Marriage After Modernity:

Marriage After Modernity Adrian Thatcher, 1999-09 For most Christians marriage is considered a sacrament created and uniquely blessed by God Yet the theology of marriage rarely matches the actual experience Marriage is too often a violent loveless institution and it is increasingly delayed avoided or terminated Marriage After Modernity offers new hope for Christian marriage at a time of unprecedented social and theological change It provides an unreserved commendation of Christian marriage reaffirming its status as a sacrament and institution of mutual self giving At the same time it breaks new ground It draws on earlier traditions of betrothal and informal marriage to accept some forms of pre marital cohabitation and provides a new defense of the link between marriage and procreation by sketching a theology of liberation for children Chapters shed new light on divorce and legitimate theological grounds for the parting of the ways contraception and the question of whether marriage is a heterosexual institution Particular attention is paid throughout the book to overcoming the androcentric bias of much Christian thought and the distorting effect it has had on marriage Marriage After Modernity argues for a vision of marriage which does not abandon its history and which draws upon its premodern roots to grapple with our current social cultural and intellectual upheavals

Marriage and the Catholic Church Michael G. Lawler, 2002 In this collection of theological essays Michael Lawler confronts difficult questions in the Catholic theology of marriage Lawler addresses questions about marriage and sacrament faith and sacrament divorce and remarriage cohabitation an Catholic models of marriage honestly historically accurately and pastorally He identifies and explores debated issues embraces a position on them and sustains his position with reasoned Catholic insight and pastoral sensitivity With an excellent command of the sources he offers a fresh look at the Catholic theology of marriage for a new millennium **After Modernity-- What?**

Thomas C. Oden, 1992 This vigorous and incisive critique of modernity lights the path to recovering the revitalizing heritage of classical Christianity **The Individual After Modernity** Mira Marody, 2020-10-29 Moving beyond the individualisation paradigm in sociological theory this book develops an approach to the analysis of human activities and the social phenomena produced by them that centres on the processes that generate coordinated behaviours among individuals Emphasising the relational and processual character of social phenomena as well as the importance of a broader cultural and historical context for analysing them the author questions the view of contemporary society that sees individuals acting in a context in which social bonds are dissolving and unveils the rationale hidden behind the chaos of everyday activities Through an analysis of the continued importance of cooperation and the consequent emergence in society of various kinds of communities this volume examines the changing character of social ties An overview of transformation of social bonds and the intensification of mutual influences among individuals as they seek to address social dilemmas in new contexts The Individual after Modernity will appeal to social scientists with interests in social theory Marriage, Sex, and Procreation

Steven Schafer, 2019-09-09 The contemporary church s debate on the inclusion of same sex individuals and their

relationships has devolved into diametrically opposed positions Rather than resolving the argument the conversation between the two sides reflects the impasse that is taking place in denominations across the West It is clear that the dispute cannot be resolved while couched in these terms In this timely work Steven Schafer invites the reader to move beyond the terms of the current debate toward the underlying doctrinal concerns so often glossed over by that discussion This book is a work of hermeneutics that engages the contemporary discussion on the legitimacy of same sex relationships with the grand theological narrative handed down by the church By placing four contemporary revisionists in dialogue with the work of Augustine the book provides language and theological avenues to reframe the debate and contributes to the church s ongoing discernment

Engaging the Doctrine of Marriage Matthew Levering, 2020-08-12 This book is the next volume in Levering s *Engaging Doctrine* series The prior volume of the series examined the doctrine of creation The present volume examines the purpose of creation the marriage of God and humans God created the cosmos for the purpose of the marriage of God and his people and through his people the marriage of God and the entire creation Given that the central meaning or prime analogate of marriage is the marriage of God and humankind the study of human marriage needs to be shaped by this eschatological goal and foregrounded as a dogmatic theme After a first chapter defending and explaining the biblical witness to the marriage of God and his people the book explores various themes marriage as an image of God original sin as the fall of the primordial marriage the cross of Jesus Christ and marital self sacrificial love the procreative and unitive ends of marriage marriage as a

