Republican Portugal A Political History 1910 1926 By Wheeler:

Republican Portugal Douglas L. Wheeler, 1998-08-10 **Portugal's Political Development** Walter C Opello Jr, 2019-07-05 Portugal's early developmental experience created a highly centralized administrative state that continues to have a powerful influence on the nature and style of the country's government and politics Emphasizing this theme Dr Opello shows that contrary to the conclusions of scholars who have analyzed Portugal from Latin American or Third World perspectives Portuguese political development is more comparable to the pattern of development of West European countries especially France He compares Portugal's political experience with that of other West European countries and concludes by speculating about the future of Portugal's fledgling democracy , **The Third Portuguese Empire, 1825-1975** W. G. Clarence-Smith, 1985 *Global Constitutional Narratives of Autonomous Regions* Jason Buhi, 2021-03-30 With international attention focused on Hong Kong many forget that Macau also exists in a delicate one country two systems OCTS balance with mainland China This book provides insights into the circumstances surrounding the less understood half of China's OCTS policy including the stagnation of representational government and the location of any Macau characteristics in the Macau Basic Law Despite being Hong Kong's sister Special Administrative Region SAR within the People's Republic of China Macau's unique constitutional development under Portuguese and Chinese administration remains under appreciated despite its potential contributions to local national and international constitutional discourse Utilizing a multi disciplinary approach including doctrinal historical and comparative methodologies this work fills that gap The research blends Portuguese Chinese and foreign language sources in order to reconstruct a balanced constitutional narrative The book focuses on a consequential effect of globalization that is the assimilation of a longstanding and unique constitutional order by a new hegemonic sovereign including processes for internationalization as China opened up legal harmonization of two distinct legal and socioeconomic orders juridification of local affairs with the establishment of a new local court system in preparation for handover to the Chinese regime and democratization or the lack thereof among the various communities comprising the Macanese polity before and since Focusing on Macau's unique development at the crux of European and Chinese empires and the role it plays as a mirror for Chinese intentions vis a vis Hong Kong today the book will be of interest to those working in Constitutional Law Politics and History *Angola's Colossal Lie* Jeremy Ball, 2015-08-04 Angola's Colossal Lie Forced Labor on a Sugar Plantation 1913 1977 is the first in depth study of forced labor on a Portuguese owned sugar plantation in colonial Angola A prominent Portuguese civil servant dubbed the labor system in Angola a colossal lie because the reality so contradicted the law Using extensive oral history interviews with former forced laborers Jeremy Ball explains how Angolans experienced forced labor Ball also interviews former Portuguese administrators to provide multiple perspectives about the transition to independence and the nationalization of the plantation [Parasite and Disease Spread by Major Rivers on Earth](#) Heinz Mehlhorn, Sven Klimpel, 2019-11-12 This book focuses on waterborne pathogens and significant diseases

occurring along major rivers around the globe including key examples like the Amazonas Mekong River and Nile Written by leading international experts it offers unique insights into local riverine infection risks in times of global warming and addressing these through advances in diagnosis health management and the development of simple but effective control measures It also sheds light on why former societies collapsed due to transmitted diseases during periods of climate change droughts and floods to help establish effective preventive measures for the future The book appeals to a wide readership from scientists in the field of parasitology infectious diseases and epidemiology to healthcare managers and general readers with an interest in pathogen spread along the largest rivers on earth It particularly highlights past and current control mechanisms in times of global warming and assesses potential future health hazards *The Developing Place of Portugal in the European Union* Jose Magone, 2017-12-02 After decades of isolation and a turbulent transition to democracy Portugal's integration into the European Union has given political economic social and cultural stability to a country that had to overcome the trauma of losing an empire This volume clearly is a major contribution to the study of how Portugal became part of the European Union as a political system and its development towards Europeanization and domestication Magone first lays a theoretical framework for the study of Europeanization and discusses political parties the political system and Portuguese society in terms of Europeanization He then examines public administration how the European Union and the OECD impacted on the modernization agenda and includes a discussion of the national EU policy coordination Magone also considers the Portuguese Euro elite and how they interacted with the Portuguese presidency and the processes of decision making going on among the different levels of the governance system of the European Union He highlights a case study of the Portuguese presidency of the European Union which took place in the first half of 2003 In addition Magone discusses the impact of the EU structural funds on Portugal and scrutinizes Portuguese foreign and defense policies in particular its reconstructed foreign policy which was clearly instrumental in achieving the independence of East Timor He reviews the growing integration of Portugal into the emerging structures of the Common Foreign and Security Policy CFSP concluding with the challenges that Portugal will face in the future in the education health and business sectors An interesting finding is the growing alienation of the population from the political class who clearly make all the decisions in relation to the European Union without proper consultation of the population through referenda In sum this book is vital to understand one of the oldest nation states of the world Jos M Magone is senior lecturer **Transitions from Authoritarian Rule** Guillermo O'Donnell, Philippe C. Schmitter, Laurence Whitehead, 2013-07-16 An array of internationally noted scholars examines the process of democratization in southern Europe and Latin America They provide new interpretations of both current and historical efforts of nations to end periods of authoritarian rule and to initiate transition to democracy efforts that have met with widely varying degrees of success and failure Extensive case studies of individual countries a comparative overview and a synthesis conclusions offer important insights for political scientists students and all concerned with the

