recently even a Republican The leading candidates campaigned as isolationists The charismatic newcomer Willkie was a liberal interventionist just as anti Hitler as FDR After five days of floor rallies telegrams from across the country multiple

ballots rousing speeches backroom deals terrifying international news and most of all the relentless chanting of We Want Willkie from the gallery Willkie walked away with the nomination As Peters shows these five days and their improbable outcome were as important as the Battle of Britain in defeating the Nazis From publisher description *The Republican Party and American Politics from Hoover to Reagan* Robert Mason, 2011-11-21 During a long period of the twentieth century stretching from the Great Depression until the Reagan years defeat generally characterized the electoral record of the Republican party Although Republicans sometimes secured victory in presidential contests a majority of Americans identified with the Democratic party not the GOP This book investigates how Republicans tackled the problem of their party's minority status and why their efforts to boost GOP fortunes usually ended in failure At the heart of the Republicans minority puzzle was the profound and persistent popularity of New Deal liberalism This puzzle was stubbornly resistant to solution Efforts to develop a Republican version of government activism met little success Only the Democratic party's decline eventually created opportunities for Republican resurgence This book is the first to offer a wide ranging analysis of the topic which is of central importance to any understanding of modern US political history **The Republican Party in the Age of Roosevelt** Elliot A. Rosen, 2014-02-21 Elliot Rosen's Hoover Roosevelt and the Brains Trust focused on the transition from the Hoover administration to that of Roosevelt and the formulation of the early New Deal program Roosevelt the Great Depression and the Economics of Recovery emphasized long term and structural recovery programs as well as the 1937-38 recession Rosen's final book in the trilogy *The Republican Party in the Age of Roosevelt* situates distrust of the federal government and the consequent transformation of the party Domestic and foreign policies introduced by the Roosevelt administration created division between the parties The Hoover doctrine which sought to restrict the reach of independent agencies at the federal level in order to restore business confidence and investment intended to reverse the New Deal and to curb the growth of federal functions In his new book Elliot Rosen holds that economic thought regarding appropriate functions of the federal government has not changed since the Great Depression The political debate is still being waged between advocates for direct intervention at the federal level and those for the Hoover ethic with its stress on individual responsibility The question remains whether preservation of an unfettered marketplace and our liberties remain inseparable or whether enlarged governmental functions are required in an increasingly complex national and global environment By offering a well researched account of the antistatist and nationalist origins not only of the debate over legitimate federal functions but also of the modern Republican Party this book affords insight into such contemporary political movements as the Tea Party *Dark Horse* Steve Neal, 1989 Wendell Willkie never held a public office yet he nearly became President of the United States A registered Democrat until the fall of 1939 he captured the Republican party's nomination less than a year later It was by all accounts a meteoric rise to win the nomination Willkie defeated such party stalwarts as Thomas Dewey Robert Taft and Arthur Vandenberg These Republican front runners had been insisting that the war in Europe wasn't a

national concern since two oceans protected the US from the aggressors while for months Willkie had warned of the danger of a Europe controlled by fascists

What Happened to the Republican Party? John White, 2015-08-14 As the 2016 election campaign attests the Grand Old Party once moderate and even magnanimous has fallen into a prison of its own making when it comes to presidential politics After the debacle of the George W Bush presidency and the rout of the Romney candidacy Republicans said they must broaden their base become more inclusive and return to the warmth of Reagan idealism Instead what we have is a bitter backbiting and race and gender baiting campaign with a candidate more exclusive than any before him How did we get here and how do we get out This book tracks the modern history of the Republican Party and shows its decline even while shining a light on its high points and urging it back in a positive direction Every reader interested in the US presidential election the primary process and the clash of politics and culture will find something enlightening in John White's exposition Above all he puts the Age of Trump into perspective looking back as well as forward in his analysis Who is this book for Students of American government political parties campaigns elections Scholars in political science and political history General readers interested in the current presidential campaign and the health of American democracy Features 1 Current Anticipates the current state of the Republican Party at odds with itself as much as with the American public Includes 2014 midterm election data with an eye toward the 2016 presidential contest 2 A broad historical sweep Covers a broad historical period from the 1950s Eisenhower era to the present with a strong emphasis on the Reagan years which represent the GOP at its zenith 3 Efficient use of polling and demographic data Takes a broad swath of historical data including polling data and presents it in a condensed readable format At the same time the reader is not inundated by polling and demographic data 4 Bold Any reader will come away from this book understanding that the GOP predicament is likely to last for some time to come The problems Republicans face are both intellectual and political They are not likely to be solved by any one candidate or election and will be compounded and confounded by the events of 2016

Where Did the Party Go? Jeff Taylor, 2006 Using a twelve point model of Jeffersonian thought Taylor appraises the competing views of two Midwestern liberals William Jennings Bryan and Hubert Humphrey on economic policy foreign relations and political reform to demonstrate how the Democratic party lost its place in Middle America Provided by publisher

