*Women and Family Life in Early Modern German Literature* Elisabeth Wåghäll Nivre, 2004 A study of the discourse of gender in 16th century German popular literature Writers of sixteenth century German popular literature took great interest in describing debating commenting on and prescribing gender roles and discourses of gender can be traced in texts of all kinds from this period This book focuses on popular works by Georg Wickram Jakob Frey Martin Montanus and Johann Fischart all of whom published novels joke books plays and or moral treatises on marriage and family life in Strasbourg in the sixteenth century Their works express not only their own ideas on women s roles as wives and mothers but also societal values at a time of religious political and cultural change The view of gender issues provided by these writers is not a simple one as they ascribed widely varying characteristics to woman and her relationship to man The book thus analyzes the social and cultural construction of the concept of woman as indicated not only by the narrators comments but also by the relationships and roles of men and women characters in the narratives Overall the focus is on the disparities that persisted in the sixteenth century discourse of gender confusing all attempts to arrive at definitive gender roles In the end the study argues for something that can best be described as a flowing continuity or a continuous flow in the discourses that form the sixteenth century concepts of woman and man Elisabeth Wåghäll Nivre is associate professor of German at Växjö University Sweden
