Weaver,2023-11-17 In *The Ethics of Rhetoric* Richard M Weaver presents a profound exploration of the interplay between rhetoric and morality arguing for the intrinsic connection between persuasion and ethical considerations Weaver adopts a dialectical style grounding his discourse in classical rhetoric while engaging with contemporary philosophical thought The book articulates the dangers of rhetoric devoid of ethical grounding drawing from historical examples and weaving in the complexities of communication in a modern context thereby establishing itself as a critical text for understanding the power of language in shaping societal values and beliefs Richard M Weaver 1910 1963 was a prominent figure in American rhetoric and communication celebrated for his blend of classical scholarship and practical application in modern society His experiences in an increasingly post war America characterized by rapid societal change and the rise of mass communication informed his urgency to address the ethical implications of persuasion Weaver s philosophical insights were often influenced by his Southern heritage and rigorous academic background allowing him to navigate the intersection of culture language and morality with nuanced clarity This may be the essential book for anyone interested in the ethics of communication rhetoric or social philosophy Weaver s compelling arguments challenge readers to reflect critically on the ethical responsibilities inherent in the act of persuasion making it a vital contribution to rhetorical studies and a thought provoking read for students scholars and practitioners alike **The Echoes of My Mind & The Voices of My Soul** Ray Redner, **Language is Sermonic** Richard L. Johannesen,Rennard Strickland,1985-07-01 Richard M Weaver believed that rhetoric at its truest seeks to perfect men by showing them better versions of themselves *Language is Sermonic* offers eight of Weaver s best essays on the nature of traditional rhetoric and its role in shaping society Arguing throughout the book against society s reverence for relativism and the consequential disregard for real values this philosophical idealist uses his southern background and classical education as a backdrop for his scrutiny of our misuse of language Weaver argues that rhetoric in its highest form

involves making and persuasively presenting choice among goods He condemns such supposedly value free stances as cultural relativism semantic positivism scientism and radical egalitarianism Eschewing such peripheral aspects of rhetoric as memorization and delivery aspects too often now presented as the whole Weaver deals instead with the substance of rhetoric Ideas and the words used to express them these are Weaver's subjects Anyone concerned about language its use and abuse in contemporary society will find Language is Sermonic provocative and rewarding The editors critical interpretation of all of Weaver's writing as well as Ralph Eubanks brief appreciation of Weaver make this a book no student of language and ideas should be without Richard M Weaver was one of the most stimulating and controversial rhetorical theorists of our time He taught for many years at the University of Chicago and was the author of several books including Visions of Order Ideas Have Consequences The Ethics of Rhetoric and Life Without Prejudice and Other Essays     **The World's Greatest Love Story and Other Sermons Selected from Various Evangelistic Campaigns** Grace G.