sacrament and marriage's importance for social justice and for the upbuilding of the kingdom of God Along the way the book provides an introduction to the key biblical patristic medieval modern and contemporary thinkers and controversies regarding the doctrine of marriage *Theology and Families* Adrian Thatcher, 2008-04-15 This timely book by one of the world's leading theologians in this field makes a positive theological contribution to present intellectual and practical discussions about families and children Explores the intellectual and practical debates about the changing nature of family forms roles and relationships and how Christian faith and theology can contribute to the thriving of families and children Considers the causes and consequences of changes to families over recent decades Utilizes the theological resources that are best equipped to deal with these changes and to shape ethical teaching ethical practice moral judgements and public policies Develops family friendly readings of scripture tradition and doctrine and moves forward theological treatment of marriage gender and children The Sexual Person Todd A. Salzman, Michael G. Lawler, 2008-05-21 Two principles capture the essence of the official Catholic position on the morality of sexuality first that any human genital act must occur within the framework of heterosexual marriage second each and every marriage act must remain open to the transmission of life In this comprehensive overview of Catholicism and sexuality theologians Todd A Salzman and Michael G Lawler examine and challenge these principles Remaining firmly within the Catholic tradition they contend that the church is being inconsistent in its teaching by adopting a dynamic historically conscious anthropology and worldview on social ethics and the interpretation of scripture while adopting a static classicist anthropology and worldview on sexual ethics While some documents from Vatican II like *Gaudium et spes* the marital act promotes self giving by which spouses enrich each other gave hope for a renewed understanding of sexuality the church has not carried out the full implications of this approach In short say Salzman and Lawler emphasize relationships not acts and recognize Christianity's historically and culturally conditioned understanding of human sexuality *The Sexual Person* draws historically methodologically and anthropologically from the best of Catholic tradition and provides a context for current theological debates between traditionalists and revisionists regarding marriage cohabitation homosexuality reproductive technologies and what it means to be human This daring and potentially revolutionary book will be sure to provoke constructive dialogue among theologians and between theologians and the Magisterium Feminist Companion to Paul Amy-Jill Levine, Marianne Blickenstaff, 2003-01-01 The seventh volume of this Companion series is devoted to the writings ascribed to Paul but widely thought not to be genuinely from the Apostle These are of particular importance in showing how Paul's authority was exploited in the Early Church and the topics addressed often deal with Christian discipline and hierarchy Hence there is a particularly strong feminist agenda to be explored here The Pastoral Epistles Ephesians and Colossians are prominent among the writings addressed in this sparkling collection and the authors include David Scholer Luise Schottroff Bonnie Thurston Lilian Portefaix Sara Winter and Ingrid Rosa Kitzberger The Impact of the Family John Witte, Michael Welker, Stephen Pickard, 2022-07-28 The family is humanity's oldest and

most basic social institution but today it is fragile fractured and fraught in many liberal lands This volume gathers scholars from sociology psychology history religion ethics law and medicine from five continents to analyze the complex nature and place of the family in character formation and human flourishing The chapters study the impact of catechesis schooling work and discipline on the development of individual moral agency and responsibility They document the critical roles of family love trust fidelity and storytelling in shaping the moral character of all family members from infancy to old age They describe effective strategies of resistance and resilience for family members who face abuse divorce death chauvinism racism and homophobia And several chapters challenge modern arguments and policies that aim to flatten if not abolish the marital family even while they call for family law reforms

Love, Joy, and Sex Stan Chu Ilo, 2019-07-30 There is no papal document that has generated as much interest controversy and debate in recent times as Pope Francis's *Amoris Laetitia* This document which came out of two very divisive synods of Catholic bishops and leaders in Rome in 2014 and 2015 will probably be the most discussed document ever produced by a pope in modern Catholicism on marriage and family life This volume has gathered seminal commentaries on *Amoris Laetitia* by African Catholic theologians social scientists and pastoral workers They offer African theological and pastoral responses to the principles and practices proposed by Pope Francis and the Synod on the family on such contested issues as same sex relations divorce and remarriage and reception and denial of Holy Communion in the church among other divisive issues These important essays and commentaries show the strengths and weaknesses of this papal commentary and point out the missing link in the global conversation on marriage family and same sex relations Their argument for the inclusion of African perspectives and moral traditions in the search for a third way in finding an inclusive and integrated pastoral art of accompaniment is very compelling The authors here also call for the inclusion of Africa's own unique challenges like polygamy childless marriages and the impact of migration civil conflict diseases ecological and population crises and the rights of African women in the global discussion on marriage and family life They also challenge uncritical clichés in world Christianity that Africa's opposition to same sex marriages or Western propaganda about population or birth control and contraception are conservative while showing diverse African conversations on these topics in the search for abundant life on this beautiful continent