prospects for democracy The historical example of Italy after Mussolini as well as the more recent cases of Greece Portugal Spain and Turkey suggest factors that may make a transition relatively secure *Handbook of Portuguese Studies* Ieda Siqueira Wiarda,1999-11-19 **From Dictatorship to Democracy in Twentieth-Century Portugal** Raphael

Costa,2017-02-17 This book examines Portugal's transition from dictatorship to democracy by focusing on Lourinh's urbanization and economic development since 1966 Since 1966 Lourinh's urban landscape has transformed as Portugal democratized From a rural town with little infrastructure and few institutions in 1966 Lourinh emerged by 2001 as a modern European town This work highlights key areas of economic and urban development and argues that Lourinh's political culture became more institutional creating a withering expectation of citizen participation in local development as Portugal transitioned from dictatorship to democracy Raphael Costa asks whether Portugal was on the path towards democracy before 1974 and if the rapid shift to democracy was the blessing it appeared to be by the 1990s Did democratization ultimately disenfranchise the Portuguese in important ways This work uses Lourinh's development as an example of the Portuguese experience to argue that the Carnation Revolution although a watershed in Portugal's politico cultural evolution should not be understood as the moment when democracy came to Portugal **Historical Dictionary of Portugal** Douglas L.

Wheeler,Walter C. Opello Jr.,2010-05-10 Portugal is a small Western European nation with a large distinctive past replete with both triumph and tragedy One of the continent's oldest nation states Portugal has frontiers that are essentially unchanged since the late 14th century The country's unique character and 850 year history as an independent state present several curious paradoxes As of 1974 when much of the remainder of the Portuguese overseas empire was decolonized Portuguese society appeared to be the most ethnically homogeneous of the two Iberian states and of much of Europe This in spite of the fact that Portuguese society had received during 2 000 years of infusions of other ethnic groups in invasions and immigration Phoenicians Greeks Celts Romans Suevi Visigoths Muslims Arab and Berber Jews Italians Flemings Burgundian French black Africans and Asians Indeed Portugal has been a crossroads despite its relative isolation in the western corner of the Iberian Peninsula between the West and North Africa Tropical Africa and Asia and America Since 1974 Portugal's society has become less homogeneous as there has been significant immigration of former subjects from her erstwhile overseas empire The third edition of Historical Dictionary of Portugal greatly expands on the second edition through a chronology an introductory essay a bibliography and hundreds of cross referenced dictionary entries on important persons places events and institutions as well as on significant political economic social and cultural aspects **European Portugal** J.

