Marlborough Street The Story Of A London Court:

Marlborough Street Joan Lock,1980 *A Certain Share of Low Cunning* David J. Cox,2010-02 This book provides an account and analysis of the history of the Bow Street Runners precursors of today's police force Through a detailed analysis of a wide range of both qualitative and quantitative research data this book provides a fresh insight into their history arguing that the use of Bow Street personnel in provincially instigated cases was much more common than has been assumed by many historians It also demonstrates that the range of activities carried out by Bow Street personnel whilst employed on such cases was far more complex than can be gleaned from the majority of books and articles concerning early nineteenth century provincial policing which often do little more than touch on the role of Bow Street By describing the various roles and activities of the Bow Street Principal Officers with specific regard to cases originating in the provinces it also places them firmly within the wider contexts of provincial law enforcement and policing history The book investigates the types of case in which the Runners were involved who employed them and why how they operated including their interaction with local law enforcement bodies and how they were perceived by those who utilized their services It also discusses the legacy of the Principal Officers with regard to subsequent developments within policing Bow Street Police Office and its personnel have long been regarded by many historians as little more than a discrete and often inconsequential footnote to the history of policing leading to a partial and incomplete understanding of their work This viewpoint is challenged in this book which argues that in several ways the utilization of Principal Officers in provincially instigated cases paved the way for important subsequent developments in policing especially with regard to detective practices It is also the first work to provide a clear distinction between the Principal Officers and their less senior colleagues Crime in England 1688-1815 David Cox,2014-04-24 *Crime in England 1688 1815* covers the long eighteenth century a period which saw huge and far reaching changes in criminal justice history These changes included the introduction of transportation overseas as an alternative to the death penalty the growth of the magistracy the birth of professional policing increasingly harsh sentencing of those who offended against property owners and the rapid expansion of the popular press which fuelled debate and interest in all matters criminal Utilising both primary and secondary source material this book discusses a number of topics such as punishment detection of offenders gender and the criminal justice system and crime in contemporaneous popular culture and literature This book is designed for both the criminal justice history criminology undergraduate and the general reader with a lively and immediately approachable style The use of carefully selected case studies is designed to show how the study of criminal justice history can be used to illuminate modern day criminological debate and discourse It includes a brief review of past and current literature on the topic of crime in eighteenth century England and Wales and also emphasises why knowledge of the history of crime and criminal justice is important to present day criminologists Together with its companion volumes it will provide an invaluable aid to both students of criminal justice history and criminology **The Dracula**

Secrets Neil R Storey, 2012-02-29 Since the first publication of Dracula in 1897 there have been suggestions that the book's protagonist is more closely associated with Jack the Ripper than a Transylvanian count In *The Dracula Secrets* historian Neil R Storey undertakes an in depth investigation of the sources used by Stoker during the writing of his seminal masterpiece Painting an evocative portrait of Stoker his influences his friends and the London he frequented in the late nineteenth century Storey explores how Stoker created Dracula out of the climate of fear that was created by the Whitechapel murders in 1888 Indeed he asks did Stoker know Jack the Ripper personally and hide the clues to this terrible knowledge in his book Having gained unprecedented access to the unique archive of one of Stoker's most respected friends and the dedicatee of Dracula Storey sheds new light on both Stoker and Dracula and reveals startling new links between Stoker's creation and the most infamous serial killer of all time *Bulletin of the Boston Society of Natural History*, 1915 **Bulletin of the Boston Society of Natural History** Boston Society of Natural History, 1915 *Bulletin of the Boston Society of Natural History* New England Museum of Natural History, 1915 *White Drug Cultures and Regulation in London, 1916-1960* Christopher Hallam, 2018-08-09 This book traces the history of the London white drugs opiate and cocaine subculture from the First World War to the end of the classic British System of drug prescribing in the 1960s It also examines the regulatory forces that tried to suppress non medical drug use in both their medical and juridical forms Drugs subcultures were previously thought to have begun as part of the post war youth culture but in fact they existed from at least the 1930s In this book two networks of drug users are explored one emerging from the disaffected youth of the aristocracy the other from the night time economy of London's West End Their drug use was caught up in a kind of dance whose steps represented cultural conflicts over identity and the modernism and Victorianism that coexisted in interwar Britain **Man, considered in relation to a present and future state of being** John Lockhart Ross, 1859 **History of Addenbrooke's Hospital, Cambridge** Arthur Rook, Margaret Carlton, W. Graham Cannon, 1991 An authoritative and absorbing account of one of Britain's most prestigious hospitals *The Banking Almanac, Directory, Year Book and Diary*, 1885 *The Spectator*, 1839 *History, Directory, and Gazetteer, of the County Palatine of Lancaster* Edward Baines, 1824 **Saturday Review**, 1861 *The Athenaeum*, 1858 **Athenaeum and Literary Chronicle**, 1843 *The Saturday Review of Politics, Literature, Science and Art*, 1861 *The Examiner*, 1844 *The British National Bibliography* Arthur James Wells, 1979 *The Athenæum*, 1844