of Colin E Gunton 1941 2003 and Oswald Bayer b 1939 Their use of the doctrine of creation in systematic theology has remarkable consequences for late modern theological ethics This book explores those consequences from the example of the theological doctrine of marriage The author also contributes to the ecumenical debate by building on the Neo Calvinist theological heritage Sexual Reformation? Manitza Kotze,Nadia Marais,Nina Muller van Velden,2022-02-28 Inasmuch as sex and sexuality are not words often spoken from pulpits and in academic theological circles a vast number of utterances have been made in the name of so called Christian values and biblical views on sex and sexuality These are often given from moral ethical perspectives and seemingly very prescriptive who should have sex with whom when sex should take place which purposes sex should serve and especially when sex is wrong Moreover often there is little or no recognition of the complexities surrounding human sexuality resulting in what appears to be a blueprint for sexuality applicable to all persons This volume contains fourteen theological and ethical reflections by South African scholars on human sexuality with the aim of exploring what a sexual reformation within Christian dialogue might entail Presented in three sections namely systematic theological reflections biblical reflections and ethical reflections the essays represent a range of topics from a variety of perspectives Luther and marriage sexual abuse in the Catholic Church body theology and the sexual revolution reproductive technologies sexuality and reproduction reproductive loss hermeneutical choices and gender reformation in South Africa queer engagements with bra Joseph explorations on Paul and sex rape culture and violent deities the church s moral authority and sexual ethics practical theological considerations regarding infertility empirical research on masculinities in Zambia and the lived experience of transgender people in African Independent Churches *Human Sexuality in the Catholic Tradition* Kieran Scott,Harold Daly Horell,2007 Contemporary culture provides conflicting and confusing messages about the meaning and purpose of human sexuality and often sex education that is offered often does not promote a mature integrated understanding of sexuality Human Sexuality in the Catholic Tradition meets the great need for pastoral guidance in addressing moral issues of sexuality in both the Church and broader culture today Kieran Scott and Harold Horell explore with other leading scholars how to draw from the best Christian faith traditions to renew our understanding of sexuality explore the integration of our sexuality and our spirituality and develop life affirming and life sustaining ways of approaching contemporary sexual issues This book explores sexuality from spiritual psychological moral and ministerial perspectives and addresses specific issues such as sex and marriage celibacy homosexuality and cohabitation *Divine Communion* Jay Emerson Johnson,2013-10-01 Food sex and God these intertwine at the heart of Christian faith and practice This book invites Christian communities to reflect theologically and spiritually on the desire for God and the desire for sexual intimacy as the same fundamental desire for communion This is likewise God s own desire to be in communion with us which Christians celebrate whenever we share a simple meal of bread and wine at the Eucharistic table The longing for intimacy and its disruptions echo throughout our political contestations economic systems racial and ethnic conflicts and ecological crises In

no small measure the vitality of Christian witness to the Gospel in the twenty first century depends on exploring the depths of desire itself in the ancient hope for Divine Communion made new **Marriage and Life After Death** Anthony

Onyekwe,2015-01-29 In Africa the emphasis on family marriage and offspring suggest that there is a kind of an unwritten ancestral law that imposes on every male the duty of begetting a son The reason is because the core of African soteriology is centered on offspring The predicament of the childless couples therefore stems from the desire for immortality and salvation that culminates in the admission of the dead into the ancestral world This quest for salvation and immortality constitute social emotional psychological and spiritual problems for Christian as well as non Christian childless couples