Magone,1996-12-13 This book analyses the Europeanization of the Portuguese political system in the context of globalization and the so called Third Wave of Democratization It pursues the thesis that democratization and Europeanization are two intertwined processes in the case of Portugal Integration into the European Union has changed considerably the rationalities within the political structures of the Portuguese political system Furthermore the author stresses the necessity to encourage

greater political participation of the population and to evolve towards a project of sustainable democracy *Factional Politics and Democratization* Richard Gillespie, Michael Waller, Lourdes López Nieto, 1995 This book addresses the nature of factionalism in parties that are created or rebuilt after a period of dictatorship It maintains that while party leaders often view factions in negative terms as divisive factional behaviour can also be constructive The volume brings together detailed case studies from post authoritarian Spain Greece and Portugal from Turkey where factionalism has hampered democratization and from the post communist states in Eastern Europe *The Making of Modern Portugal* Luís Trindade, 2013-10-28 This book can be read in two different ways as an introductory synthesis on Modern Portugal or as a collection of twelve studies focusing on familiar aspects of the State formation of any modern nation throughout the nineteenth and twentieth centuries In this second reading each chapter opens comparative perspectives on specific topics within some key fields of studies and international debates on modernity including population police empire technology bureaucracy social sciences rural life education religion nationalism communism and economy Such a wide range of subjects however proves comprehensive enough to create a narrative where the reader may also locate the chief trends and dynamics developing in Portuguese history and society during the last two centuries From this perspective Portugal emerges as a country traversed by social conflict and struggling for modernization Granted this is not a very surprising picture especially if we consider it in the historical context of European modernity And yet it is precisely this familiarity one might argue that allows *The Making of Modern Portugal* to become a useful tool for inserting the Portuguese case into the debates of a wide range of fields and disciplines in Europe and beyond *The Portuguese Revolution* Ronald H. Chilcote, 2012-08-31 Building on decades of research leading scholar Ronald H Chilcote provides a definitive analysis of the 1974 1975 Portuguese revolution which captured global attention and continues to resonate today His study revisits a key historical moment to explain the revolution and its aftermath through periods of authoritarianism and resistance as well as representative and popular democracy Exploring the intertwined themes of class state and hegemony Chilcote builds a powerful framework for understanding the Portuguese case as well as contemporary political economy worldwide *Women in the Lusophone World in the Middle Ages and the Early Modern Period* Darlene Abreu-Ferreira, Ivana Elbl, 2007-11-20 The present collection echoes and contributes to a number of the issues defined by both the traditional and revisionist historiography The intent of this special issue of the Portuguese Studies Review was to highlight some of the new research on late medieval and early modern Portuguese women subjects typically situated outside of the academic mainstream and to complement the four major collections on the history of Portuguese women published since 1986 as well as the larger literature dealing with Spain The essays are organized into six general themes Female Characters in Late Medieval Chronicles Women and Power in the Late Middle Ages Habsburg Queens and Portugal Women and the Economy Attitudes Toward Women and Women and Religion The volume presents essays by Amélia P Hutchinson Jos Valente Jutta Sperling Ivana Elbl Susannah C Humble Ferreira Félix

Labrador Arroyo Annemarie Jordan Almudena P rez de Tudela Am lia Pol nia Am ndio Jorge Morais Barros Darlene Abreu Ferreira Pedor Miguel Reboredo Marques Marcia Eliane Alves de Souza e Mello Jessiva V Roitman In s Amorim Elisbete de Jesus and C lia Rego and Haruko Nawata Ward with an Introduction by Darlene Abreu Ferreira and Ivana Elbl The volume also contains an Addendum on the Portuguese Estado Novo with studies by Sonny B Davis and Antonio Mu oz S nchez

