Herman Joseph Heuser

Requiem Mass:

Mozart's Requiem Christoph Wolff, 1994 When was the score of the Requiem completed is a question that everyone has asked but Wolff goes on to ask Where do the technical and stylistic premises for the Requiem lie and to what extent could these be taken into account after Mozart's death This question is rich in implications central to the uniqueness of the work and virtually undiscussed in the Mozart literature Thomas Bauman co author of *Mozart's Operas* *American Masses and Requiems* David P. DeVenney, 1990 Giving brief essential information on some 700 works this guide illustrates the scope of Mass and Requiem compositions of the United States from the early nineteenth century to the present day *The Book of Requiems, 1550-1650* David J. Burn, Antonio Chemotti, 2023-07-20 Few western musical repertories speak more to the imagination than the Requiem mass for the dead Yet surprisingly despite the significance of Requiem settings for our musical culture the literature concerning them is sparse The Book of Requiems presents essays on the most important works in this tradition from the origins of the genre up to the present day Each chapter is devoted to a specific Requiem and offers both historical information and a detailed work discussion Conceived as a multi volume essay collection by leading experts The Book of Requiems is an authoritative reference publication intended as a first port of call for musicologists music theorists and performers both professional and student The present volume the second in the series treats settings composed between c 1550 and c 1650 a period in which the Requiem becomes a defining feature of the soundscape of Catholic death rituals

Messa da requiem Ferdinando Bertoni, The present edition is the second volume of three Collectively these editions form a critical anthology of requiem masses composed by musicians of St Mark's Venice over a long period extending from the late sixteenth century to the closing years of the nineteenth century The featured musician of this volume is Ferdinando Bertoni 1725-1813 who was much celebrated during the classical period as a composer of both sacred and secular music and who gained significant exposure as the master of music at St Mark's Most of the music in the edition can be firmly connected to the funeral of the heroic Admiral Angelo Emo 1731-1792 which was held in St Mark's during 1792 Emo was no ordinary Venetian he was Venice's last admiral to lead La Serenissima into battle and a Procuratore de ultra of St Mark's a position placing him in the tier immediately below the ruling doge Lodovico Manin The music assembled here for the first time in a modern critical edition is a valuable relic of this temporal juncture in the history not only of the ducal church but of Venice broadly The requiem stands as one of the last outstandingly sumptuous works performed at the ducal church before Venice's fall from grace in the closing years of the eighteenth century With its kaleidoscopic mixture of styles the work may sit comfortably as the showpiece in a concert program or authentically as the musical backbone of an ecclesiastical setting as it was originally intended **Ecclesiastical Review ...** Herman Joseph Heuser,1915 *The Catholic Encyclopedia* Charles
