Internationalization in Central and Eastern Europe Marin Alexandrov Marinov, 2018-04-27 This title was first published in 2002. This is a unique volume among the existing variety of publications on foreign direct investment (FDI) in Central and Eastern Europe (CEE) because it focuses on the internationalization process taking place there. It addresses the rapid changes of the business climate in the region that have led to intensive internationalization of companies, businesses, and national economies. Existing FDI books have mostly taken the perspective of attracting inward FDI flows, missing the aspect of FDI outflows from CEE countries. While foreign investors face the specific context of a region that poses new requirements to their internationalization strategies, approaches, and practices, domestic companies must strive to make their businesses international. Consequently, the book presents the features of internationalization in CEE from home and host company and country perspectives, providing a fresh perspective on this major economic problem. *Asian Dimensions of Services Marketing* Esther Tang, Ricky Chan, Susan Tai, 2018-10-24 Explore current trends in the Asian service industry. *Asian Dimensions of Services Marketing* takes you on a journey through the service industries of Asia. Due to the extraordinary amount of growth in Asian service industries over the past few decades, this sector is expanding greatly in many Asian countries. These changes have had many effects on countries such as China, Korea, Singapore, and Thailand, mostly at the expense of agriculture and manufacturing. This book examines these effects and establishes ways to achieve success in services marketing. This educational book provides an enlightening look at topics such as the influence of reference groups in the service industry of Singapore, the moderating effect of switching costs on the relationship between service performance and customer satisfaction in the Thai cultural and business setting, how multinational professional service firms in South Korea have achieved success, the emotional impact of store atmosphere on Chinese customers in a leisure service setting, the rapid development of services in Asia, and how to effectively market intangibles to various kinds of consumers. **Handbook on Cross-Cultural Marketing** Glen H. Brodowsky, Camille P. Schuster, 2020-09-25 This Handbook suggests future directions for cross-cultural marketing research in a rapidly evolving global environment. It builds upon existing models and topics and addresses the methodological challenges of cross-cultural research and provides applied examples spanning various methodologies as well as industry sectors and country settings. In addition, contributors present new paradigms for future research. **Principles of Marketing** Philip Kotler, Gary Armstrong, 2004 For the Principles of Marketing course. Ranked the 1 selling introductory marketing text, Kotler and Armstrong's *Principles of Marketing* provides an authoritative and practical introduction to marketing.