Political Repression in 19th Century Europe Robert Justin Goldstein,2013-06-17 Originally published in 1983 The nineteenth century was a time of great economic social and political change As Europe modernized previously ignorant and apathetic elements in the population began to demand political freedoms There was pressure also for a freer press for the rights of assembly and association The apprehension of the existing elites manifested itself in an intensification of often brutal form of political repression The first part of this book summarizes on a pan European basis the major techniques of repression such as the denial of popular franchise and press censorship This is followed by a chronological survey of these techniques from 1815 1914 in each European country The book analyzes the long and short term importance of these events for European historical development in the 19th and 20th centuries *Freemasonry and the Press in the Twentieth Century* Paul Calderwood,2016-04-15 By the end of the twentieth century Freemasonry had acquired an unsavoury reputation as a secretive network of wealthy men looking out for each others interests The popular view is of an organisation that if not actually corrupt is certainly viewed with deep mistrust by the press and wider society Yet as this book makes clear this view contrasts sharply with the situation at the beginning of the century when the public s perception of Freemasonry in Britain was much more benevolent with numerous establishment figures including monarchs government ministers archbishops and civic worthies enthusiastically recommending Freemasonry as the key to model citizenship Focusing particularly on the role of the press this book investigates the transformation of the image of Freemasonry in Britain from respectability to suspicion It describes how the media projected a positive message of the organisation for almost forty years based on a mass of news emanating from the organisation itself before a change in public regard occurred during the later twentieth century This change in the public mood the book argues was due primarily to Masonic withdrawal from the public sphere and a disengagement with the press Through an examination of the subject of Freemasonry and the British press a number of related social trends are addressed including the decline of deference the erosion of privacy greater competition in the media the emergence of more aggressive and investigative journalism the consequences of media isolation and the rise of professional Public Relations The book also illuminates the organisation s collisions with nationalism communism and state welfare provision As such the study is illuminating not only for students of Freemasonry but those with an interest in the wider social history of modern Britain **Pessoa: A Biography** Richard Zenith,2021-07-20 Finalist for the Pulitzer Prize Biography New York Times Times Critics Top Books of 2021 New York Times Book Review Editors Choice Kirkus Reviews Best Nonfiction of the Year Like Richard Ellmann s James Joyce Richard Zenith s Pessoa immortalizes the life of one of the

twentieth century's greatest writers Nearly a century after his wrenching death the Portuguese poet Fernando Pessoa 1888-1935 remains one of our most enigmatic writers Believing he could do more in dreams than Napoleon yet haunted by the specter of hereditary madness Pessoa invented dozens of alter egos or heteronyms under whose names he wrote in Portuguese English and French Unsurprisingly this most multifarious of writers Guardian has long eluded a definitive biographer but in renowned translator and Pessoa scholar Richard Zenith he has met his match Relatively unknown in his lifetime Pessoa was all but destined for literary oblivion when the arc of his afterlife bent suddenly and improbably toward greatness with the discovery of some 25 000 unpublished papers left in a large wooden trunk Drawing on this vast archive of sources as well as on unpublished family letters and skillfully setting the poet's life against the nationalist currents of twentieth century European history Zenith at last reveals the true depths of Pessoa's teeming imagination and literary genius Much as Nobel laureate Jos Saramago brought a single heteronym to life in *The Year of the Death of Ricardo Reis* Zenith traces the backstories of virtually all of Pessoa's imagined personalities demonstrating how they were projections spin offs or metamorphoses of Pessoa himself A solitary man who had only one ultimately platonic love affair Pessoa used his and his heteronyms' writings to explore questions of sexuality to obsessively search after spiritual truth and to try to chart a way forward for a benighted and politically agitated Portugal Although he preferred the world of his mind Pessoa was nonetheless a man of the places he inhabited including not only Lisbon but also turn of the century Durban South Africa where he spent nine years as a child Zenith re-creates the drama of Pessoa's adolescence when the first heteronyms emerged and his bumbling attempts to survive as a translator and publisher Zenith introduces us too to Pessoa's bohemian circle of friends and to Ophelia Quieroz with whom he exchanged numerous love letters Pessoa reveals in equal force the poet's unwavering commitment to defending homosexual writers whose books had been banned as well as his courageous opposition to Salazar the Portuguese dictator toward the end of his life In stunning magisterial prose Zenith contextualizes Pessoa's posthumous literary achievements especially his most renowned work *The Book of Disquiet* A modern literary masterpiece Pessoa simultaneously immortalizes the life of a literary maestro and confirms the enduring power of Pessoa's work to speak prophetically to the disconnectedness of our modern world

When people should go to the book stores, search start by shop, shelf by shelf, it is in reality problematic. This is why we allow the ebook compilations in this website. It will extremely ease you to look guide **Republican Portugal A Political History 1910 1926 By Wheeler** as you such as.