The New Dealers' War Thomas Fleming, 2008-08-05 Acclaimed historian Thomas Fleming brings to life the flawed and troubled FDR who struggled to manage WWII Starting with the leak to the press of Roosevelt's famous Rainbow Plan then spiraling back to FDR's inept prewar diplomacy with Japan and his various attempts to lure Japan into an attack on the U S Fleet in the Pacific Fleming takes the reader inside the incredibly fractious struggles and debates that went on in Washington the nation and the world as the New Dealers led by FDR strove to impose their will on the conduct of the War Unlike the familiar yet idealized FDR of Doris Kearns Goodwin's *No Ordinary Time* the reader encounters a Roosevelt in remorseless decline battered by ideological forces and primitive hatreds which he could not handle and frequently failed to understand some of them leading to

unimaginable catastrophe Among FDR's most dismaying policies Fleming argues were an insistence on unconditional surrender for Germany a policy that perhaps prolonged the war by as many as two years leaving millions more dead and his often uncritical embrace of and acquiescence to Stalin and the Soviets as an ally For many Americans Franklin Delano Roosevelt is a beloved heroic almost mythic figure if not for the big government that was spawned under his New Deal then certainly for his leadership through the War The New Dealers War paints a very different portrait of this leadership It is sure to spark debate

Five Days In Philadelphia Charles Peters, 2006-06-27 There were four strong contenders when the Republican party met in June of 1940 in Philadelphia to nominate its candidate for president the crusading young attorney and rising Republican star Tom Dewey solid members of the Republican establishment Robert Taft and Arthur Vandenberg and dark horse Wendell Willkie utilities executive favorite of the literati and only very recently even a Republican The leading Republican candidates campaigned as isolationists The charismatic Willkie newcomer and upstager was a liberal interventionist just as anti Hitler as FDR After five days of floor rallies telegrams from across the country multiple ballots rousing speeches backroom deals terrifying international news and most of all the relentless chanting of We Want Willkie from the gallery Willkie walked away with the nomination The story of how this happened and of how essential his nomination would prove in allowing FDR to save Britain and prepare this country for entry into World War II is all told in Charles Peters Five Days in Philadelphia As Peters shows these five action packed days and their improbable outcome were as important as the Battle of Britain in defeating the Nazis

Indiana Originals: Hoosier Heroes & Heroines Ray E. Boomhower, 2018 Hoosier history overflows with bold visionaries noble heroes and lovable rogues Boomhower brings together forty of the most notable figures from the nineteenth state and provides short examinations of their lives and their contributions to the state the nation and history adapted from back cover the Preface

The Oxford Companion to United States History Paul S. Boyer, Melvyn Dubofsky, 2001 In this volume that is as big and as varied as the nation it portrays are over 1 400 entries written by some 900 historians and other scholars illuminating not only America's political diplomatic and military history but also social cultural and intellectual trends science technology and medicine the arts and religion

Congressional Record United States. Congress, 1952 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873

Magazine Abstracts United States. Office of War Information. Bureau of Intelligence, 1941-08-06

Black Republicans and the Transformation of the GOP Joshua D. Farrington, 2016-10-18 In his narrative history of black Republicans in the twentieth century Joshua Farrington reevaluates the relationship between black politicians activists and voters and the Republican Party challenging the assumption that African Americans abandoned the Party of Lincoln after 1936

Politics

as Usual Michael Davis, 2014-10-15 The presidential election of 1944 which unfolded against the backdrop of the World War II was the first since 1864 and one of only a few in all of US history to take place while the nation was at war After a brief primary season the Republican Party settled upon New York governor Thomas E Dewey the former district attorney and popular special prosecutor of Legs Diamond and Lucky Luciano as its nominee for president of the United States The Democratic nominee for president meanwhile was the three term incumbent sixty two year old Franklin Delano Roosevelt Sensitive to the wartime setting of the election both Roosevelt and Dewey briefly adopted dignified and low key electoral strategies early in their campaigns Within a few months however politics as usual returned as the campaign degenerated into a vigorously fought chaotic unpredictable and highly competitive contest While Politics as Usual is a comprehensive study of the campaign Davis focuses attention on the loser Dewey and shows how he emerged as a central figure for the Republican Party Davis examines the political landscape in the United States in the early 1940s including the state of the two parties and the rhetoric and strategies employed by both the Dewey and Roosevelt campaigns He details the survival of partisanship in World War II America and the often overlooked role of Dewey who sought to rebuild the Republican Party to be worthy of national trust as party leader at such a critical time Although Dewey fell short of victory Dewey kept his party unified helped steer it away from isolationist influences and rebuilt it to fit into and to be a relevant alternative within the post World War II New Deal order
